NOTICE OF ANNUAL GENERAL MEETING OF SHAREHOLDERS

TO BE HELD ON

JUNE 15, 2022

Dear Shareholder:

You are receiving this notification as PolyMet Mining Corp. ("PolyMet") has elected to use the notice and access model for delivery of meeting materials to its shareholders. Under notice and access, shareholders still receive a proxy or voting instruction form enabling them to vote at the shareholders' meeting. However, instead of a paper copy of the management information circulation (the "Information Circular"), shareholders receive this notice along with information on how they may access such materials electronically. The use of this alternative means of delivery is more environmentally friendly as it will help reduce paper use and also will reduce the cost of printing and mailing materials to shareholders.

NOTICE IS HEREBY GIVEN that the 2022 Annual General Meeting (the "Meeting") of shareholders of PolyMet will be held on Wednesday, June 15, 2022 at 10:00 a.m. (Pacific Time), at Farris LLP, 25th Floor, 700 West Georgia Street, Vancouver, British Columbia, and online by the way of a live webcast at www.virtualshareholdermeeting.com/PLM2022 for the following purposes:

1. to receive the 2021 Annual Information Form, including the audited consolidated financial statements for the year ended December 31, 2021 and the report of the auditor on those financial statements;
2. to elect seven directors to hold office until the close of the next annual meeting of shareholders;
3. to appoint Deloitte & Touche LLP as the auditor to hold office until the close of the next annual meeting of shareholders and to authorize the Board of Directors to fix the remuneration to be paid to the auditors; and
4. to transact such other business as may properly come before the Meeting or any adjournment or postponement thereof.

Further information regarding the matters to be considered at the Meeting is set out in the accompanying Information Circular.

The Board of Directors has fixed the close of business on April 27, 2022 as the record date for determining shareholders entitled to receive notice of and to vote at the Meeting. Only the registered shareholders at the close of business on April 27, 2022 will be entitled to vote, in person or by proxy, at the Meeting.

In light of the ongoing public health concerns related to the coronavirus (COVID-19), the Company is providing shareholders the opportunity to attend the Meeting either in person or online and to vote either in person, online or by proxy at the Meeting. The Company strongly encourages shareholders and others not to attend the meeting in person particularly if they are experiencing any of the described COVID-19 symptoms of fever, cough or difficulty breathing. Some Directors and Officers of the Company may or may not be physically present at the in-person Meeting but those not present in person will be participating via online or telephone. For those who wish to attend in person, the Company asks that shareholders advise the Company beforehand to ensure it can maintain physical distancing and comply with the then current direction and advice from federal, provincial and municipal levels of government. Shareholders or proxyholders who decide to participate online will be able to listen to the Meeting, ask questions and vote, all in real time, provided they are connected to the internet and comply with all of the requirements to do so.

If you are a registered PolyMet shareholder, you may vote by attending the Meeting in person, however; PolyMet strongly encourages you to, as promptly as possible, complete and return the form of proxy, or vote by proxy online, mail or telephone, as instructed in the Information Circular. To be effective, your form of proxy must be received by Broadridge, 51 Mercedes Way, Edgewood, NY, 11717, no later than Monday, June 13, 2022 at 11:59

p.m. (Eastern Time) or, if the Meeting is adjourned or postponed, no later than 48 hours (excluding Saturdays, Sundays and holidays) prior to the time to which the Meeting is adjourned or postponed. Proxies received by Broadridge after this time will not be accepted; however, the Chair of the Meeting may determine, in the Chair's sole discretion, to accept a proxy that is delivered in person to the Chair at the Meeting as to any matter in respect of which a vote has not already been cast.

If you are a beneficial shareholder and hold your common shares through an intermediary, such as a brokerage firm, bank, clearing agency, securities dealer or other similar organization, you should follow the voting procedures provided by: (a) Broadridge, if you have given permission to your intermediary to disclose your share ownership information to PolyMet; or (b) your intermediary, if you have objected to your intermediary's disclosure of such information.

