We are holding the meeting for the following purposes, which are more fully described in the accompanying proxy statement:

In addition, stockholders may be asked to consider and vote upon such other business as may properly come before the meeting or any adjournment or postponement thereof.

Only stockholders of record at the close of business on March 10, 2023, are entitled to receive notice of, and to vote at, the meeting and any adjournments thereof. On or about March 24, 2023, we expect to mail to stockholders a Notice of Internet Availability of Proxy Materials (the Notice of Internet Availability) containing instructions on how to access our proxy statement for the Annual Meeting and our Annual Report on Form 10-K for the fiscal year ended November 30, 2022. Stockholders can request the list of stockholders through our investor relations website at ir.nurixtx.com/shareholder-resources/contact-ir.

Your vote as a Nurix stockholder is very important. Each share of common stock that you own represents one vote.

PROXY STATEMENT FOR THE 2023 ANNUAL MEETING OF STOCKHOLDERS

May 4, 2023

INFORMATION ABOUT SOLICITATION AND VOTING

The accompanying proxy is solicited on behalf of the Board of Directors of Nurix Therapeutics, Inc. (Nurix, the company, we, us, or our) for use at Nurix's 2023 Annual Meeting of Stockholders (Annual Meeting) to be held via a virtual meeting. You will be able to participate in the Annual Meeting and vote during the Annual Meeting via live webcast by visiting www.virtualshareholdermeeting.com/NRIX2023 on Thursday, May 4, 2023, at 9:00 a.m. (Pacific Time), and any adjournment or postponement thereof. You will need the control number included on your proxy card or voting instruction form, or included in the e-mail to you if you received the proxy materials by e-mail, as such number will be required in order for stockholders to gain access to the virtual meeting.

We are making this proxy statement and the accompanying form of proxy and our Annual Report on Form 10-K for the fiscal year ended November 30, 2022, first available to stockholders on or about March 24, 2023. An electronic copy of this proxy statement and Annual Report on Form 10-K are available at <http://www.proxyvote.com>.

INTERNET AVAILABILITY OF PROXY MATERIALS

Under rules adopted by the Securities and Exchange Commission (SEC), we are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies to each stockholder. On or about March 24, 2023, we expect to send to our stockholders a Notice of Internet Availability of Proxy Materials (the Notice of Internet Availability) containing instructions on how to access our proxy materials, including our proxy statement and our Annual Report on Form 10-K. The Notice of Internet Availability also provides instructions on how to vote and includes instructions on how to receive paper copies of the proxy materials by mail, or an electronic copy of the proxy materials by email.

This process is designed to reduce our environmental impact and lower the costs of printing and distributing our proxy materials while providing our stockholders timely access to this important information. If you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability.

GENERAL INFORMATION ABOUT THE MEETING

Purpose of the Meeting

At the meeting, stockholders will act upon the proposals described in this proxy statement. In addition, we will consider any other matters that are properly presented for a vote at the meeting. We are not aware of any other matters to be submitted for consideration at the meeting. If any other matters are properly presented for a vote at the meeting, the persons named in the proxy, who are officers of the company, have the authority in their discretion to vote the shares represented by the proxy.

Record Date; Quorum

Only holders of record of Nurix common stock at the close of business on March 10, 2023, the record date, will be entitled to vote at the meeting. At the close of business on March 10, 2023, 47,445,354 shares of Nurix common stock were outstanding and entitled to vote.

The holders of a majority of the voting power of the shares of stock entitled to vote at the meeting as of the record date must be present or represented by proxy at the meeting in order to hold the meeting and conduct business. This presence is called a quorum. Your shares are counted as present at the meeting if you are present and vote online at the virtual meeting or if you have properly submitted a proxy. Abstentions, withhold votes, and broker non-votes are counted as shares present and entitled to vote for purposes of determining a quorum.

GENERAL PROXY INFORMATION

Voting Rights; Required Vote

Each holder of shares of Nurix common stock is entitled to one vote for each share of common stock held as of the close of business on March 10, 2023, the record date. You may vote all shares owned by you at such date, including (1) shares held directly in your name as the stockholder of record and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee or other nominee. Dissenters' rights are not applicable to any of the matters being voted on.

Stockholder of Record: Shares Registered in Your Name.

If on March 10, 2023, your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are considered the stockholder of record with respect to those shares. As a stockholder of record, you may vote at the meeting, or vote in advance through the internet or by telephone, or if you request to receive paper proxy materials by mail, by filling out and returning the proxy card.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee.

If on March 10, 2023, your shares were held in an account with a brokerage firm, bank or other nominee, then you are the beneficial owner of the shares held in street name. As a beneficial owner, you have the right to direct your nominee on how to vote the shares held in your account, and your nominee has enclosed or provided voting instructions for you to use in directing it on how to vote your shares. However, the organization that holds your shares is considered the stockholder of record for purposes of voting at the Annual Meeting. Because you are not the stockholder of record, you may not vote your shares at the Annual Meeting unless you request and obtain a valid proxy from the organization that holds your shares giving you the right to vote the shares at the Annual Meeting.

Required Vote.

Each director will be elected by a plurality of the votes cast, which means that the three individuals nominated for election to our Board of Directors at the Annual Meeting receiving the highest number of "FOR" votes will be elected. You may vote "FOR ALL," "WITHHOLD ALL," or vote "FOR ALL EXCEPT" one or more of the nominees you specify. You may not cumulate votes in the election of directors. Ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending November 30, 2023, will be decided by the affirmative vote of the holders of a majority of the voting power of the shares cast either "FOR" or "AGAINST" the proposal. Approval, on a non-binding advisory basis, of the compensation of our named executive officers will be obtained if the number of votes cast "FOR" the proposal exceeds the number of votes "AGAINST" the proposal.

Recommendations of the Board of Directors on Each of the Proposals Scheduled to be Voted on at the Meeting

The Board of Directors recommends that you vote "FOR ALL" nominees for the election of the Class III directors named in this proxy statement (Proposal 1); "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending November 30, 2023 (Proposal 2); and "FOR" the approval, on a non-binding advisory basis, of the compensation of our named executive officers, as disclosed in this proxy statement (Proposal 3).

None of the directors or executive officers has any substantial interest in any matter to be acted upon, other than Proposal 3 and elections to office with respect to the directors so nominated in Proposal 1.

Abstentions; Withholding; Broker Non-Votes

Abstentions occur when shares present at the Annual Meeting are marked "Abstain." Under Delaware law, abstentions are counted as present and entitled to vote for purposes of determining whether a quorum is present but are voted neither "for" or "against" a matter, and therefore, at the Annual Meeting, abstentions will have no effect on Proposals 1, 2 or 3.

A proxy submitted by a stockholder may indicate that the shares represented by the proxy are not being voted (stockholder withholding) with respect to a particular matter. In addition, a broker may not be permitted to vote on shares held in street name on a particular matter in the absence of instructions from the beneficial owner of the stock (broker non-vote). These broker non-votes occur when shares held by a broker for a beneficial owner are not voted because the broker did not receive voting instructions from the beneficial owner and lacked discretionary authority to vote the shares. The shares subject to a proxy which are not being voted on a particular matter because of either stockholder withholding or broker non-votes will count for purposes of determining the presence of a quorum, but are not treated as votes cast and, therefore, will have no effect on Proposals 1, 2 or 3.

Brokers have limited discretionary authority to vote shares that are beneficially owned. While a broker is entitled to vote shares held for a beneficial owner on “routine” matters without instructions from the beneficial owner of those shares, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on “non-routine” matters. At our Annual Meeting, only Proposal 2 is considered a routine matter and brokers have discretionary authority to vote shares that are beneficially owned on Proposal 2. If a broker chooses not to vote shares for or against Proposal 2, it will have no effect because it will not be treated as a vote cast for or against the matter. The other proposals presented at the Annual Meeting, Proposals 1 and 3, are non-routine matters and therefore broker non-votes will have no effect on the matters voted upon.

If you hold your shares in street name, it is critical that you cast your vote if you want it to count on all matters to be decided at the Annual Meeting.

Voting Instructions; Voting of Proxies

If you are a stockholder of record, you may:

- vote online at the Annual Meeting — attend the Annual Meeting online and follow the instructions posted at www.virtualshareholdermeeting.com/NRIX2023. You will need the control number included on your proxy card or voting instruction form, or included in the e-mail to you if you received the proxy materials by e-mail;
- vote through the internet — in order to do so, please go to www.proxyvote.com and follow the instructions shown on your proxy card;
- vote by telephone — in order to do so, please call the toll-free number 1-800-690-6903 and follow the instructions shown on your proxy card; or
- vote by mail — if you request or receive a paper proxy card and voting instructions by mail, simply complete, sign and date the proxy card and return it as soon as possible before the meeting in the envelope provided.

