## **QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING**

### **Why is the annual meeting held in a virtual, online-only format this year?**

We are holding our 2020 annual meeting in a virtual, online-only format this year due to the potential travel and community gathering impacts of the novel coronavirus outbreak (COVID-19). We believe that the virtual meeting format will facilitate stockholder attendance and participation at the annual meeting during the COVID-19 pandemic by enabling stockholders to participate remotely from any location.

### **What is the purpose of the annual meeting?**

Our 2020 Annual Meeting will be held for the following purposes:

1. To elect the eleven nominees named in this proxy statement for director to hold office until the 2021 annual meeting of our stockholders.
2. To ratify the selection by the Audit Committee of the Board of Directors of Cherry Bekaert LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2020.
3. To transact such other business as may properly come before the meeting or any adjournments of the meeting.

### **Who can vote?**

You may vote if you were a stockholder of Galectin Therapeutics as of the close of business on the record date, October 13, 2020. Shares outstanding on the record date are the following:

- 57,077,055 shares of common stock, par value \$0.001 per share (“Common Stock”)
- 1,302,500 shares of Series A 12% Convertible Preferred Stock, par value \$0.01 per share (“Series A Preferred Stock”).

The shares of Series A Preferred Stock vote on an as-converted basis with the shares of Common Stock. The shares of our Series C Super Dividend Convertible Preferred Stock, par value \$0.01 per share (“Series C Preferred Stock”) do not have voting rights prior to conversion to Common Stock. The shares of the Series A Preferred Stock and the Series C Preferred Stock are hereafter referred to as the “Preferred Stock”.

### **How many votes do I have?**

Each share of our Common Stock that you own on the record date entitles you to one vote on each matter subject to a vote. Each share of Series A Preferred Stock that you own on the record date entitles you to one-sixth vote (i.e. six shares of Series A Preferred Stock equals one vote) on each matter that is submitted to a vote of holders of our Common Stock.

Directors and executive officers of Galectin Therapeutics own or control the voting of 16,541,461 shares of Common Stock or the common equivalent of voting Preferred Stock, representing approximately 29% of the total outstanding voting shares at the record date. We expect all of these shares will be voted **FOR** all of the proposals as described in this proxy statement.

## How do I vote?

If you are the record holder of your shares, meaning that you own your shares in your own name and not through a bank or brokerage firm, you may vote as follows:

1. **You may vote by mail.** You may vote by completing and signing the proxy card enclosed with this proxy statement (or by requesting a paper copy of the materials if you only received an electronic version) and promptly mailing it in the enclosed postage-prepaid envelope. You do not need to put a stamp on the enclosed envelope if you mail it from the United States. The shares you own will be voted according to your instructions on the proxy card you mail. If you return the proxy card, but do not give any instructions on a particular matter described in this proxy statement, the shares you own will be voted in accordance with the recommendations of our Board of Directors.
2. **You may vote by Internet prior to the 2020 Annual Meeting.** You may vote over the Internet as instructed on the proxy card enclosed with this proxy statement and accessing [www.proxyvote.com](http://www.proxyvote.com). The shares you own will be voted according to your instructions on the proxy card submitted electronically. If you return the proxy card, but do not give any instructions on a particular matter described in this proxy statement, the shares you own will be voted in accordance with the recommendations of our Board of Directors.
3. **You may vote during the 2020 Annual Meeting.** If you attend the 2020 Annual Meeting virtually by visiting [www.virtualshareholdermeeting.com/GALT2020](http://www.virtualshareholdermeeting.com/GALT2020) at 11:00 a.m. Eastern Standard Time on December 3, 2020, you may vote during the 2020 Annual Meeting. You will need the 16-digit control number included on your notice of Internet availability of the proxy materials, on your proxy card or on the instructions that accompanied your proxy materials.

## How does the Board of Directors recommend that I vote on the proposals?

The Board of Directors recommends that you vote:

**FOR** the election of each of the eleven nominees to serve as directors on the Board of Directors until our 2021 annual meeting of stockholders.

**FOR** the ratification of the selection of Cherry Bekaert LLP, as our independent registered public accounting firm for the 2020 fiscal year.

## Is my vote important?

Your vote is important no matter how many shares you own. Please take the time to vote. Take a moment to read the instructions in this proxy statement. Choose the way to vote that is the easiest and most convenient for you and cast your vote as soon as possible.

## What if I return a proxy card but do not make specific choices?

Any proxy card returned without directions given will be voted (1) **“FOR”** the election of the nominees presented in this proxy statement to the Board of Directors, (2) **“FOR”** the ratification of the appointment of Cherry Bekaert LLP as our independent registered public accounting firm to audit the financial statements for our 2020 fiscal year, and (3) as to any other business that may come before the 2020 Annual Meeting, in accordance with the judgment of the person or persons named in the proxy.

## Will my shares be voted if I do not provide my proxy?

Your shares may be voted if they are held in the name of a brokerage firm, even if you do not provide the brokerage firm with voting instructions. Brokerage firms have the authority to vote shares for which their customers do not provide voting instructions on certain “routine” matters.