Beneficial shareholders may request that a paper copy of the meeting materials be sent to them by postal delivery at no cost to them. Requests may be made up to one year from the date the Information Circular was filed on SEDAR. Such requests may be made online by going to www.proxyvote.com and entering the 16-digit control number located on the voting instruction form or notification letter provided to beneficial shareholders and following the instructions provided. Alternatively, such requests may be made by telephone at any time prior to the meeting by dialing 1-800-690-6903 and entering the 16-digit control number provided on the voting information form or notification letter provided to beneficial shareholders and following the instructions provided.

To receive meeting materials in advance of the proxy deposit date and meeting date, requests for printed copies must be received at least fourteen business days in advance of the Annual General Meeting and time set out in the proxy or voting instruction form.

VOTING

Beneficial shareholders are asked to return their voting instruction form using the following methods at least two business days in advance of the proxy deposit date noted on your voting instruction form:

ONLINE: www.proxyvote.com

TELEPHONE: 1-800-690-6903

FACSIMILE: 1-866-623-5305 (For Canadian Shareholders only)

INFORMATION CIRCULAR
FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS
TO BE HELD JUNE 15, 2022

Unless the context otherwise requires, in this Information Circular all references to “PolyMet” and the “Company”, refer to PolyMet Mining Corp. and its subsidiaries. Unless otherwise stated, information in this Information Circular is given as at April 27, 2022. All references in this Information Circular to “\$” or to “US\$” are to U.S. dollars.

**GENERAL INFORMATION ABOUT THIS INFORMATION CIRCULAR AND
THE ANNUAL GENERAL MEETING OF SHAREHOLDERS**

Why did I receive this Information Circular?

PolyMet has sent this Notice of Annual General Meeting and Information Circular or Notice of the Meeting, together with the form of proxy (the “Form of Proxy”), because the Board of Directors is soliciting your proxy to vote at the 2022 Annual General Meeting (the “Meeting”) of shareholders. This Information Circular contains information about the matters to be voted on at the Meeting and important information about PolyMet. As many of the shareholders are expected to be unable to attend the Meeting in person, proxies are solicited by mail to give each shareholder an opportunity to vote on all matters that will properly come before the Meeting. References in this Information Circular to the Meeting include any adjournments or postponements of the Meeting.

PolyMet intends to mail a Notice of the Meeting on or about May 5, 2022 to all of the shareholders entitled to vote at the Meeting.

Delivery of Information Circular

The Canadian Securities Administrators have adopted amendments to National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* and National Instrument 51-102 – *Continuous Disclosure Obligations*, which allow the use of a “notice and access” system for the delivery of proxy related materials, annual financial statements and related management’s discussion and analysis (the “Annual Materials”).

Under this system, reporting issuers are permitted to deliver the Annual Materials by posting them on System for Electronic Document Analysis and Retrieval (“SEDAR”) as well as a website other than SEDAR and sending a notice package to each shareholder receiving the Annual Materials under this system. The notice package must include (i) the relevant form of proxy or voting instruction form; (ii) basic information about the meeting and the matters to be voted on; (iii) instructions on how to obtain a paper copy of the Annual Materials; and (iv) a plain-language explanation of how the notice and access system works and how the Annual Materials can be accessed online. Where prior consent has been obtained, a reporting issuer can send this notice package to shareholders electronically. This notice package must be mailed to shareholders for whom consent to electronic delivery has not been received.

PolyMet has elected to send the Annual Materials to Beneficial Shareholders using the notice and access system. As such, PolyMet will send the above-mentioned notice package to beneficial shareholders which will include instructions on how to access PolyMet’s Annual Materials online and how to request a paper copy. Distribution of the Annual Materials under this system not only reduces printing and mailing costs, but it also reduces PolyMet’s impact on the environment.