Votes submitted through the internet or by telephone must be received by 11:59 p.m., Eastern Time, on May 3, 2023. Submitting your proxy, whether by telephone, through the internet or by mail if you requested or received a paper proxy card, will not affect your right to vote online should you decide to attend the virtual meeting. If you are not the stockholder of record, please refer to the voting instructions provided by your nominee to direct how to vote your shares.

For Proposal 1, you may vote “FOR ALL,” “WITHHOLD ALL,” or vote “FOR ALL EXCEPT” one or more of the nominees to the Board of Directors you specify. For Proposals 2 and 3, you may vote “FOR” or “AGAINST” or “ABSTAIN” from voting. Your vote is important. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure that your vote is counted.

All proxies will be voted in accordance with the instructions specified on the proxy card. If you sign a physical proxy card and return it without instructions as to how your shares should be voted on a particular proposal at the meeting, your shares will be voted in accordance with the recommendations of our Board of Directors stated above.

If you do not vote and you hold your shares in street name, and your broker does not have discretionary power to vote your shares, your shares may constitute “broker non-votes” (as described above) and will not be counted in determining the number of shares necessary for approval of the proposals. However, shares that constitute broker non-votes will be counted for the purpose of establishing a quorum for the meeting.

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. To make certain all of your shares are voted, please follow the instructions included on each proxy card and vote each proxy card by telephone, through the internet or by mail. If you requested or received paper proxy materials by mail, please complete, sign, date and return each proxy card to ensure that all of your shares are voted.

Expenses of Soliciting Proxies

We will pay the expenses associated with soliciting proxies. Following the original distribution and mailing of the solicitation materials, we or our agents may solicit proxies by mail, email, telephone, facsimile, by other similar means, or in person. Our directors, officers and other employees, without additional compensation, may solicit proxies personally or in writing, by telephone, email or otherwise. Following the original distribution and mailing of the solicitation materials, we will request brokers, custodians, nominees and other record holders to forward copies of those materials to persons for whom they hold shares and to request authority for the exercise of proxies. In such cases, we, upon the request of the record holders, will reimburse such holders for their reasonable expenses. If you choose to access the proxy materials and/or vote through the internet, you are responsible for any internet access charges you may incur.

Revocability of Proxies

A stockholder of record who has given a proxy may revoke it at any time before the closing of the polls by the inspector of elections at the Annual Meeting by:

- delivering to our Secretary (by any means, including facsimile) a written notice stating that the proxy is revoked;
- signing and delivering a proxy bearing a later date;
- voting again through the internet or by telephone; or
- attending and voting online at the Annual Meeting by following the instructions posted at www.virtualshareholdermeeting.com/NRIX2023 (although attendance at the Annual Meeting will not, by itself, revoke a proxy).

Please note, however, that if your shares are held of record by a brokerage firm, bank or other nominee, and you wish to revoke a proxy, you must contact that firm to revoke or change any prior voting instructions.

Voting Results

Voting results will be tabulated and certified by the inspector of elections appointed for the meeting. We will announce preliminary voting results at the Annual Meeting. We will also disclose voting results on a Current Report on Form 8-K that we will file with the SEC within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Current Report on Form 8-K within four business days after the Annual Meeting, we will file a Current Report on Form 8-K to publish preliminary results and will provide the final results in an amendment to the Current Report on Form 8-K as soon as they become available.

Implications of Being a “Smaller Reporting Company”

We are a “smaller reporting company” as defined under Rule 405 of the Securities Act of 1933, as amended, and, as such, have elected to comply with certain reduced public company reporting requirements. These reduced reporting requirements include reduced disclosure about the company’s executive compensation arrangements.

CORPORATE GOVERNANCE STANDARDS AND DIRECTOR INDEPENDENCE

We are committed to good corporate governance practices. These practices provide an important framework within which our Board of Directors and management pursue our strategic objectives for the benefit of our stockholders.

Corporate Governance Guidelines

Our Board of Directors has adopted Corporate Governance Guidelines that set forth expectations for directors, director independence standards, Board committee structure and functions, and other policies for the governance of the company. Our Corporate Governance Guidelines are available without charge on the investor relations section of our website at ir.nurixtx.com/corporate-governance/overview. Information on or accessible through our website is not incorporated by reference in this proxy statement.

Board Composition and Leadership Structure

The positions of Chief Executive Officer and Chair of our Board of Directors are held by two different individuals (Arthur T. Sands and David L. Lacey, respectively). This structure allows our Chief Executive Officer to focus on our day-to-day business while our Chair leads our Board of Directors in its fundamental role of providing advice to, and independent oversight of, management. Our Board of Directors believes such separation is appropriate, as it enhances the accountability of the Chief Executive Officer to the Board of Directors and strengthens the independence of the Board of Directors from management.

Board's Role in Risk Oversight

Our Board of Directors believes that open communication between management and the Board of Directors is essential for effective risk management and oversight. Our Board of Directors meets with our Chief Executive Officer and other members of the senior management team at quarterly Board of Director meetings, where, among other topics, they discuss strategy and risks in the context of reports from the management team and evaluate the risks inherent in significant transactions. While our Board of Directors is ultimately responsible for risk oversight, our Board committees assist the Board of Directors in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee assists our Board of Directors in fulfilling its oversight responsibilities with respect to risk management in the areas of major financial risk exposures, internal control over financial reporting, disclosure controls and procedures, legal and regulatory compliance and cybersecurity and data privacy. The Compensation Committee assists our Board of Directors in assessing risks created by the incentives inherent in our compensation policies. The Nominating and Corporate Governance Committee assists our Board of Directors in fulfilling its oversight responsibilities with respect to the management of corporate, legal and regulatory risk. The Development Advisory Committee assists our Board of Directors in fulfilling its oversight responsibilities with respect to our scientific integrity and clinical research and development strategies, programs and opportunities.

Cybersecurity Risk Oversight

Securing the information of the participants in our clinical trials, employees, partners, and other third parties is important to us. We have adopted physical, technological, and administrative controls on data security, and have a defined procedure for data incident detection, containment, response, and remediation. While everyone at the Company plays a part in managing these risks, oversight responsibility is shared by our Board of Directors, our Audit Committee, and management. Our management team provides regular cybersecurity updates in the form of written reports and presentations to our Audit Committee. Our Audit Committee also reviews metrics about cyber threat response preparedness, program maturity milestones, risk mitigation status, and the current and emerging threat landscape. We also maintain information security risk insurance coverage.

Director Independence

Our common stock is listed on the Nasdaq Global Market. Under the rules of the Nasdaq Stock Market LLC (Nasdaq), independent directors must constitute a majority of a listed company's board of directors. In addition, the Nasdaq listing rules require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and corporate governance committees must be an "independent director." Under the Nasdaq listing rules, a director will only qualify as an "independent director" if, in the opinion of that

company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Additionally, compensation committee members must not have a relationship with the listed company that is material to the director's ability to be independent from management in connection with the duties of a compensation committee member.

Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (Exchange Act). In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors or any other board committee: (i) accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries or (ii) be an affiliated person of the listed company or any of its subsidiaries.

Our Board of Directors has undertaken a review of the independence of each director and considered whether each director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. As a result of this review, our Board of Directors determined that David L. Lacey, Julia P. Gregory, Lori A. Kunkel, Judith A. Reinsdorf, Edward C. Saltzman, and Paul M. Silva, representing six of our seven incumbent directors, are "independent directors" as defined under the applicable rules and regulations of the SEC and the listing requirements and rules of Nasdaq. In making these determinations, our Board of Directors reviewed and discussed information provided by the directors and us with regard to each directors' business and personal activities and relationships as they may relate to us and our management, including the beneficial ownership of our capital stock by each non-employee director and any affiliates.

Board of Directors and Committee Self-Evaluations

The Board of Directors is committed to a robust self-evaluation process designed for continuous improvement. To achieve this, the Board of Directors conducts an annual self-evaluation for itself and its committees. As part of this process, each member of the Board of Directors completes a survey to provide feedback on the processes, structure, composition and effectiveness of the Board of the Directors. The survey is a detailed written questionnaire designed to help the Board of Directors assess the performance of the Board of Directors and its committees, their own individual performance and the individual performances of fellow directors. The feedback received is shared first with the Nominating and Corporate Governance Committee, and then made available to the individual directors and the full Board of Directors.