The proposal to ratify the selection of Cherry Bekaert LLP as our independent auditor for fiscal year 2020 is considered a routine matter for which brokerage firms may vote shares for which they have not received voting instructions. The election of directors is not considered “routine” under applicable rules. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a “broker non-vote.”

### **Can I change my vote after I have mailed my proxy card or after I have voted my shares?**

Yes. You can change your vote and revoke your proxy at any time before the polls close at the meeting by doing any one of the following things:

- signing another proxy with a later date;
- giving our Corporate Secretary, Jack W. Callicutt, written notice to that effect. He may be contacted at 4960 Peachtree Industrial Blvd., Suite 240, Norcross, GA 30071; telephone: 678-620-3186; e-mail: callicutt@galectintherapeutics.com;
- voting again prior to the time at which the Internet voting facilities close by following the procedures applicable to that method of voting, as directed on the enclosed proxy card; or
- attending the 2020 Annual Meeting virtually via the Internet and voting during the meeting.

### **How can I access the proxy materials over the internet?**

You may view and also download our proxy materials, including the 2019 Annual Report, our Form 10-K for the year ended December 31, 2019, and the Notice by accessing [www.proxyvote.com](http://www.proxyvote.com) and on our website at [www.galectintherapeutics.com](http://www.galectintherapeutics.com)

### **Who pays for the solicitation of Proxies?**

The solicitation of proxies in the enclosed form is made on behalf of the Board of Directors. We pay all costs to solicit these proxies. Our officers, directors and employees may solicit proxies but will not be additionally compensated for such activities. We are also working with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of shares held of record by such institutions and persons. We will reimburse their reasonable expenses.

### **What is the quorum requirement?**

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least one-third of the outstanding shares entitled to vote are represented by stockholders present at the meeting or by proxy. On the record date, there were 57,294,139 shares of Common Stock outstanding or deemed outstanding based on voting rights of Series A Preferred Stock on an as-converted basis. Thus, 19,098,046 shares must be represented by stockholders present at the meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

### **What vote is required for each item to pass?**

***Election of Directors.*** Directors are elected by a plurality of the votes cast by the holders of shares entitled to vote in the election. There are eleven nominees and eleven positions to be filled; this means that the eleven individuals receiving the most votes will be elected. Abstentions and broker non-votes will not be relevant to the outcome.

***Ratification of independent registered public accounting firm.*** The votes cast “for” must exceed the votes cast “against” in order to ratify the selection of Cherry Bekaert LLP, as our independent registered public accounting firm. Abstentions will not be relevant to the outcome.

If your shares are held in street name and you do not provide voting instructions to your broker, bank or other nominee, your broker is entitled to vote your shares with respect to the proposal to ratify the selection of Cherry Bekaert LLP as our independent auditor for fiscal year 2020. Otherwise, they will be treated as broker non-votes and, except as noted above with respect to ratify the selection of Cherry Bekaert LLP as our independent auditor for fiscal year 2020, will not be counted for purposes of determining the outcome of a proposal. Abstentions and votes “withheld” are counted for the purpose of establishing a quorum.

### **What is “householding”?**

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process is called “householding.” This reduces the volume of duplicate information received at your household and helps to reduce costs. We may household your materials based on your prior express or implied consent. A number of brokerage firms have instituted householding. Once a stockholder has received notice from his or her broker that the broker will be householding communications to the stockholder’s address, householding will continue until the stockholder is notified otherwise or until one or more of the stockholders revokes his or her consent.

If you would like to receive your own set of our proxy statement and related materials now or in the future, or if you share an address with another Galectin Therapeutics stockholder and together both of you would like to receive only a single set of our proxy materials in the future, please contact your broker (if you hold your shares in “street name”). Be sure to indicate your name, the name of your brokerage firm or bank, and your account number(s). You can also request prompt delivery of a copy of the proxy statement and related materials by contacting our Corporate Secretary at Galectin Therapeutics, 4960 Peachtree Industrial Blvd., Suite 240, Norcross, GA 30071, Attention: Corporate Secretary; telephone: 678-620-3186; e-mail: callicutt@gallectintherapeutics.com.

### **How and when may I submit a stockholder proposal for next year’s annual meeting?**

To be considered for inclusion in next year’s proxy materials, your proposal must be submitted in writing to our Corporate Secretary at 4960 Peachtree Industrial Blvd., Suite 240, Norcross, GA 30071. With respect to proposals made pursuant to Rule 14a-8 promulgated under the Securities Exchange Act of 1934 (the “Exchange Act”), the proposal must be received by our Corporate Secretary by June 19, 2021 for inclusion in our proxy statement and form of proxy. In addition, all stockholder proposals submitted outside of the stockholder proposal rules promulgated pursuant to Rule 14a-8 under the Exchange Act, including nominations of director candidates, must be received by our Corporate Secretary by no later than September 4, 2021 nor earlier than August 5, 2021, in order to be considered timely.

Notwithstanding the foregoing, if the date of the 2021 annual meeting of stockholders is scheduled to take place on a date that is more than 30 calendar days from the one year anniversary of the 2020 Annual Meeting of Stockholders, then we will promptly disclose, by filing a current report on Form 8-K, the date by which a nominating stockholder or nominating-stockholder group must submit a proposal to us (i) pursuant to Rule 14a-8 promulgated under the Exchange Act or (ii) outside of the stockholder proposal rules promulgated pursuant to Rule 14a-8 under the Exchange Act, including nominations of director candidates.