What is the date, time and place of the Meeting?

The Meeting will be held at the offices of Farris LLP, 25th Floor, 700 West Georgia Street, Vancouver, British Columbia, and online by the way of a live webcast at www.virtualshareholdermeeting.com/PLM2022, on Wednesday, June 15, 2022 at 10:00 a.m. (Pacific Time).

Who can vote at the Meeting?

Only registered shareholders at the close of business on April 27, 2022 will be entitled to vote at the Meeting. As at April 27, 2022, there are 101,471,132 common shares without par value of PolyMet (“Common Shares”) issued and outstanding. Each person voting at the Meeting has one vote in a vote by show of hands. If a ballot is taken, each person voting at the Meeting will have one vote for each Common Share held.

Registered Shareholder: Common Shares Registered in Your Name

If on April 27, 2022, your Common Shares were registered directly in your name with the registrar and transfer agent, Computershare Investor Services Inc., then you are a registered shareholder. As a registered shareholder, you may vote in person at the Meeting or vote by proxy. Whether or not you plan to attend the Meeting, PolyMet urges you to, as promptly as possible, complete and return the Form of Proxy, or vote by proxy online, as instructed below to ensure your vote is counted.

Beneficial Shareholder: Common Shares Registered in the Name of an Intermediary such as a Brokerage Firm, Bank, Dealer or other Similar Organization

If on April 27, 2022, your Common Shares were held in an account with an intermediary, such as a brokerage firm, bank, dealer or other similar organization, then you are a beneficial shareholder and your Common Shares are held in “street name”. The intermediary holding your account, or a clearing agency (such as CDS Clearing and Depositary Services Inc. in Canada or Depositary Trust Company in the United States) of which the intermediary is a participant, is considered the registered shareholder for purposes of voting at the Meeting. As a beneficial shareholder, you have the right to direct the intermediary or clearing agency on how to vote the Common Shares registered in their name. You are also invited to attend the Meeting; however, since you are not the registered shareholder, you will not be able to vote your Common Shares registered in the name of the intermediary or clearing agency unless you have been appointed as a proxyholder by the intermediary or clearing agency.

What am I voting on at the Meeting?

At the Meeting, the shareholders will be asked to vote on the following resolutions:

- to elect seven directors to hold office until the close of the next annual meeting of shareholders; and
- to appoint Deloitte & Touche LLP as the auditor to hold office until the close of the next annual meeting of shareholders and to authorize the Board of Directors to fix the remuneration to be paid to the auditors.

How does the Board recommend that I vote?

The Board of Directors believe that the election of the seven nominees to the Board of Directors and the appointment of Deloitte & Touche LLP as the auditor are each in the best interests of PolyMet and the shareholders and, accordingly, recommends that each shareholder vote his or her shares “**FOR**” each of the named nominees for election to the Board of Directors and “**FOR**” the appointment of Deloitte & Touche LLP as the auditor.

What vote is required in order to approve each proposal?

Directors are elected by a plurality of votes cast by proxy or in person at the Meeting, which means that those nominees for election to the Board of Directors who receive the largest number of favorable votes will be elected directors, up to the maximum number of directors set by ordinary resolution. Shareholders are not entitled to cumulative votes for the election of directors. Abstention from voting on the election of directors will have no impact on the outcome of this proposal since no vote will have been cast in favor of any nominee.

A simple majority of the votes cast by proxy or in person at the Meeting is required to approve the appointment of Deloitte & Touche LLP as the auditor and independent registered public accounting firm.

Proxies returned by intermediaries as “non-votes” because the intermediary has not received instructions from the beneficial shareholder with respect to the voting of certain of the Common Shares or, under applicable stock exchange or other rules, the intermediary does not have the discretion to vote those Common Shares on one or more of the matters that come before the Meeting, will be treated as not entitled to vote on any such matter and will not be counted as having been voted in respect of any such matter. Common Shares represented by such broker “non-votes” will, however, be counted in determining whether there is a quorum for the Meeting.