Committees of Our Board of Directors

Our Board of Directors has established an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and a Development Advisory Committee, each of which has the composition and responsibilities described below. Members serve on these committees until their resignation or until otherwise determined by our Board of Directors. Each of these committees has a written charter, copies of which are available without charge on the investor relations section of our website at ir.nurixtx.com/corporate-governance/overview. Information on or accessible through our website is not incorporated by reference in this proxy statement.

Audit Committee

Our Audit Committee is composed of Ms. Gregory, Ms. Reinsdorf and Mr. Silva, with Ms. Gregory serving as the chairperson of our Audit Committee. The composition of our Audit Committee meets the requirements for independence under the current Nasdaq and SEC rules and regulations. In addition, our Board of Directors has determined that each of Ms. Gregory and Mr. Silva is an "audit committee financial expert" as defined in Item 407(d)(5)(ii) of Regulation S-K promulgated under the Securities Act. This designation does not impose on Ms. Gregory or Mr. Silva any duties, obligations or liabilities that are greater than are generally imposed on members of our Audit Committee and our Board of Directors. Our Audit Committee is directly responsible for, among other things:

- selecting and hiring our independent registered public accounting firm;
- overseeing the qualifications, independence and performance of our independent auditors;
- preparing the audit committee report to be included in our annual proxy statement;

- overseeing our compliance with legal and regulatory requirements;
- overseeing our accounting and financial reporting processes, including our financial statement audits and the integrity of our financial statements;
- periodically reviewing and assessing the provisions of our Code of Business Conduct and Ethics relating to conflicts of interest, corporate opportunities, insider trading, and financial, legal and regulatory compliance and recommending updates to the Board of Directors as applicable;
- reviewing and approving related party transactions; and
- reviewing, approving and overseeing compliance with our investment policy.

Compensation Committee

Our Compensation Committee is composed of Dr. Lacey, Dr. Kunkel and Mr. Saltzman, with Dr. Lacey serving as the chairperson of our Compensation Committee. Each member of our Compensation Committee is a non-employee director, as defined by Rule 16b-3 promulgated under the Exchange Act, and meets the requirements for independence under current Nasdaq and SEC rules and regulations. Our Compensation Committee is responsible for, among other things:

- evaluating, recommending, approving and reviewing executive officer compensation arrangements, plans, policies and programs;
- evaluating and recommending non-employee director compensation arrangements for determination by our Board of Directors;
- administering our cash-based and equity-based compensation plans; and
- overseeing our compliance with regulatory requirements associated with the compensation of directors, officers and employees.

The Compensation Committee has the sole authority and responsibility, subject to any approval by the Board of Directors which the Compensation Committee or legal counsel determines to be desirable or required by applicable law or the Nasdaq rules, to determine all aspects of executive compensation packages for our Chief Executive Officer and other executive officers. The Compensation Committee also makes recommendations to our Board of Directors regarding the form and amount of compensation of non-employee directors. The Compensation Committee may take into account the recommendations of the Chief Executive Officer with respect to compensation of the other executive officers, and the recommendations of the Board of Directors or any member of the Board of Directors with respect to compensation of the Chief Executive Officer and other executive officers.

The Compensation Committee engaged an independent executive compensation consulting firm, Aon plc, to evaluate our executive compensation and Board of Directors compensation program and practices and to provide advice and ongoing assistance on these matters for the fiscal year ended November 30, 2022. Specifically, Aon was engaged to:

- provide compensation-related data for a peer group of companies to serve as a basis for assessing competitive compensation practices;
- review and assess our current Board of Directors, Chief Executive Officer and other executive officer compensation policies and practices and equity profile, relative to market practices;
- review and assess our current executive compensation program relative to market to identify any potential changes or enhancements to be brought to the attention of the Compensation Committee; and
- review market practices regarding base salary, bonus and equity programs.

Representatives of Aon attended the regular meetings of the Compensation Committee, including executive sessions from time to time without any members of management present. During the fiscal year ended November 30, 2022, Aon worked directly with the Compensation Committee (and not on behalf of management) to assist the committee in satisfying its responsibilities and undertook no projects for management without the committee's prior approval. The Compensation Committee has determined that none of the work performed by Aon during the fiscal year ended November 30, 2022, raised any conflict of interest.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is composed of Ms. Gregory, Ms. Reinsdorf and Mr. Silva, with Ms. Gregory serving as the chairperson of our Nominating and Corporate Governance Committee. Each member of our Nominating and Corporate Governance Committee meets the requirements for independence under the current Nasdaq listing rules. Our Nominating and Corporate Governance Committee is responsible for, among other things:

- identifying, considering and recommending candidates for membership on our Board of Directors;
- overseeing the process of evaluating the performance of our Board of Directors;

Code of Business Conduct and Ethics

Our Board of Directors has adopted a code of business conduct and ethics that applies to all of our employees, officers and directors, including our Chief Executive Officer, Chief Financial Officer and other executive and senior financial officers. We intend to disclose future amendments to certain provisions of our code of business conduct and ethics, or waivers of these provisions, on our website or in public filings. The full text of our code of conduct is posted on the investor relations section of our website at ir.nurixtx.com/corporate-governance/overview. Information on or accessible through our website is not incorporated by reference in this proxy statement.

Corporate Social Responsibility

We believe that corporate social responsibility (CSR) initiatives are important to our business and to creating sustainable value for our stockholders and wider stakeholder group. Our Board of Directors and management are committed to these initiatives and believe these efforts will benefit our employees, partners, and the communities in which we operate.

Social and Ethical Practices

We are committed to improving diversity and inclusion in the workplace by creating a values-driven culture, investing in our employees' career growth through competitive pay and benefits and development and training, and prioritizing safety. Social and Ethical CSR highlights include:

- **Diversity and inclusion.** We are committed to creating and maintaining a workplace free from discrimination or harassment on the basis of color, race, sex, national origin, ethnicity, religion, age, disability, sexual orientation, gender identification or expression or any other status protected by applicable law. Our management team and employees are expected to exhibit and promote honest, ethical and respectful conduct in the workplace. All of our employees must adhere to a code of conduct that sets standards for appropriate behavior and are required to attend biennial training to help prevent, identify, report and stop any type of discrimination and harassment. All recruitment, hiring, development, training, compensation and advancement at our company is based on qualifications, performance, skills and experience without regard to gender, race and ethnicity.

As of November 30, 2022, approximately 52% of our full-time employees were self-reported as female. Of our vice president-level and above employees, approximately 45% were self-reported as female.

In addition, as of November 30, 2022, approximately 55% of our full-time employees were self-reported as ethnic or racial minorities in the United States, with 40% Asian, 2% Black or African American, 7% Hispanic or Latino and 6% of other minority groups or two or more races. Of our vice president-level and above employees, 24% were self-reported as ethnic or racial minorities in the United States, with 17% Asian, 3% Black or African American and 3% Hispanic or Latino.

- **Competitive pay and benefits.** Drug development is a complex endeavor which requires deep expertise and experience across a broad array of disciplines. Biotechnology and pharmaceutical companies both large and small compete for a limited number of qualified applicants to fill specialized positions. We monitor our compensation programs closely and provide what we consider to be a very competitive mix of compensation, insurance and wellness benefits for all our employees, as well as participation in our equity and enhanced maternity and paternity programs. To attract qualified applicants, we offer a total rewards package consisting of base salary and cash target bonus, a comprehensive benefits package and equity compensation for all full-time employees. Bonus opportunity and equity compensation increase as a percentage of total compensation based on level of responsibility. Actual bonus payout is based on company and individual performance.
- **Employee development and training.** We focus on attracting, retaining and cultivating talented individuals. We emphasize employee development and training by providing access to a wide range of online and instructor led development and continual learning programs. Employees are encouraged to attend scientific, clinical and technological meetings and conferences and have access to broad resources they need to be successful.
- **Safety.** The safety and health of our employees is a top priority. For example, in response to the COVID-19 pandemic, we implemented safety protocols including clear policies to address actual and suspected COVID-19 cases and potential exposure, weekly COVID-19 testing, shift work scheduling to reduce the number of people in our facilities at a given time, requirements for the wearing of masks and for social distancing, and increased cleaning procedures. These protocols were designed to comply with health and safety standards as required by federal, state and local government agencies, taking into consideration guidelines of the Centers for Disease Control and Prevention and other public health authorities. We continue to monitor developments regarding health pandemics or other health concerns, including COVID-19, and will implement any additional safety protocols that may become necessary in the future.