You are also advised to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

**Where can I find the voting results?**

We will report the voting results on Form 8-K within four business days after the end of our 2020 Annual Meeting of stockholders. If final voting results are not available to us in time to file a current report on Form 8-K within four business days after the 2020 Annual Meeting, we intend to file a current report on Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional current report on Form 8-K to publish the final results.

## SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of October 1, 2020, certain information concerning the beneficial ownership of our Common Stock and Series A Preferred Stock by (i) each person known by us to own beneficially five percent (5%) or more of the outstanding shares of each class, (ii) each of our directors, new director nominee and named executive officers, and (iii) all of our executive officers, directors and new director nominee as a group. The table also sets forth, in its final column, the combined voting power of the voting securities on all matters presented to the stockholders for their approval at the 2020 Annual Meeting.

The number of shares beneficially owned by each 5% stockholder, director or executive officer is determined under the rules of the Securities and Exchange Commission, or SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under those rules, beneficial ownership includes any shares as to which the individual or entity has sole or shared voting power or investment power and also any shares that the individual or entity has the right to acquire within 60 days after October 13, 2020 through the exercise of any stock option, warrant or other right, or the conversion of any security. Unless otherwise indicated, each person or entity has sole voting and investment power (or shares such power with his or her spouse) with respect to the shares set forth in the following table. The inclusion in the table below of any shares deemed beneficially owned does not constitute an admission of beneficial ownership of those shares.

Borrowings bear interest at the Applicable Federal Rate for short term loans published by the Internal Revenue Service (2.7% in January 2019). All borrowings and interest are due on December 31, 2019 but may be prepaid without penalty. In connection with the Line of Credit agreement, the Company issued to Mr. Uihlein warrants to purchase 1 million shares of the Company's common stock for \$5 per share. Half of the warrants vested at closing of the Line of Credit and the other half vest ratably with borrowings under the agreement. As of the date of this Annual Report, there have been no borrowings under the Line of Credit.

On December 20, 2018, the Line of Credit arrangement was extended for one year for both borrowings and maturity. Further, on January 15, 2019, the Line of Credit arrangement was extended for an additional two years for both borrowings and maturity. After the second amendment to the Line of Credit arrangement, borrowings may be made through December 31, 2021 with repayment due on December 31, 2022. There was no additional consideration or benefits provided to Mr. Uihlein for any of the extensions of the Line of Credit.

### **Compensation Committee Interlocks and Insider Participation**

None of our executive officers or directors serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors or Compensation Committee.

## **Director Nomination Process**

The Nominating and Corporate Governance, or Nominating Committee, is responsible for, among other things, selection of candidates for the annual slate of directors other than nominees, if any, nominated by parties that have a contractual right to nominate persons for election. For the 2020 Annual Meeting, 10X Fund L.P., pursuant to its contractual right under warrants that it holds, nominated James C. Czirr, who has been a director since February 2009. Mr. Czirr's nomination has been accepted by each of the Nominating Committee and the Board.

When identifying and evaluating candidates, the Nominating Committee first determines whether there are any evolving needs of the Board that require an expert in a particular field. The Nominating Committee may retain a third-party search firm to assist it in locating qualified candidates that meet the needs of the Board at that time. The search firm would provide information on a number of candidates, which the Nominating Committee discusses. The Nominating Committee chair and some or all of the members of the Nominating Committee, and the Chief Executive Officer, will interview potential candidates that the Nominating Committee deems appropriate. If the Nominating Committee determines that a potential candidate meets the needs of the Board, has the qualifications, and meets the independence standards required by NASDAQ rules, it will recommend the nomination of the candidate to the Board. It is the Nominating Committee's policy to consider director candidates recommended by stockholders, if such recommendations are properly submitted to the Company. Stockholders wishing to recommend persons for consideration by the Nominating Committee as nominees for election to the Board can do so by writing to the Corporate Secretary of Galectin Therapeutics Inc. at 4960 Peachtree Industrial Blvd., Suite 240, Norcross, GA 30071. Recommendations must include the proposed nominee's name, biographical data and qualifications, as well as a written statement from the proposed nominee consenting to be named and, if nominated and elected, to serve as a director. Recommendations must also follow the Company's procedures for nomination of directors by stockholders (see the information under the subheadings "Nominating and Corporate Governance Committee" and "Criteria and Diversity"). The Nominating Committee will consider the candidate and the candidate's qualifications in the same manner in which it evaluates nominees identified by the Nominating Committee. The Nominating Committee may contact the stockholder making the nomination to discuss the qualifications of the candidate and the stockholder's reasons for making the nomination. The Nominating Committee may then interview the candidate if it deems the candidate to be appropriate. The Nominating Committee may use the services of a third-party search firm to provide additional information about the candidate prior to making a recommendation to the Board.

The Nominating Committee's nomination process is designed to ensure that the Nominating Committee fulfills its responsibility to recommend candidates who are properly qualified to serve the Company for the benefit of all of its stockholders, consistent with the standards established by the Nominating Committee under our corporate governance principles. The Nominating Committee did not receive any director nominee recommendations from stockholders for the 2020 Annual Meeting.