How do I vote?

Registered Shareholder: Common Shares Registered in Your Name

If you are a registered PolyMet shareholder, you may vote by attending the Meeting in person. However, in light of the current COVID-19 outbreak and the advice of government agencies, PolyMet strongly encourages you to complete and return the form of proxy, or vote by proxy online, mail or telephone, as instructed in the Information Circular and as promptly as possible.

- **To vote in person at the Meeting**, please come to the Meeting and you will receive an attendance card when you arrive.
- **To vote by proxy over the telephone**, please call 1-800-690-6903 up until 11:59 p.m. Eastern Time on Monday, June 13, 2022.
- **To vote using a Form of Proxy**, please complete, sign, date and return your Form of Proxy in accordance with the instructions on the Form of Proxy.
- **To vote by proxy online**, go to www.proxyvote.com and follow the online voting instructions and refer to your holder account number and proxy access number provided on the Form of Proxy.

Whether you are voting by paper or online proxy, **your proxy must be received by Broadridge, Attention: Vote Processing, 51 Mercedes Way, Edgewood, NY, 11717 no later than June 13, 2022 at 11:59 p.m. (Eastern Time)** or, if the Meeting is adjourned or postponed, no later than 48 hours (excluding Saturdays, Sundays and holidays) prior to the time to which the Meeting is adjourned or postponed. Proxies received by Broadridge after this time will not be accepted; however, the Chair of the Meeting may determine, in the Chair’s sole discretion, to accept a proxy that is delivered in person to the Chair at the Meeting as to any matter in respect of which a vote has not already been cast.

If the instructions you give in your proxy are clear, and if the proxy is properly completed and delivered as described above and has not been revoked, the Common Shares represented by your proxy will be voted or withheld from voting on any poll that may be called for and, if you specify a choice with respect to any matter to be acted upon, the Common Shares will be voted on any poll in accordance with your instructions.

You have the right to appoint another person to attend and act on your behalf at the Meeting other than the persons named in the Form of Proxy. To exercise this right, please insert the name of your nominee in the blank space provided. A person appointed as a proxyholder need not be a shareholder.

Beneficial Shareholder: Common Shares Registered in the Name of an Intermediary such as a Brokerage Firm, Bank, Dealer or other Similar Organization

PolyMet has two kinds of beneficial shareholders – those who have given permission to their intermediary to disclose their ownership information to PolyMet, otherwise referred to as “non-objecting beneficial owners”, and those who have objected to their intermediary’s disclosure of this information, otherwise referred to as “objecting beneficial owners”. As allowed under Canadian provincial securities laws, PolyMet has obtained a list of the non-objecting beneficial owners from intermediaries and has used that list to distribute proxy-related materials directly to non-objecting beneficial owners.

If you are a non-objecting beneficial owner, then you will receive a voting instruction form from Broadridge. If you are an objecting beneficial owner, then you will receive a voting instruction form from your intermediary.

The voting instruction form that you will receive is similar to the proxy that PolyMet provides to the registered shareholders. However, its purpose is limited to instructing your intermediary or clearing agency, as the registered shareholder, on how to vote on your behalf. No person will be admitted at the Meeting to vote by presenting a voting instruction form.

- **To vote using the voting instruction form**, simply complete and return the voting instruction form in accordance with its instructions.
- **To vote in person at the Meeting**, you must instruct Broadridge if you are a non-objecting beneficial owner, or your intermediary if you are an objecting beneficial owner, to appoint you as proxyholder.

If you have any questions, contact Broadridge if you are a non-objecting beneficial owner, or your intermediary if you are an objecting beneficial owner.

How will proxies be exercised?

The proxyholder will vote according to instructions in the proxy on any ballot, which may be called for and for which a choice has been specified. Unless otherwise indicated by you on the proxy, your Common Shares will be voted “FOR” each of the motions proposed to be made at the Meeting as stated in the proxy.