Governance

We are committed to corporate governance policies and practices demonstrating the highest standards of business ethics. We have procedures in place to help ensure compliance with governmental regulations. We review industry trends and best practices so we can continue to foster an environment centered around accountability. Governance CSR highlights include:

- **Board of Directors Oversight.** Our Board of Directors recognizes the critical importance of our team and the necessity to ensure a diverse and inclusive work environment. Our Board of Directors discusses with management issues impacting our employees.
- **Nominating and Corporate Governance Charter Expansion.** Responsibilities of our Nominating and Corporate Governance Committee were expanded in 2022 to include oversight of our CSR and environmental, social and governance (ESG) programs.
- **Code of Business Conduct and Ethics Training Compliance.** All employees and members of the Board of Directors are trained in and affirm compliance with our comprehensive code of business conduct and ethics.

Board and Committee Meetings and Attendance

The Board of Directors and its committees meet regularly throughout the year and also hold special meetings and act by written consent from time to time. During fiscal year 2022, the Board of Directors held eight meetings; the Audit Committee held five meetings; the Compensation Committee held seven meetings; the Nominating and Corporate Governance Committee held six meetings; and the Development Advisory Committee held six meetings. During fiscal year 2022, none of the directors attended fewer than 75% of the aggregate of the total number of meetings held by the Board of Directors during his or her tenure and the total number of meetings held by all committees of the Board of Directors on which such director served during his or her tenure. The independent members of the Board of Directors also meet separately without management directors on a regular basis to discuss such matters as the independent directors consider appropriate.

Board Attendance at Annual Meeting of Stockholders

We invite and encourage each member of our Board of Directors to attend our annual meetings of stockholders; however, we do not have a formal policy regarding attendance by the members of our Board of Directors at our annual meetings of stockholders. Five of the seven then-serving members of our Board of Directors attended our 2022 annual meeting of stockholders.

Communication with Directors

Stockholders and interested parties who wish to communicate with our Board of Directors, non-management members of our Board of Directors as a group, a committee of the Board of Directors or a specific member of our Board of Directors (including our Chair) may do so by letters addressed to:

Nurix Therapeutics, Inc.
c/o Secretary
1700 Owens Street, Suite 205
San Francisco, California, 94158

All communications by letter addressed to the attention of our Secretary will be reviewed by the Secretary and provided to the members of the Board of Directors unless such communications are unsolicited items, sales materials and other routine items and items unrelated to the duties and responsibilities of the Board of Directors.

Considerations in Evaluating Director Nominees

The Nominating and Corporate Governance Committee is responsible for identifying, considering and recommending candidates to the Board of Directors for Board membership. A variety of methods are used to identify and evaluate director nominees, with the goal of maintaining and further developing a diverse, experienced and highly qualified Board of Directors. Candidates may come to our attention through current members of our Board of Directors, professional search firms, stockholders or other persons.

The Nominating and Corporate Governance Committee will recommend to the Board of Directors for selection all nominees to be proposed by the Board of Directors for election by the stockholders, including approval or recommendation of a slate of director nominees to be proposed by the Board of Directors for election at each annual meeting of stockholders, and will recommend all director nominees to be appointed by the Board of Directors to fill interim director vacancies.

Our Board of Directors encourages selection of directors who will contribute to the company's overall corporate goals and diversity. The Nominating and Corporate Governance Committee may from time to time review and recommend to the Board of Directors the desired qualifications, expertise and characteristics of directors, including such factors as diversity, breadth of experience, knowledge about our business and industry, willingness and ability to devote adequate time and effort to the Board of Directors, ability to contribute to the Board of Directors' overall effectiveness, and the needs of the Board of Directors and its committees. Exceptional candidates who do not meet all of these criteria may still be considered. In evaluating potential candidates for the Board of Directors, the Nominating and Corporate Governance Committee considers these factors in the light of the specific needs of the Board of Directors at that time.

In addition, under our Corporate Governance Guidelines, a director is expected to spend the time and effort necessary to properly discharge such director's responsibilities. Accordingly, a director is expected to regularly attend meetings of the Board of Directors and committees on which such director sits, and to review prior to meetings materials distributed in advance for such meetings. Thus, the number of other public company boards and other boards (or comparable governing bodies) on which a prospective nominee is a member, as well as his or her other professional responsibilities, will be considered. Also, under our Corporate Governance Guidelines, there are no limits on the number of three-year terms that may be served by a director. However, in connection with evaluating recommendations for nomination for reelection, the Nominating and Corporate Governance Committee considers director tenure. We value diversity on a company-wide basis but have not adopted a specific policy regarding Board diversity.

Stockholder Recommendations for Nominations to the Board of Directors

The Nominating and Corporate Governance Committee will consider properly submitted stockholder recommendations for candidates for our Board of Directors who meet the minimum qualifications as described above. The Nominating and Corporate Governance Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. A stockholder of record can nominate a candidate for election to the Board of Directors by complying with the procedures in Article I, Section 1.12 of our amended and restated bylaws. Any eligible stockholder who wishes to submit a nomination should review the requirements in the amended and restated bylaws on nominations by stockholders. Any nomination should be sent in writing to our Secretary, Nurix Therapeutics, Inc., 1700 Owens Street, Suite 205, San Francisco, California, 94158. Submissions must include the full name of the proposed nominee, complete biographical information, a description of the proposed nominee's qualifications as a director, other information specified in our amended and restated bylaws, and a representation that the nominating stockholder is a beneficial or record holder of our stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. These candidates are evaluated at meetings of the Nominating and Corporate Governance Committee and may be considered at any point during the year. If any materials are provided by a stockholder in connection with the recommendation of a director candidate, such materials are forwarded to the Nominating and Corporate Governance Committee.

Additional information regarding the process for properly submitting stockholder nominations for candidates for membership on our Board of Directors is set forth below under "Stockholder Proposals to Be Presented at Next Annual Meeting."

**PROPOSAL NO. 1
ELECTION OF CLASS III DIRECTORS**

Our Board of Directors is divided into three classes. Each class serves for three years, with the terms of office of the respective classes expiring in successive years. Directors and director nominees in Class III will stand for election at this meeting. The terms of office of directors in Class I and Class II do not expire until the annual meetings of stockholders to be held in 2024 and 2025, respectively. Our Nominating and Corporate Governance Committee recommended to our Board of Directors, and our Board of Directors nominated, Dr. Sands, Dr. Kunkel and Mr. Silva, each an incumbent Class III director, for election as Class III directors at the Annual Meeting. At the recommendation of our Nominating and Corporate Governance Committee, our Board of Directors proposes that each of the Class III nominees be elected as a Class III director for a three-year term expiring at the annual meeting of stockholders to be held in 2026 and until such director’s successor is duly elected and qualified or until such director’s earlier resignation or removal.

Each director will be elected by a plurality of the votes present at the virtual Annual Meeting or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. This means that the three individuals nominated for election to the Board of Directors at the Annual Meeting receiving the highest number of “FOR” votes will be elected. As a result, any shares not voted “FOR” a particular nominee, whether as a result of a withhold vote or a broker non-vote, will not be counted in such nominee’s favor and will have no effect on the outcome of the election. You may vote “FOR ALL,” “WITHHOLD ALL,” or vote “FOR ALL EXCEPT” one or more of the nominees you specify. Shares represented by proxies will be voted “FOR ALL” unless the proxy is marked to withhold authority to so vote. You may not cumulate votes in the election of directors. If any nominee for any reason is unable to serve, the proxies may be voted for such substitute nominee as the proxy holders, who are officers of our company, might determine. Each nominee has consented to being named in this proxy statement and to serve if elected. Proxies may not be voted for more than three directors.

PROPOSAL NO. 2
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has selected PricewaterhouseCoopers LLP as our principal independent registered public accounting firm to perform the audit of our financial statements for the fiscal year ending November 30, 2023. PricewaterhouseCoopers LLP audited our financial statements for the fiscal years ended November 30, 2022 and 2021. We expect that representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting, will be able to make a statement if they so desire and will be available to respond to appropriate questions.

At the Annual Meeting, the stockholders are being asked to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending November 30, 2023. Although ratification by stockholders is not required by law, our Audit Committee is submitting the selection of PricewaterhouseCoopers LLP to our stockholders because we value our stockholders’ views on our independent registered public accounting firm and as a matter of good corporate governance. If this proposal does not receive the affirmative vote of the holders of a majority of the voting power of the shares present or represented by proxy at the Annual Meeting and entitled to vote on the proposal that are voted “FOR” or “AGAINST” the matter, the Audit Committee would reconsider the appointment. Notwithstanding its selection and even if our stockholders ratify the selection, our Audit Committee, in its discretion, may appoint another independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in our best interests and the interests of our stockholders.

The following table presents fees for professional audit services rendered by PricewaterhouseCoopers LLP for the audit of our annual financial statements for the fiscal years ended November 30, 2022 and 2021.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our Audit Committee generally pre-approves all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. Our independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. Our Audit Committee may also pre-approve particular services on a case-by-case basis. All of the services relating to the fees described in the table above were approved by our Audit Committee.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” APPROVAL OF PROPOSAL NO. 2.