## **Communication with the Board**

The Board and management encourage communication from our stockholders. Stockholders who wish to communicate with our management should direct their communication to the Corporate Secretary of the Company, 4960 Peachtree Industrial Blvd., Suite 240, Norcross, GA 30071. Stockholders, or other interested parties, who wish to communicate with the non-management directors or any individual director should direct their communication c/o the Corporate Secretary at the address above. The Secretary will forward communications intended for the Board to the Chairman of the Nominating and Corporate Governance Committee of the Board, currently Dr. Amelio, or, if intended for an individual director, to that director. If multiple communications are received on a similar topic, the Secretary may, in his or her discretion, forward only representative correspondence. Any communications that are abusive, in bad taste or present safety or security concerns may be handled differently.

## **Board Leadership Structure**

Our Board structure, which separates the positions of Chairman and Chief Executive Officer, allows the Chairman to focus on the management of the Board of Directors and the CEO to focus on the management of the Company and the research and clinical trials that it is undertaking. Independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside the Company and industry. Our Chief Executive Officer brings company-specific experience and expertise and a scientific background. The Board believes that the separation of the roles of the Chairman and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance.

## **Executive Sessions**

Pursuant to our corporate governance principles or as required by NASDAQ rules, non-management directors of the Board meet from time to time without the presence of management. The Chairman generally chairs these sessions.

## **Meeting Attendance**

During 2019, there were 12 meetings of the Board. Each currently serving director attended at least 75% of the total meetings of the Board and committees of the Board of which the director was a member, during the time such person was a director. In addition to participation at Board and committee meetings, our directors discharge their responsibilities throughout the year through personal meetings and other communications, including considerable telephone contact with the Chairman and Chief Executive Officer and others regarding matters of interest and concern to the Company.

We do not have a formal policy requiring members of the Board to attend the annual meeting, although all directors are strongly encouraged to attend. At the 2019 annual meeting of stockholders, all of the then current board members were present.

## **Risk Management**

The Board has an active role, as a whole and also at the committee level, in overseeing management of our risks. The Board regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. The Compensation Committee of our Board is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Audit Committee of our Board oversees management of financial risks. The Nominating and Corporate Governance Committee of our Board manages risks associated with the independence of the Board members and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

We believe that any risks arising from our policies and programs are not reasonably likely to have a material adverse effect on the Company. Our programs reflect sound risk management practices including:

- Use of multiple compensation vehicles that provide a balance of long- and short-term incentives with fixed and variable components; and
- Equity incentive awards that generally vest over several years, so while the potential compensation payable for equity incentive awards is tied directly to appreciation of our stock price, taking excessive risk for a short term gain is discouraged because it would not maximize the value of equity incentive awards over the long-term.

## **Criteria and Diversity**

In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees (other than the candidate nominated by 10X Fund L.P.), the Nominating and Corporate

Governance Committee will apply the criteria set forth in governance guidelines. These criteria include the candidate's integrity, business acumen, age, experience, commitment, diligence, conflicts of interest and the ability to act in the interests of all stockholders. Our guidelines specify that the value of diversity on the Board should be considered by the Nominating and Corporate Governance Committee in the director identification and nomination process. The Nominating and Corporate Governance Committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria, and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

### **Report of the Audit Committee**

The Audit Committee is responsible for providing independent, objective oversight of Galectin Therapeutics' accounting functions and internal control over financial reporting. The Audit Committee has reviewed and discussed audited financial statements for Galectin Therapeutics with management. The Audit Committee also has discussed with Cherry Bekaert LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, *Communication With Audit Committees* (as amended), which includes, among other items, matters related to the conduct of the annual audit of our Company's financial statements. The Audit Committee has also received and reviewed the written disclosures and the letter from Cherry Bekaert LLP, as required by applicable requirements of the Public Company Accounting Oversight Board, regarding the communications by Cherry Bekaert LLP with the Audit Committee concerning independence, and has discussed with Cherry Bekaert LLP its independence from Galectin Therapeutics.

Based upon the review and discussions referred to above, the Audit Committee recommended to our Board of Directors that the audited financial statements of Galectin Therapeutics for the 2019 fiscal year be included in the Annual Report filed on Form 10-K for the year ended December 31, 2019.

By the Audit Committee of the Board of Directors of Galectin Therapeutic Inc.

### EXECUTIVE COMPENSATION

#### COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee is responsible for creating and reviewing the compensation of the Company’s executive officers, as well as overseeing the Company’s compensation and benefit plans and policies and administering the Company’s equity incentive plans. The following Compensation Discussion and Analysis (“CD&A”) describes our 2019 executive compensation program and explains the Company’s compensation philosophy, policies, and practices, focusing primarily on the compensation of our named executive officers, or NEOs. This CD&A is intended to be read in conjunction with the tables that follow, which provide detailed historical compensation information for our following NEOs:

<u>Name</u>	<u>Title</u>
Harold H. Shlevin, Ph.D. ....	Chief Executive Officer and President
Jack W. Callicutt .....	Chief Financial Officer

## **Compensation Philosophy**

The Company believes in providing a competitive total compensation package to its executives through a combination of base salary, annual performance bonuses, and long-term equity awards. The executive compensation program is designed to achieve the following objectives:

- provide competitive compensation that will help attract, retain and reward qualified executives;
- align executives' interests with our success by making a portion of the executive's compensation dependent upon corporate performance; and
- align executives' interests with the interests of stockholders by including long-term equity incentives.