The proxy also confers upon the proxyholder discretionary authority to vote all Common Shares represented by the proxy with respect to amendments or variations to matters identified in the Notice of Meeting and any other matter that properly comes before the Meeting. The Board of Directors knows of no such amendment, variation or other matter that is to be presented for action at the Meeting. However, if any other matters which are not now known to the Board of Directors should properly come before the Meeting, the proxies will be voted, or withheld, by the proxyholder in his or her discretion.

What is the quorum for the Meeting?

A quorum of shareholders must be present at the commencement of the Meeting, either in person or by proxy. Under PolyMet’s Articles, the quorum for the Meeting is two shareholders present in person or by proxy holding or representing at least 5% of the Common Shares. If a quorum is not present at the commencement of the Meeting or within a reasonable period of time thereafter, the shareholders present in person or by proxy may adjourn the Meeting to a fixed time and place but may not transact any other business at the Meeting.

What does it mean if I receive more than one set of proxy materials?

This means that you own Common Shares that are registered under different names. For example, you may own some Common Shares directly as a registered shareholder and other Common Shares as a beneficial shareholder through an intermediary, or you may own Common Shares through more than one such organization. In these situations, you will receive multiple sets of proxy materials. It is necessary for you to, as promptly as possible, complete and return all paper proxies, or vote by proxy online, and complete and return all voting instruction forms in order to vote all of the Common Shares you own. Each paper proxy you receive will come with its own return

envelope. If you vote by mail, please make sure you return each paper proxy in the return envelope that accompanies that proxy.

Can I revoke my proxy?

Yes, if you are a registered shareholder and have voted by paper or online proxy, you may revoke your proxy by delivering a duly executed proxy by paper or online with a later date or a form of revocation of proxy. Your proxy may be revoked by an instrument in writing signed by you or by your attorney duly authorized in writing and, if you are a corporation or association, the instrument in writing should bear the seal of the corporation or association and must be executed by an officer or by an attorney duly authorized in writing, and deposited at the Company's registered office at Farris LLP, 25th Floor, 700 West Georgia Street, Vancouver, British Columbia, V7Y 1B3, Attention: Denise Nawata, at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof.

Alternatively, you may revoke your proxy and vote in person, by delivering a form of revocation of proxy to the Chair of the Meeting at the Meeting, or any adjournments or postponements of the Meeting thereof, before the taking of a vote in respect of which the proxy is to be used. You may also revoke your proxy in any other manner permitted by law.

If you are a non-objecting beneficial owner, you should contact Broadridge in order to obtain instructions regarding the procedures for revoking any voting instructions that you previously provided to Broadridge. Similarly, if you are an objecting beneficial owner, you should contact the intermediary that holds your Common Shares in order to obtain instructions regarding the procedures for revoking any voting instructions that you previously provided to your intermediary.

Who pays the cost of the proxy solicitation?

PolyMet will pay the cost of soliciting these proxies, including the printing, handling and mailing of the proxy materials. Copies of these materials will be given to brokerage firms, banks, dealers or other similar organizations that hold Common Shares for beneficial shareholders. PolyMet will reimburse these brokerage firms, banks, dealers or other similar organizations for their reasonable out-of-pocket expenses in forwarding proxy materials to beneficial shareholders. In addition, proxies may be solicited by certain directors, executive officers and employees personally or by telephone, mail, facsimile or e-mail. No additional compensation will be paid to directors, officers or other employees for soliciting proxies. PolyMet may, if determined advisable, retain at its cost an agency to solicit proxies in Canada and in the United States.

What if I have any questions regarding the Meeting?