PROPOSAL NO. 3

NON-BINDING ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

In accordance with the rules of the SEC, we are providing stockholders with an opportunity to make a non-binding, advisory vote on the compensation of our named executive officers. This non-binding advisory vote is commonly referred to as a “say on pay” vote. The non-binding advisory vote on the compensation of our named executive officers, as disclosed in this proxy statement, will be determined by the affirmative vote of the holders of a majority of the voting power of the shares present or represented by proxy at the Annual Meeting and entitled to vote on the proposal that are voted “FOR” or “AGAINST” the matter.

Stockholders are urged to read the “Executive Compensation” section of the proxy statement, which discusses how our executive compensation policies and procedures implement our compensation philosophy and contains tabular information and narrative discussion about our executive compensation policies and procedures and the compensation of our named executive officers. Our Compensation Committee and Board of Directors believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving our goals. Accordingly, we ask our stockholders to vote “FOR” the following resolution at the Annual Meeting.

“RESOLVED, that our stockholders approve, on a non-binding advisory basis, the compensation of the named executive officers, as disclosed in the proxy statement pursuant to Item 402 of Regulation S-K, including the compensation disclosures, the compensation tables and narrative discussion and the other related disclosures.”

As an advisory vote, this proposal is not binding. However, our Board of Directors and Compensation Committee, which is responsible for designing and administering our executive compensation program, value the opinions expressed by stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” APPROVAL OF PROPOSAL NO. 3, APPROVING THE COMPENSATION PAID BY US TO OUR NAMED EXECUTIVE OFFICERS.

EXECUTIVE COMPENSATION

OVERVIEW AND NARRATIVE

In this Overview and Narrative (“Compensation Disclosure”), we provide an overview of the philosophy and objectives of our executive compensation program, as well as a description of its material components. In addition, we explain how and why our Compensation Committee arrived at specific compensation policies and decisions involving our named executive officers for the year ended November 30, 2022, or fiscal year 2022. This Compensation Disclosure is intended to be read in conjunction with the tables that immediately follow this section, which provide additional compensation information for our named executive officers. We are a “smaller reporting company” as defined under Rule 405 of the Securities Act of 1933, as amended, and, as such, we are not required to provide the additional disclosures included in this Compensation Disclosure. However, we believe the additional narrative disclosure with respect to our executive compensation program will provide our stockholders with further information regarding our company and our executive compensation program and practices and therefore will assist in their consideration of Proposal No. 3, the non-binding vote with respect to named executive officer compensation.

As of November 30, 2022, our named executive officers consisted of:

| Name | Position |
|-----------------|---|
| Arthur T. Sands | President, Chief Executive Officer (“CEO”) and Director |
| Hans van Houte | Chief Financial Officer |
| Gwenn M. Hansen | Chief Scientific Officer |

EXECUTIVE SUMMARY

The past year was a significant and highly productive year for Nurix as we advanced our wholly-owned programs from our proprietary DELigase platform into clinical development and demonstrated clinical benefit for patients with advanced B-cell malignancies and ability to overcome BTK inhibitor resistant mutations.

In the past year, we have accomplished much, including:

- Demonstrating clinical benefit in our BTK program
- Advancing research efforts in our wholly-owned programs as well as those in our Gilead and Sanofi collaborations
- Maintaining a strong cash position

This Compensation Disclosure outlines how our executive compensation programs incentivize our management team to lead our company’s success going forward and align the team’s interests with our stockholders. We have ambitious clinical trial, pipeline and business development goals for fiscal year 2023. We believe we are well-positioned and look forward to sharing clinical data from our clinical programs as we continue to advance our internal pipeline and make progress in our strategic collaborations with Sanofi and Gilead.

COMPENSATION DETERMINATION PROCESS

Compensation Philosophy

Our Compensation Committee believes an appropriate, well-designed compensation program should align executive interests with the drivers of growth and stockholder returns by supporting Nurix’s achievement of its primary business goals. Further, the compensation program must enable us to attract and retain employees whose talents, expertise and leadership can drive our success and sustained growth in long-term stockholder value.

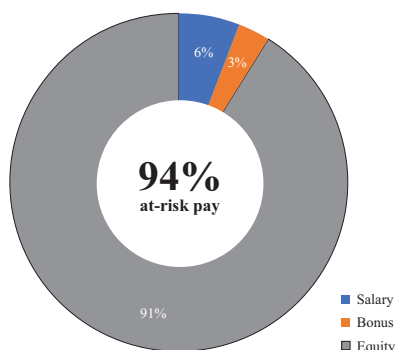

We have designed and implemented a compensation program that is appropriate for our company given our business, industry, growth and other factors.

How We Pay for Performance

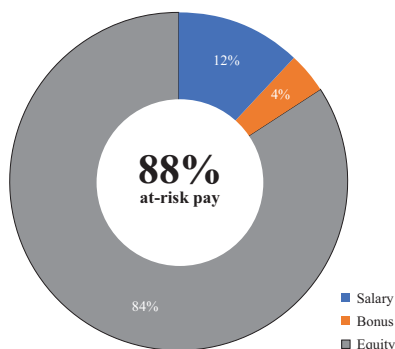

We operate in an intensely competitive market and seek to attract and retain a highly talented management team. To meet this challenge, we have embraced a performance-oriented compensation philosophy focused on creating long-term value. Our executive compensation program is heavily weighted toward variable, at-risk pay through

short-term cash incentives and long-term equity awards. Our Compensation Committee used its judgment, as well as market data in consultation with its independent compensation consultant, to establish an appropriate mix of pay elements that will reward executives for the achievement of specific financial and key strategic objectives while also creating long-term stockholder value.

2022 CEO PAY

Key Governance Features

To inform and guide our pay structure, we adhere to certain practices that encourage decision-making grounded in the long-term interests of our stockholders and Nurix alike.

WHAT WE DO

- ✓ Directly link pay to performance
- ✓ Balance risks and rewards in our compensation program
- ✓ Maintain a robust Insider Trading Policy
- ✓ Engage an independent executive compensation consultant to provide advisory services directly to the Compensation Committee

WHAT WE DON'T DO

- ✗ No “golden parachute” excise tax gross-ups
- ✗ No single trigger change in control provisions
- ✗ No material prerequisites to our executive officers
- ✗ No excessive severance payments for departing executive officers

Compensation Determination Process

Say-on-Pay Results

We received approximately 96% support from stockholders for our 2022 say-on-pay proposal. The Compensation Committee is appreciative of this support and believes it indicates that stockholders are supportive of our pay program structure and the alignment we have created between management and stockholder interests. The Compensation Committee will continue to consider the results of future stockholder votes, along with other forms of stockholder input and feedback, when structuring executive pay.

Role of Compensation Committee and Board of Directors

Our Compensation Committee is responsible for overseeing the total compensation of our executive officers, including the underlying philosophy and related policies of our compensation program. In its capacity, the Compensation Committee designs, implements, reviews, approves and, as it deems appropriate, recommends for approval to our Board of Directors, all compensation for our CEO and our other executive officers. From time to time, and in conjunction with our Compensation Committee, the independent members of our Board of Directors may also be involved in setting the compensation of our CEO and other executive officers and determining the corporate objectives upon which our short-term and long-term incentives are based. Our Compensation Committee's decisions and recommendations regarding executive compensation are based on the Compensation Committee's assessment of the performance of Nurix and each individual executive officer, as well as other factors, such as prevailing industry trends and the competitive market for executive talent.

Role of CEO and Management

Our CEO contributes recommendations to the Compensation Committee regarding the base compensation and target incentive amounts of our named executive officers, though not with respect to his own compensation. These recommendations take into account factors such as internal pay equity, changes in responsibilities, personal performance and contributions, and retention requirements, as well as applicable peer and industry compensation levels.

Our Compensation Committee considers, but is not required to follow, management's recommendations, and may adjust compensation up or down as it determines in its discretion. The CEO is not present for discussions regarding his pay but is present during discussions of pay for the other named executive officers.

Role of Independent Compensation Consultant

The Compensation Committee retained Aon's Human Capital Solutions practice, a division of Aon plc ("Aon") as its independent outside compensation consultant to provide objective analysis in support of our compensation program. The Compensation Committee has sole authority to retain or replace its independent compensation consultants, and annually evaluates Aon's independence and performance under applicable SEC rules and Nasdaq listing standards. The Compensation Committee believes that working with an independent compensation consultant helps inform and support our objectives to recruit and retain qualified executives and align executive and stockholder interests, and ensures that executive compensation packages appropriately motivate and reward ongoing achievement of our long term business goals. The Compensation Committee conducted a specific review of its relationship with Aon in fiscal year 2022 and determined that Aon's work for the compensation committee did not raise any conflicts of interest.