The Compensation Committee believes that the Company's executive compensation program should include annual and long-term components, including cash and equity-based compensation, and should reward consistent performance that meets or exceeds expectations. The Compensation Committee evaluates both performance and compensation to make sure that the compensation provided to executives remains competitive relative to compensation paid by companies of similar size and stage of development operating in the life sciences industry and taking into account the Company's relative performance and its own strategic objectives.

## **Executive Compensation Review and Design**

The Company has historically conducted a review of the aggregate level of its executive compensation, as well as the mix of elements used to compensate its NEOs. The Company has based this review primarily on the experience of the members of the Compensation Committee and our Board, many of whom sit on the boards of directors of, or have previously advised, numerous companies, including companies in the life sciences industry.

At our 2019 annual meeting of stockholders approximately 86% of our outstanding common stock voting on the matter voted in favor of the compensation of our NEOs, as disclosed in the proxy materials for the 2019 annual meeting. At our 2019 annual meeting, the holders of approximately 78% of our outstanding common stock voting on the matter voted in favor of holding the stockholder advisory vote every three years. As a result of such vote, our Board decided to hold the "Say-on-Pay" advisory vote every three years. Accordingly, the Company's next "Say-on-Pay" advisory vote on the compensation of our NEOs will be held at our 2022 annual meeting of stockholders.

In 2014 and 2015, the Compensation Committee undertook a review of our compensation policies and practices and retained the compensation consulting firm of Barney & Barney LLC to provide compensation information and analysis with respect to the life science and healthcare industry and with respect to our peer companies within the industry. Barney & Barney LLC reviewed information from industry and other sources, surveys and databases, including publicly-available compensation information of other companies with which we compete, to gauge the competitiveness of our compensation programs. Barney & Barney LLC then reported its findings to the Compensation Committee, with recommendations to bring the Company's executive compensation closer to the 50<sup>th</sup> percentile of the total compensation of our competitor companies. These findings continued to inform the Compensation Committee's decisions on compensation in subsequent years, including 2019.

The Compensation Committee plans to use a compensation consultant in the future and to take into account publicly-available data relating to the compensation practices and policies of other companies within and outside our industry. For 2020 and future years, the Compensation Committee intends to benchmark its executive compensation program to target at least the 50<sup>th</sup> percentile of the total compensation programs of our competitor companies; however, adjusted as deemed to be in the best interest of the Company to assure retention of key employees as the Phase 3 clinical trial is designed and commenced.

## Elements of Executive Compensation

The compensation program for the Company's NEOs consists principally of three components:

- base salary;
- performance and retention bonuses;
- long-term compensation in the form of equity-based awards.

### *Base Salary*

Base salary is the only fixed-pay component in our executive compensation program. Base salaries for the NEOs are initially established through arm's-length negotiation at the time the NEO is hired, taking into account such NEO's qualifications, experience, prior salary, the scope of his or her responsibilities, and known competitive market compensation paid by other companies for similar positions within the industry. Base salaries are reviewed annually and adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance, and experience. In making decisions regarding salary increases, the Company may also draw upon the experience of members of the Compensation Committee and the Board of Directors, many of whom sit on the boards of directors of, or have previously advised, numerous companies, including companies in the life sciences industry. The Compensation Committee has not previously applied specific formulas to determine increases. This strategy is consistent with the Company's intent of offering base salaries that are cost-effective while remaining competitive.

In June 2018 after the resignation of Dr. Traber from his position as Chief Executive Officer, President and Chief Medical Officer, the Compensation Committee reviewed the base salaries of our NEOs, taking into account the considerations described above. As a result, as a result of his election as Chief Executive Officer and President, Dr. Shlevin's base salary was adjusted to \$500,000 effective June 6, 2018. As a result of his election to Secretary, Mr. Callicutt's base salary was adjusted to \$285,000.

<u>Name</u>	<u>2019 Base Salary</u>	<u>2018 Base Salary</u>
Harold H. Shlevin, Ph.D. . . . . .	\$500,000	\$500,000
Jack W. Callicutt . . . . .	\$285,000	\$285,000

For 2019, the Compensation Committee made no adjustments to the base salaries of our NEO's.

### *Performance Bonuses*

In addition to the payment of base salaries, the Company believes that annual performance bonuses can play an important role in providing appropriate incentives to its NEOs to achieve the Company's strategic objectives. In prior years, performance bonuses were awarded based on the Company's Employee Short-Term and Long-Term Incentive Program (the "Program"), which was adopted for executives and employees of the Company. The Program is a performance-based program and was adopted in recognition of the importance of aligning executive and employee interests with that of our stockholders. Our Program is designed to reward the efforts of our executives and employees and to be competitive in attracting and retaining them. There are two elements of the Program: (1) a short-term incentive in the form of cash bonuses and (2) a long-term incentive in the form of stock option grants. The cash bonus incentive is targeted to be up to 30% to 50% of the NEO's base salary as of the end of the applicable year. Half of each NEO's annual performance bonus is based upon achievement of the Company's documented performance objectives for the year and the other half is based upon achievement of individual performance objectives set for the year. The 2019 performance bonuses were paid in January 2020.