If you have any questions regarding the Meeting, please contact either Broadridge or PolyMet as follows:

Broadridge

- **by phone:** 1-800-693-6903, or
- **by mail:** 51 Mercedes Way, Edgewood, New York 11717

PolyMet

- **by phone:** 1-651-389-4100;
- **by email:** info@polymetmining.com, or
- **by mail:** 444 Cedar Street, Suite 2060, St. Paul, MN 55101

How can I find out the results of the voting at the Meeting?

Preliminary voting results will be announced at the Meeting. Final voting results will be filed with the Canadian provincial securities regulatory authorities and be available online at www.sedar.com and will also be furnished to the United States Securities and Exchange Commission published in a report on Form 6-K and be available online at www.sec.gov.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

As at April 27, 2022, to the knowledge of the directors and executive officers, no one person beneficially owns, controls or directs, directly or indirectly, more than 10% of the issued and outstanding Common Shares, other than Glencore AG, which holds 71% of the outstanding Common Shares.

BUSINESS TO BE CONDUCTED AT THE MEETING

1. Presentation of Financial Statements

The audited consolidated financial statements of the Company for the year ended December 31, 2021, together with the report of the auditors thereon, will be placed before the Meeting. Copies of the financial statements and management discussion and analysis ("MD&A") can be obtained by contacting PolyMet in writing at 444 Cedar Street, Suite 2060, St. Paul, MN 55101 or by e-mail at info@polymetmining.com. Copies of such documents will be provided to shareholders free of charge. These documents are also available on SEDAR at www.sedar.com, EDGAR at www.sec.gov, and on the Company's website at www.polymetmining.com.

2. Election of Directors

Director Nominees for Election

The Board of Directors passed a resolution to set the number of directors to be elected at seven. All current directors intend to stand for re-election to the Board of Directors. The Board of Directors has put forward the names of the directors as nominees as outlined below.

PolyMet has a majority voting policy in respect of election of directors. In an uncontested election of directors of the Company, each director should be elected by the vote of a majority of the shares represented in person or by proxy at the shareholders' meeting convened for such election of directors. If any nominee receives a greater number of votes "withheld" from his or her election than votes "for" such election, that director shall promptly tender his or her resignation to the chair of the Board following the meeting. In this policy, an "uncontested election" means an election where the number of nominees for election as a director equals the number of directors to be elected.

The Nominating and Corporate Governance Committee (the "Committee") shall consider any such offer of resignation and recommend to the Board whether or not to accept it. Any director who has tendered his or her resignation shall not attend or participate in the deliberations of either the Committee or the Board. The Committee shall recommend to the Board to accept the resignation of the director, absent exceptional circumstances. For the purposes of the policy "exceptional circumstances" may include: (i) the effect such resignation may have on the Company's ability to comply with any applicable commercial or corporate governance agreements, governance rules and policies or applicable corporate or securities laws; (ii) the director is a member of an established and active special committee which has a defined term or mandate (such as a strategic review) and accepting the resignation of such director may jeopardize the achievement of the special committee's mandate; (iii) majority voting was used for a purpose inconsistent with the policy objectives of the Toronto Stock Exchange's majority voting requirement; or (iv) any other factors that the members of the Committee consider relevant.

The Board shall act on the Committee's recommendation within 90 days following the applicable shareholders' meeting and announce its decision through a press release, after considering the factors identified by the Committee and any other factors that the members of the Board consider relevant. For greater clarity, the Board will accept the resignation of the director absent exceptional circumstances. If the Board declines to accept the resignation, it should include in the press release the reasons for its decision.

Forms of proxy provided for use at any shareholders meeting where directors are to be elected should enable the shareholders to vote in favor of, or to withhold from voting in respect of, each nominee separately. The results of the vote will be filed on SEDAR.

Subject to any applicable corporate law restrictions or requirements, if a resignation is accepted, the Board may leave the resulting vacancy unfilled until the next annual general meeting. Alternatively, it may fill the vacancy through the appointment of a new director whom the Board considers to merit the confidence of the shareholders, or it may call a special meeting of shareholders at which there will be presented a management nominee or nominees to fill the vacant position or positions.