For our fiscal year ended November 30, 2022, Aon assisted the Compensation Committee with, among other things:

- Executive market pay analysis;
- Reviewing and modifying the compensation peer group;
- Reviewing and modifying executive pay programs; and
- Reviewing certain proxy statement disclosures, including this Compensation Disclosure.

Use of a Peer Group & Competitive Data

With Aon's analysis and recommendations, in August 2021 the Compensation Committee developed and approved a peer group of companies to inform a broad perspective on competitive pay levels and practices for making fiscal year 2022 compensation decisions. When selecting peers, the Compensation Committee used the following criteria:

- **Industry** – U.S.-based Biotechnology and Pharmaceutical companies, with an emphasis on companies that have recently gone public
- **Stage** – Target pre-clinical and early clinical-stage (phase 1 or 2) companies, with an emphasis on those that focus on immuno-oncology

- **Market Capitalization** – between \$400 million and \$4 billion (approximately 0.3x to 3.0x Nurix’s 30 day average market cap when the analysis was completed)
- **Location** – preference weighted toward Bay Area companies, or other biotech “hubs”
- **Headcount** – generally between 50 and 500 employees

Using the above criteria, the Compensation Committee determined the fiscal year 2022 peer group would consist of the following 20 companies:

| | | |
|-----------------------------|----------------------|----------------------------|
| Applied Molecular Transport | Harpoon Therapeutics | Precision BioSciences |
| Arcus Biosciences | IGM Biosciences | RAPT Therapeutics |
| Arvinas | Iteos Therapeutics | Relay Therapeutics |
| Black Diamond Therapeutics | Kronos Bio | Revolution Medicines |
| C4 Therapeutics | Kymera Therapeutics | Sutro Biopharma |
| CytomX Therapeutics | Mersana Therapeutics | Turning Point Therapeutics |
| Gritstone Oncology | ORIC Pharmaceuticals | |

In setting compensation for our executive officers, including our named executive officers, the Compensation Committee uses competitive compensation data from an Aon annual total compensation study of the selected peer group companies and other relevant survey sources to inform its decisions about overall compensation opportunities and specific compensation elements. The Compensation Committee uses our compensation peer group as one data point among many when setting executive pay packages.

ELEMENTS OF OUR EXECUTIVE COMPENSATION PROGRAM

The Company’s executive compensation program consists of three primary elements: base salaries, annual cash incentives, and long-term equity awards, which for fiscal year 2022 was provided in the form of stock options and restricted stock units (RSUs). As noted above, our Compensation Committee consults with our independent compensation consultant and, among other considerations, reviews the pay practices of our peer group in determining the mix and size of each element of our compensation program.

Base Salary

Base salary is the only fixed component of our named executive officers’ total cash compensation and provides competitive and stable pay to attract and retain our executives. We make annual salary decisions by taking into account competitive data, the skills and experience that each executive brings to Nurix, and the performance contributions of each executive. The base salaries for our named executive officers for fiscal year 2022 are included below.

| <u>Executive</u> | <u>Fiscal Year 2022 Base Salary (\$)</u> |
|------------------------------|--|
| Arthur T. Sands | 575,000 |
| Hans van Houte | 470,000 |
| Gwenn M. Hansen | 480,000 |

Annual Cash Incentives

We believe that a portion of the target total cash compensation for each named executive officer should be in the form of an annual cash incentive opportunity, which is intended to motivate our executive officers to achieve annual corporate and individual performance objectives. The CEO does not have individual performance objectives as he is more directly responsible for the achievement of our corporate objectives.

Each named executive officer’s target bonus is calculated as a percentage of his or her base salary. In January 2022, the Compensation Committee determined the target bonus percentage for Dr. Hansen and Mr. van Houte and the Board of Directors, upon recommendation from the Compensation Committee, determined the target bonus percentage for Dr. Sands for fiscal year 2022. Based on their consideration of the compensation practices of the fiscal year 2022 peer group and the intensely competitive talent market, the Board of Directors determined that the CEO’s target bonus would increase to 60% and the Compensation Committee determined that the other named executive officers’ target bonus percentages would remain unchanged at 40%.

For fiscal year 2022, the annual bonuses for our executive officers were based on the achievement of corporate objectives and, for the named executive officers other than the CEO, individual performance objectives, with bonuses weighted at 70% for corporate performance objectives (100% for the CEO) and 30% for individual objectives for the named executive officers other than the CEO. We believe this weighting is appropriate as it incentivizes significant focus on strategic corporate goals, as well as individual growth and leadership.

The corporate performance goals for the fiscal year 2022 bonuses were determined by our Board of Directors, upon recommendation from the Compensation Committee, and included certain developmental, research, financial, and operational milestones. In addition, our fiscal year 2022 bonus program included two stretch goals under which any actual annual cash bonus otherwise payable could be increased if our stretch goals were achieved, such that the maximum bonus that could have been achieved for fiscal year 2022 was 125% of the executive’s target bonus opportunity. We did not provide for any guaranteed minimum bonus payment. The Compensation Committee did not weight our 2022 corporate goals and retained full discretion to determine the corporate goal achievement based on all factors and circumstances effecting achievement.

The corporate objectives were designed to directly impact our ability to advance and expand our product portfolio platform, advance our strategic business and financial partnerships, advance our hiring needs with sufficient fiscal discipline to retain cash runway, and increase the overall value of the Company in the future. In particular, our product development goals emphasized the importance of meeting key clinical milestones and creating shareholder value. Likewise, our product development goals were aligned with our strategic investment in research and development. The goals pertain to confidential company development and business plans, the disclosure of which in any additional granularity would result in competitive harm to the Company. The Board of Directors believed that each of these goals would be significantly challenging and would require a high level of performance in order to be achieved.

In January 2023, the independent members of our Board of Directors reviewed performance against the fiscal year 2022 corporate goals. The independent members of our Board of Directors recognized the effective execution and significant progress made on certain critical business goals, including the advancement of our clinical programs and the achievement of our internal research goals and those related to our partnered programs. The independent members of our Board of Directors considered these achievements to be significant. Accordingly, our Board of Directors determined that our corporate goals were achieved at 85% of target.

The Compensation Committee and the independent members of our Board of Directors, following recommendations from our Compensation Committee, determined that Dr. Hansen achieved her individual performance objectives at 115% of target for a total bonus achievement of 94% of target and Mr. van Houte achieved his individual performance objectives at 105% of target for a total bonus achievement of 91% of target. Since the CEO’s performance objectives are equivalent to the corporate performance objectives, Dr. Sands’ bonus was earned at 85% of target. The independent members of our Board of Directors and our Compensation Committee approved cash bonuses for fiscal year 2022 for the named executive officers as follows:

| <u>Executive</u> | <u>Target Annual Incentive (as a % of Base Salary)</u> | <u>Target Annual Incentive (\$)</u> | <u>2022 Earned Award (\$)</u> |
|---------------------------|--|---|-----------------------------------|
| Arthur T. Sands | 60 | 345,000 | 293,250 |
| Hans van Houte | 40 | 188,000 | 171,080 |
| Gwenn M. Hansen | 40 | 192,000 | 180,480 |

Annual Equity Grants

Because of the direct relationship between the value of our equity awards and the fair market value of our common stock, we believe that granting long-term equity awards is the best method of motivating our named executive officers in a manner that aligns their interest with our long-term strategic direction and the interests of our stockholders, as well as providing executive officers an incentive to remain with us as their equity awards vest. We have historically granted equity awards to new executive officers upon the commencement of their employment and consider additional grants to existing executive officers annually, based on our overall corporate performance, individual performance, the equity award practices of our peer group companies, the executive’s potential for future responsibility and criticality of his or her work to our long-term success, and the retentive value of the executive officers’ outstanding awards.

For fiscal year 2022, our long-term incentive program consisted of stock options granted to the CEO and a mix of stock options and RSUs granted to the other named executive officers. As discussed above, these stock options are intended to incentivize delivery of sustainable long-term value and to provide strong retentive value for our executive officers.

We believe stock options continued to be an appropriate equity instrument for our named executive officers for fiscal year 2022, as stock options will only have value if our stock price rises and therefore reward performance and strong growth and provide strong retentive value for our executive officers. Additionally, we have added time-based RSUs as a new element of our compensation program for named executive officers (other than the CEO). RSUs also serve as an important retention vehicle and align the interests of management and stockholders to promote stability and retention of our executive team while being less dilutive than stock options.