<u>Name</u>	<u>Performance Bonus Amount</u>	<u>Awarded Amount As % of Base Salary</u>
Harold H. Shlevin, Ph.D. . . . . .	\$215,625	43%
Jack W. Callicutt . . . . .	\$ 90,950	32%

In 2018, the Board approved potential cash incentive bonuses (the “Transaction Bonuses”) applicable only to employees who were employed by the Company on January 1, 2018, including Harold H. Shlevin and Jack W. Callicutt. The potential Transaction Bonuses are payable in connection with a Transaction (as defined below). A “Transaction” is (i) any licensing, development, partnership, or similar arrangements relating to any of the Company’s drug candidates (a “Partnership Transaction”) or (ii) the acquisition of the Company or any of its material assets (an “Acquisition Transaction”). The amounts payable pursuant to the Transaction Bonuses will be equal to 10% of the recipient’s base salary for each \$50 million payable to the Company or the Company’s shareholders, as applicable, pursuant to the Transaction to the extent paid in cash or marketable securities, up to a maximum payment of 300% of base salary. If Transaction is a Partnership Transaction and payments to the Company are deferred or otherwise made over time, the amount of the Transaction Bonuses will be based on the Board’s reasonable estimate of the value of the Transaction. To be entitled to receive a Transaction Bonus, if the Transaction is an Acquisition Transaction, an individual must be employed by the Company on the date the Transaction is consummated, or, if the Transaction is a Partnership Transaction, an individual must be employed by the Company on the date that the definitive transaction agreement(s) are executed. No Transaction Bonuses were earned in 2019.

Additionally, the Board also approved retention bonuses payable to certain employees of the Company, including Dr. Shlevin and Mr. Callicutt, equal to 25% of such employee’s base salary (the “Retention Bonuses”) if such employees remained employed by the Company on each of June 30, 2019, December 31, 2019, June 30, 2020 and December 31, 2020 and based upon the annualized salary level in effect on such date.

<u>Name</u>	<u>Retention Bonus Amount</u>	<u>Awarded Amount As % of Base Salary</u>
Harold H. Shlevin, Ph.D. . . . .	\$250,000	50%
Jack W. Callicutt . . . . .	\$142,500	50%

***Long-Term Incentive Compensation***

The Company believes that by providing its NEOs the opportunity to increase their ownership of Company stock, the interests of its NEOs will be more closely-aligned with the best interests of the Company’s stockholders and it will encourage long-term performance. The stock awards enable the NEOs to participate in the appreciation in the value of the Company’s stock, while personally participating in the risks of business setbacks.

Under the long-term incentive portion of the Program, the NEOs are granted options based upon achievement of the Company performance and individual performance objectives and rank in the Company. All option grants under the Program have been made under the 2009 Incentive Compensation Plan.

On January 16, 2019, the NEOs were awarded the options noted below based on 2018 performance. Of the options, 25% vest on each of June 30, 2019, December 31, 2019, June 30, 2020 and December 31, 2020. The exercise price of the options is set at the closing price of our stock as of the grant date.

<u>Name</u>	<u>Grant Date</u>	<u>Number of Securities Underlying Options</u>	<u>Exercise Price</u>
Harold H. Shlevin, Ph.D. . . . .	1/16/2019	70,000	\$4.72
Jack W. Callicutt . . . . .	1/16/2019	50,000	\$4.72

***Material Terms of Employment Contracts of Named Executive Officers***

Set forth below are descriptions of the principal terms of the employment agreements for each of our NEOs. Each employment agreement provides for post-termination restrictive covenants and payments due upon termination of employment or change in control of the Company, which is provided in further detail under the section entitled “Potential Payments Upon Termination or Change in Control.”

*Harold H. Shlevin, Ph.D., Chief Executive Officer*

We entered into an amended and restated employment agreement with Dr. Shlevin on December 11, 2014. The agreement provides for an initial term from December 11, 2014 through December 31, 2015, and automatically renews for additional one-year periods, unless otherwise terminated by either party. In accordance with the terms of the agreement, Dr. Shlevin received a base salary of \$230,000 per year beginning in 2015 and received an annual performance bonus based on attainment of one or more pre-established individual and/or Company performance goals established by the Compensation Committee. Effective March 31, 2015, Dr. Shlevin's annual base salary was increased to \$250,000 and was increased again to \$260,000 in February 2016. Dr. Shlevin's target performance bonus opportunity in a given year may not be less than 30% of his base salary in such year.

On June 8, 2018, we entered into a first amendment to the employment agreement with Dr. Shlevin in recognition of his appointment as Chief Executive Officer and President of the Company. In accordance with the amendment, Dr. Shlevin will receive a base salary of \$500,000, was granted 35,000 stock options as noted above, and his target bonus opportunity was increased to 50% of his base salary.

*Jack W. Callicutt, Chief Financial Officer*

We entered into an employment agreement with Mr. Callicutt dated July 1, 2013 (the "Callicutt Employment Agreement"), in conjunction with Mr. Callicutt's appointment as our Chief Financial Officer. Pursuant to the terms of the Callicutt Employment Agreement, Mr. Callicutt received an initial base salary of \$175,000 and was eligible to receive a performance bonus equal to 20% of his base salary. Effective March 31, 2015, Mr. Callicutt's annual base salary was increased to \$240,000, and his annual base salary was increased again to \$260,000 in February 2016. In June 2018, Mr. Callicutt's annual base salary increased to \$285,000. He also received a signing bonus of \$10,000. In addition to his cash compensation, the Company awarded Mr. Callicutt a grant of options to purchase 200,000 shares of the Company's Common Stock at an exercise price equal to the closing price of the Company's Common Stock on July 1, 2013, with 25,000 shares vesting on December 31, 2013, 50,000 shares vesting on December 31, 2014, 50,000 shares vesting on December 31, 2015 and 75,000 shares vesting on December 31, 2016. The options were granted pursuant to the 2009 Incentive Compensation Plan and expire ten years after the date of grant.

On August 11, 2017, we entered into an amendment to the Callicutt Employment Agreement with Mr. Callicutt (the "Amendment"). Pursuant to the Amendment, (i) Mr. Callicutt's target bonus opportunity was increased to 30% of his base salary and (ii) an error in the severance provision of the Callicutt Employment Agreement was corrected. Prior to the Amendment, the Callicutt Employment Agreement did not provide for any severance if Mr. Callicutt's employment was terminated by the Company "without cause," or by Mr. Callicutt for "good reason" after the date that was 24 months after the Commencement Date.

***Employee Benefits & Perquisites***

From time to time, the Company has provided the NEOs with employee benefits and perquisites that our Board believes are reasonable. Our NEOs are eligible to participate in the same broad-based employee benefit plans that are offered to our other employees, such as health insurance, disability insurance, life insurance and a 401(k) plan. These benefits are provided as part of the basic conditions of employment for all of our employees, and therefore providing them to our NEOs does not represent a significant incremental cost to us. The Company does not view employee benefits and perquisites as a significant element of its comprehensive compensation structure, but does believe they can be useful in attracting, motivating, and retaining the executive talent for which the Company competes. The Company believes that these additional benefits may assist the NEOs in performing their duties and provide time efficiencies for the NEOs in appropriate circumstances, and the Company may consider providing additional employee benefits and perquisites in the future. All future practices regarding employee benefits and perquisites will be approved and subject to periodic review by the Compensation Committee.

## COMPENSATION COMMITTEE REPORT

*The following report is not deemed to be “soliciting material” or to be “filed” with the SEC or subject to the SEC’s proxy rules or the liabilities of Section 18 of the Exchange Act, and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by us under the Securities Act of 1933, as amended, or the Exchange Act.*

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this proxy statement. ### **Pension Benefits**

None of our NEOs are covered by a pension plan or similar benefit plan that provides for payment or other benefits at, following, or in connection with retirement.

### **Nonqualified Deferred Compensation**

None of our NEOs are covered by a deferred contribution or other plan that provides for the deferral of compensation on a basis that is not tax qualified.

### **Potential Payments Upon Termination or Change in Control**

This section describes the limited benefits that would be provided to our NEOs under our executive compensation plans upon a change of control of the Company or following termination of employment (provided, in some cases further described below, the termination must be a “separation from service” as defined in Code Section 409A). We also provide a table below showing the potential benefits payable to each of our NEOs upon a change of control of the Company or following termination of employment as of December 31, 2019.

### ***2009 Incentive Compensation Plan***

Under our 2009 Incentive Compensation Plan, the options we have granted will become immediately vested and exercisable upon a change of control. Upon termination of employment for cause, all outstanding options immediately terminate. Options remain exercisable for one year following termination due to the executive’s death or disability or retirement, or for twelve months after termination for any other reason other than for cause.

Under the 2009 Incentive Compensation Plan, change of control is defined as:

- (1) the acquisition of beneficial ownership of 50% or more of either the value of then outstanding equity securities of the Company or the combined voting power of our securities, except for any acquisition directly from us, any acquisition by us or any person that owns a controlling interest in the Company, or any acquisition by any of our employee benefit plans;
- (2) during any period of three consecutive years, a majority of the Board is no longer comprised of individuals who, as of the beginning of that period, constituted our Board and individuals whose nomination for election was approved by the Board;
- (3) a reorganization, merger, statutory share exchange or consolidation or similar transaction, a sale or other disposition of all or substantially all of the assets of the Company, or the acquisition of assets or equity of another entity by the Company, in each case unless (i) substantially all of the owners, respectively, of our outstanding shares of Common Stock or the combined voting power of our securities immediately before the transaction beneficially own more than 50% of, respectively, the Common Stock and the combined voting power of the securities of the resulting corporation, in substantially the same proportions as their ownership immediately prior to the transaction, (ii) no person owns 50% of, respectively, the Common Stock and the combined voting power of the securities of the resulting corporation, unless such ownership existed prior to the transaction and (iii) at least a

majority of the members of the board of directors of the resulting entity were members of the Board of Directors of the Company at the time of the execution of the initial agreement or of the action of the Board providing for such transaction ; or

(4) approval by the stockholders of a complete liquidation or dissolution of the Company.