Our Compensation Committee worked with our independent compensation consultant to determine the appropriate pay mix between equity compensation and cash compensation and considered the practices of our peer group as one data point in their determination of the appropriate proportion and size of the equity grants. The Compensation Committee also takes into consideration each named executive officer's recent performance history, his or her potential for future responsibility, criticality of his or her work to the long-term success of our company as well as the retentive hold of his or her then-outstanding equity awards and our retention needs. The Compensation Committee has the discretion to give relative weight to each of these factors as it sets the size of the equity grant to appropriately create an opportunity for reward based on increasing stockholder value.

Consistent with prior years, and based on the analysis and considerations described above, our Compensation Committee granted annual refresh equity awards to our named executive officers in January 2022. As noted above, our CEO received only stock options and our other named executive officers received a split of 70% stock options and 30% RSUs. Our annual stock options have four-year vesting provisions and our annual RSUs have four-year vesting provisions, both to align with long-term value creation and provide a strong retention incentive for our leadership team.

In June and July 2022, we identified that certain of the stock options held by our employees, including those held by our named executive officers, were underwater by approximately 35% to 50% and thus no longer provided incentive value and posed a retention risk for certain executives and employees who are key to the successful execution of our strategic initiatives. We operate in a highly competitive market for our talent and losing our key team members could be detrimental to our success. Accordingly, our Compensation Committee determined to grant additional stock options to all employees, including our named executive officers, to provide the necessary retention to keep our team focused on driving towards our success. In considering other alternatives, the Compensation Committee determined that these retention awards balanced stockholder interests with achieving our retention and strategic business goals by supporting continuity of the executive leadership team, as compared to either reducing the impacted options' exercise prices or providing cash awards.

In June 2022, we and Dr. Sands agreed to the cancellation of the performance-based option to purchase 100,000 shares of our common stock, granted to Dr. Sands in June 2020, which was eligible to vest based on the achievement of milestones relating to our former wholly-owned subsidiary DeCART Therapeutics, Inc. We determined that the milestones would not be achieved.

Other Benefits

Our named executive officers are eligible to participate in our employee benefit plans on the same basis as our other employees, including our 401(k) plan, health and welfare plans, cell phone costs and reimbursement for

certain wellness benefits. Additionally, Dr. Sands and Mr. van Houte received reimbursement for certain housing related costs as set forth in the Summary Compensation Table.

OTHER COMPENSATION PRACTICES AND POLICIES

Hedging and Pledging Prohibitions

All of our employees, officers and directors, consultants, and contractors (covered persons) are subject to our Insider Trading Policy. The policy prohibits the unauthorized disclosure of any material nonpublic information acquired in the workplace and the misuse of material nonpublic information in securities trading. The policy also includes specific provisions which bar covered persons from hedging and pledging our securities. Covered persons are prohibited from pledging Nurix securities as collateral in a margin account or for loans unless specific pre-approval has been obtained from Nurix's general counsel. Additionally, covered persons are barred from engaging in transactions in publicly-traded options, such as puts and calls, and other derivative securities with respect to the Company's securities. This prohibition extends to any hedging or similar transaction designed to decrease the risks associated with holding Company securities. We recently amended our Insider Trading Policy to reflect the SEC's new rules regarding Rule 10b5-1 plans.

Clawback Policy

We intend to adopt a general compensation recovery policy covering our short-term and long-term incentive award plans and arrangements once The Nasdaq Stock Market LLC has adopted an SEC-approved listing standard that complies with Exchange Act Rule 10D-1.

Employment Agreements

Each of our named executive officers is employed at-will and their compensation is reviewed periodically and subject to the discretion of our Board of Directors and Compensation Committee. We have entered into offer letters with each of our named executive officers. Each of these offer letters include each officer's base salary, an annual incentive cash bonus opportunity and standard employee benefit plan participation. The offer letters also acknowledge that each named executive officer will participate in our Severance and Change in Control Plan. Any potential payments and benefits due upon a termination of employment or in connection with a change in control of us are described below in "—Potential Payments upon Termination or Change in Control."

Accounting and Tax Considerations

We account for equity-based compensation under FASB ASC Topic 718, "Compensation—Stock Compensation", which requires us to value and record an expense over the service period of the award. Thus, we may record an expense in one year for awards granted in earlier years. Accounting rules also require the recording of cash compensation as an expense when earned.

The Compensation Committee considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (Code) in designing, establishing, and implementing our executive compensation policies and practices. Section 162(m) generally prohibits us from deducting any compensation over \$1 million per taxable year paid to certain of our named executive officers.

While the Compensation Committee considers the deductibility of awards as one factor in determining executive compensation, the Compensation Committee also looks at other factors in making its decisions and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible by us for tax purposes.

In addition to considering the tax consequences, the Compensation Committee considers the accounting consequences of its decisions, including the impact of expenses being recognized in connection with equity-based awards, in determining the size and form of different equity-based awards.

Risks from Compensation Policies and Practices

The Compensation Committee reviews our compensation policies and practices to determine areas of potential risks and the actions we have taken, or should take, to mitigate any such identified risks. Based on the Compensation Committee's review of our compensation policies and practices, we do not believe that any risks relating to our compensation policies and practices for our employees are reasonably likely to have a material adverse effect on our business.

Potential Payments upon Termination or Change in Control

Certain of our officers, including our named executive officers, participate in our Executive Severance and Change in Control Plan ("Executive Severance Plan").

Outside of a Change in Control. Pursuant to the Severance Plan and his Executive Severance Plan participation agreement, if Dr. Sands is terminated without "cause" or resigns for "good reason" (as such terms are defined in the Executive Severance Plan) prior to a "change in control" of us (as defined in the Executive Severance Plan) or following the 12-month anniversary of a change in control of us, he will be entitled to receive a cash amount, payable in a lump sum, equal to his (i) annual base salary and (ii) any annual bonus earned for our prior completed fiscal year to the extent not yet paid. In addition, Dr. Sands will be entitled to continued coverage under our group-healthcare plans for a period ending on the earlier of (x) 12 months following the termination date and (y) the date that he and his covered dependents become eligible for coverage under another employer's plans.

Pursuant to the Executive Severance Plan and their applicable Executive Severance Plan participation agreements, if our other named executive officers (other than Dr. Sands) are terminated without cause or resign for good reason prior to a change in control of us, or following the 12-month anniversary of a change in control of us, they will be entitled to receive a cash amount, payable in a lump sum, equal to (i) 0.75 times their annual

base salary and (ii) any annual bonus earned for our prior completed fiscal year to the extent not yet paid. In addition, they will be entitled to continued coverage under our group-healthcare plans for a period ending on the earlier of (x) nine months following the termination date and (y) the date that they and their covered dependents become eligible for coverage under another employer's plans.

In Connection with a Change in Control. In the event that Dr. Sands is terminated without cause or resigns for good reason within 12 months following a change in control of us, then in lieu of the foregoing, he will be entitled to receive a cash amount, payable in a lump sum, equal to (i) two times his annual base salary, (ii) any annual bonus earned for our prior completed fiscal year to the extent not yet paid and (iii) his target bonus for the fiscal year in which the termination occurs. Dr. Sands will also be entitled to continued coverage under our group-healthcare plans for a period ending on the earlier of (x) 24 months following the termination date and (y) the date that Dr. Sands and his covered dependents become eligible for coverage under another employer's plans. In addition, each then-outstanding equity award that vests subject to Dr. Sand's continued service will automatically become vested and exercisable in full and any equity awards subject to performance-based vesting criteria will be treated in accordance with the applicable award agreement or other applicable equity incentive plan governing the terms of such equity award.

In the event that our named executive officers other than Dr. Sands are terminated without cause or resigns for good reason within 12 months following a change in control of us, then in lieu of the payments and benefits set forth above, they will be entitled to receive a cash amount, payable in a lump sum, equal to (i) their annual base salary, (ii) any annual bonus earned for our prior completed fiscal year to the extent not yet paid and (iii) their target bonus for the fiscal year in which the termination occurs. Such named executive officers will also be entitled to continued coverage under our group-healthcare plans for a period ending on the earlier of (x) 12 months following the termination date and (y) the date that they and their covered dependents become eligible for coverage under another employer's plans. In addition, each then-outstanding equity award that vests subject to their continued service will automatically become vested and exercisable in full and any equity awards subject to performance-based vesting criteria will be treated in accordance with the applicable award agreement or other applicable equity incentive plan governing the terms of such equity award.

The vesting of any outstanding equity award that is not assumed by a successor company following a change in control of us will automatically accelerate in full without regard to the named executive officers termination of service.