“Disability” is defined as a permanent and total disability (within the meaning of Code Section 22(e)), as determined by a medical doctor satisfactory to the Compensation Committee.

“Cause” means (i) the failure by the executive to perform, in a reasonable manner, his or her duties as assigned by the Company, (ii) any violation or breach by the executive of his or her employment, consulting or other similar agreement with the Company, if any, (iii) any violation or breach by the executive of any non-competition, non-solicitation, non-disclosure and/or other similar agreement with the Company, (iv) any act by the executive of dishonesty or bad faith with respect to the Company, (v) use of alcohol, drugs or other similar substances in a manner that adversely affects the executive’s work performance, or (vi) the commission by the executive of any act, misdemeanor, or crime reflecting unfavorably upon the executive or the Company.

### ***2009 Incentive Compensation Plan***

The 2019 Equity Incentive Plan does not automatically accelerate vesting upon a Change in Control. Instead, it provides that any unvested award will be canceled upon closing of a merger, consolidation or sale of substantially all of the stock of the Company, unless the award is assumed by the surviving company, replaced with an equivalent award granted by the surviving company or the Company’s Compensation Committee exercises discretion to accelerate the vesting of any such awards connection with such transaction.

### ***Potential Payments Upon Termination or Change of Control Under Our Named Executive Officers’ Employment Contracts***

#### ***Harold H. Shlevin, PhD***

Dr. Shlevin’s employment agreement provides that he shall receive severance equal to nine months of his then base salary paid in a lump sum, medical coverage for the remaining portion of the term of his agreement and a lump sum payment of a portion of the performance bonus for the then-current year based on the number of days elapsed in the year if his employment is terminated (i) by the Company “without cause,” (ii) by Dr. Shlevin for “good reason,” or (iii) following a “change of control” (as defined in his agreement). If his employment is terminated “for cause”, subject to “cure rights” in certain instances, he is not entitled to severance. If the agreement is terminated within 12 months after a change of control by the Company “without cause,” or by Dr. Shlevin for “good reason,” Dr. Shlevin is entitled to receive severance equal to 24 months’ salary paid in a lump sum, medical coverage for the remaining portion of the term of his agreement and immediate vesting of all unvested options.

(the “Commencement Date”); 6 months’ base salary if such termination occurred between 12 and 18 months after the Commencement Date; 9 months’ base salary if such termination occurs after 18 months after the Commencement Date, plus, in each case, a portion of the performance bonus for the then-current year based on the number of days elapsed in the year. If Mr. Callicutt’s employment is terminated “for cause”, subject to “cure rights” in certain instances, he is not entitled to severance. If the Callicutt Employment Agreement, as amended, is terminated within 12 months after a change of control by the Company “without cause,” or by Mr. Callicutt for “good reason,” Mr. Callicutt shall receive severance equal to 12 months’ base salary, a portion of the performance bonus for the then-current year based on the number of days elapsed in the year and immediate vesting of all unvested options.

The Callicutt Employment Agreement, as amended, provides that during its term, Mr. Callicutt shall not engage in any business competitive with the Company. Following termination of employment, Mr. Callicutt shall not, for 18 months (i) solicit customers or employees of the Company or (ii) render services to any “competing business” (as defined in the agreement). The Callicutt Employment Agreement also contains provisions binding on Mr. Callicutt with respect to protection of our confidential information.

## ANNUAL REPORT

Our Annual Report on Form 10-K, filed with the SEC for the fiscal year ended December 31, 2019, may be obtained by our stockholders without charge, upon written request to our Corporate Secretary. You may also download a copy of our Annual Report on Form 10-K by visiting our corporate website at [investor.galactintherapeutics.com/financial-information](http://investor.galactintherapeutics.com/financial-information) or at [www.proxyvote.com](http://www.proxyvote.com).

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process is called "householding." This reduces the volume of duplicate information received at your household and helps to reduce costs. We may "household" your materials based on your prior express or implied consent. A number of brokerage firms have instituted householding. Once a stockholder has received notice from his or her broker that the broker will be householding communications to the stockholder's address, householding will continue until the stockholder is notified otherwise or until one or more of the stockholders revokes his or her consent.

If you would like to receive your own set of our proxy statement and related materials now or in the future, or if you share an address with another Galectin Therapeutics stockholder and together both of you would like to receive only a single set of our proxy materials in the future, please contact your broker (if you hold your shares in "street name"). Be sure to indicate your name, the name of your brokerage firm or bank, and your account number(s). You can also request prompt delivery of a copy of the proxy statement and related materials by contacting our Corporate Secretary at Galectin Therapeutics, 4960 Peachtree Industrial Blvd., Suite 240, Norcross, GA 30071, Attention: Corporate Secretary; telephone: 678-620-3186; e-mail: [callicutt@galactintherapeutics.com](mailto:callicutt@galactintherapeutics.com).