For purposes of the Executive Severance Plan, "cause" means: an Executive Severance Plan participant (i) has been convicted of, or has pleaded guilty or *nolo contendere* to, any felony or crime involving moral turpitude, (ii) has engaged in a willful act of misconduct, or committed any act of fraud, theft, embezzlement, misappropriation of funds, breach of fiduciary duty or other willful act of material dishonesty against us, (iii) other than in the case of a termination of employment during the period commencing on the change in control and ending 12 months following the change in control (the "change in control period"), has materially failed or refused to satisfactorily perform the material duties lawfully and reasonably assigned to the him or her or has performed such material duties with gross negligence; (iv) has breached any material term or condition of his or her employment agreement, or Employment, Confidential Information and Intellectual Property Assignment Agreement with us or any other material agreement with us; or (v) acted in willful violation or disregard of any written policy or practice of ours, including a code of conduct, which results in material loss, damage or injury to us; in each case provided that any of the foregoing may be cured, if curable, within 30 days' notice from us.

For purposes of the Executive Severance Plan, "good reason" means: a cessation of an Executive Severance Plan participant's employment as a result of the participant's resignation within 120 days after the occurrence of one or more of the following without the participant's consent: (i) a reduction of more than 10% in participant's base salary as an employee of us, except to the extent we implement an equal percentage reduction applicable to all executive officers and management personnel; (ii) a material reduction in the participants duties, responsibilities or authority at Nurix; provided that this clause (ii) will only apply in the case of a termination during a change in control period; (iii) a change in the geographic location at which the participant must perform services which results in an increase in the one-way commute of the participant by more than 50 miles, provided that our requirement that participant work remotely or return to work at participant's designated company office following a current or future remote work period required by the Company in its sole discretion will not constitute the foregoing change in geographic location; or (iv) a successor of the ours does not assume the Executive

Severance Plan. A resignation for good reason will not be deemed to have occurred unless the participant gives us written notice of the condition within 90 days after the condition comes into existence and we fail to remedy the condition within 30 days after receiving the participant's written notice.

For purposes of the Executive Severance Plan, "change in control" means: the occurrence of any of the following events: (i) any "person" (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) becomes the "beneficial owner" (as defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of securities of us representing more than fifty percent (50%) of the total voting power represented by our then outstanding voting securities; (ii) the consummation of the sale or disposition by us of all or substantially all of our assets; or (iii) the consummation of a merger or consolidation of us with any other corporation, other than a merger or consolidation which would result in the our voting securities outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or its parent) more than fifty percent (50%) of the total voting power represented by our voting securities or such surviving entity or its parent outstanding immediately after such merger or consolidation; provided that the event also qualifies as a change in control under U.S. Treasury Regulation 1.409A-3(i)(5)(v) or 1.409A-3(i)(5)(vii).

All such severance payments and benefits are subject to each named executive officer's execution of a general release of claims against us. The terms of the Executive Severance Plan supersede all prior agreements with our named executive officers, including their respective individual offer letters and employment agreements, with respect to any severance payments and equity acceleration to which any such named executive officers may be entitled upon a termination of service or change in control of us.

The Executive Severance Plan includes a 280G "best-net" cutback, which would cause an automatic reduction in any payments or benefits that the named executive officer would receive that constitute parachute payments within the meaning of Code Section 280G, in the event such reduction would result in the named executive officer receiving greater payments and benefits on an after-tax basis.

| Equity compensation plans not approved by security holders | — | — | — |
| Total | 9,041,781 | \$19.47 | 2,159,814 |

- (1) Consists of our 2012 Equity Incentive Plan (2012 EIP) and our 2020 Equity Incentive Plan (2020 EIP), and excludes purchase rights accruing under our 2020 Employee Stock Purchase Plan (2020 ESPP).
- (2) Includes 8,256,957 stock options and 784,824 shares underlying restricted stock units (RSUs).
- (3) The weighted-average exercise price does not reflect the shares that will be issued in connection with the settlement of RSUs, since RSUs have no exercise price.
- (4) There are no shares of common stock available for issuance under our 2012 EIP, but the plan will continue to govern the terms of stock options granted thereunder. Any shares of common stock that are subject to outstanding awards under the 2012 EIP that are issuable upon the exercise of stock options that expire or become unexercisable for any reason without having been exercised in full will generally become available for future grant and issuance under our 2020 EIP. In addition, this includes 834,291 shares of common stock that remain available for grant under our 2020 EIP and 1,325,523 shares of common stock that remain available for purchase under the 2020 ESPP. Additionally, the number of shares reserved for issuance under our 2020 EIP increase automatically on December 1 of each of 2020 through 2029 by the number of shares equal to the lesser of 4% of the aggregate number of outstanding shares of our common stock as of the immediately preceding November 30, or a number as may be determined by our Board of Directors. Pursuant to this provision, the number of shares reserved for grant and issuance under our 2020 EIP increased by 1,886,891 on December 1, 2022. Pursuant to this provision, the number of shares reserved for grant and issuance under our 2020 ESPP increased by 471,722 shares on December 1, 2022.

CERTAIN RELATIONSHIPS AND RELATED-PARTY TRANSACTIONS

From December 1, 2020 to the present, there have been no transactions, and there are currently no proposed transactions, in which the amount involved exceeds \$120,000 to which we or any of our subsidiaries was (or is to be) a party and in which any director, director nominee, executive officer, holder of more than 5% of our capital stock, or any immediate family member of or person sharing the household with any of these individuals, had (or will have) a direct or indirect material interest, except for payments set forth under “Proposal No. 1 Election of Class III Directors” and “Executive Compensation” above.

Policies and Procedures for Related-Party Transactions

Our Board of Directors has adopted a written related person transactions policy. Under this policy, our executive officers, directors, nominees for election as a director, beneficial owners of more than 5% of our common stock, and any members of the immediate family of and any entity affiliated with any of the foregoing persons, are not permitted to enter into a material related person transaction with us without the review and approval of our Audit Committee, or a committee composed solely of independent directors in the event it is inappropriate for our Audit Committee to review such transaction due to a conflict of interest. The policy provides that any request for us to enter into a transaction with an executive officer, director, nominee for election as a director, beneficial owner of more than 5% of our common stock or with any of their immediate family members or affiliates in which the amount involved exceeds \$120,000 will be presented to our Audit Committee for review, consideration and approval. In approving or rejecting any such proposal, our Audit Committee will consider the relevant facts and circumstances available and deemed relevant to the Audit Committee, including, but not limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person’s interest in the transaction.

Delinquent Section 16(a) Reports

Section 16 of the Exchange Act requires our directors, certain officers, and beneficial owners of more than ten percent of our common stock to file reports with the SEC indicating their holdings of and transactions in the company's equity securities. Based solely on a review of such copies and written representations from our reporting persons, the company believes that all Section 16 filing requirements were fulfilled on a timely basis during fiscal year 2022.

Available Information

The Annual Report on Form 10-K is also available at ir.nurixtx.com.

“Householding” - Stockholders Sharing the Same Address

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called “householding.” Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our Annual Report on Form 10-K and proxy materials, unless the affected stockholder has provided other instructions. This procedure reduces printing costs and postage fees, and helps protect the environment as well.

We expect that a number of brokers with account holders who are our stockholders will be “householding” our Annual Report on Form 10-K and proxy materials. A single set of Annual Report on Form 10-K and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from one or more of the affected stockholders. Once you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. Stockholders of record may revoke their consent at any time by contacting American Stock Transfer & Trust Company, LLC, either by calling toll-free (800) 937-5449, or by

writing to American Stock Transfer & Trust Company, LLC, Operations Center, 6201 15th Avenue, Brooklyn, New York 11219. Stockholders who are the beneficial owners of shares held in an account with a brokerage firm, bank, trustee or similar organization may revoke their consent at any time by contacting their broker, bank, or other holder of record.

Upon written or oral request, we will undertake to promptly deliver a separate copy of the proxy statement, proxy card, Annual Report on Form 10-K and other proxy materials to any stockholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the proxy statement, proxy card, Annual Report on Form 10-K and other proxy materials, you may write our Investor Relations Department at Nurix Therapeutics, Inc., 1700 Owens Street, Suite 205, San Francisco, California, 94158, Attn: Investor Relations, or submit a request on our website at ir.nurixtx.com/shareholder-resources/contact-ir.

Any stockholders who share the same address and currently receive multiple copies of our Annual Report on Form 10-K and other proxy materials who wish to receive only one copy in the future can contact their bank, broker or other holder of record to request information about “householding” or our Investor Relations Department at the address or telephone number listed above.

As to any business that may arise and properly come before the meeting, however, it is intended that proxies, in the form enclosed, will be voted in respect thereof in accordance with the judgment of the persons voting such proxies.