The term of each present director expires at the conclusion of the Meeting. Each director elected at the Meeting will hold office until the conclusion of the next annual meeting of shareholders or until his or her successor is duly elected or appointed, unless he or she resigns, is removed or becomes disqualified in accordance with PolyMet's Articles or the Company's governing legislation.

PolyMet is not aware that any of the nominees will be unable or unwilling to serve as one of the directors; however, should PolyMet become aware of such an occurrence before the election of directors takes place at the Meeting and if the persons named in the accompanying Form of Proxy are appointed as proxyholder, it is intended that the discretionary power granted under such proxy will be used to vote for any substitute nominee or nominees whom the Board of Directors in its discretion, may select.

The persons named in the proxy intend to vote the Common Shares represented by proxies for which either of them is appointed proxyholder **"FOR"** each named nominee.

The Board of Directors recommends a vote "FOR" each named nominee.

He has published over 300 papers and has been extensively involved as a process consultant in industrial research programs with metallurgical companies. Dr. Dreisinger has participated in 24 U.S. patents for work in Hydrometallurgical applications in base, precious and rare metals. Dr. Dreisinger serves as a director of Euro Manganese Inc., Search Minerals, Inc., and Cascadero Copper, and as Vice President – Metallurgy for each of Camrova Resources Inc. and Search Minerals Inc. Dr. Dreisinger currently resides in British Columbia, Canada.

David Fermo has served as a member of the Board of Directors since June 2020. He is the Chair of the Audit Committee and is also a member of the Compensation Committee. Mr. Fermo initiated his career in South Africa as an auditor before moving to the United States to attend The Wharton School of Finance in Philadelphia. His career spans auditing, financial analysis, bond fund management and private banking. Mr. Fermo's first position in the U.S. was with Paine Webber for eight years in various positions including a Financial Analyst, reporting to the CFO of Paine Webber Group and the Asset Management Division where he managed Investment Grade and Mortgage Bond portfolios. Mr. Fermo also spent six years at Goldman Sachs Asset Management where he led a team of professionals nationally who placed investment products managed by Goldman Sachs with institutions. He was also a Goldman Sachs appointee to the board of a client's registered mutual fund complex. Mr. Fermo then spent over 22 years at J.P. Morgan, in three positions, encompassing both the Asset Management Division and the Private Bank. He retired from J.P. Morgan in 2017 and currently works with his son in a real estate endeavor. Mr. Fermo holds degrees in business

and accounting from the University of the Witwatersrand, Johannesburg, South Africa. He is a Chartered Accountant (South Africa) and has an MBA from The Wharton School of the University of Pennsylvania. He currently resides in New York, United States.

Alan R. Hodnik has served as a member of the Board of Directors since March 2011 and was appointed Lead Independent Director in June 2020. He is the Chair of the Compensation Committee, Chair of the Nominating and Corporate Governance Committee and is also a member of the Audit Committee and Health, Safety, Environment and Communities Committee. Mr. Hodnik retired from ALLETE Inc. as its Executive Chairman after a career that spanned 40 years. Minnesota Power, An ALLETE subsidiary, is the energy provider to the PolyMet project. After holding various titles of increasing responsibility over his career, he was named President of ALLETE in 2009, Chief Executive Officer in 2010 and Chairman of the Board in 2011. After announcing his plans to retire in 2020, Mr. Hodnik served ALLETE as Executive Chairman in a transitionary role until his retirement in May 2021. He maintains extensive business, labor, political and community relationships across the State of Minnesota and regionally. Mr. Hodnik serves on the Essentia Health Systems Board of Directors and on the Grand Rapids, Minnesota, Economic Development Authority. He served as Mayor of Aurora, Minnesota from 1988-1998. Aurora and nearby Hoyt Lakes are co-host communities of the PolyMet project. He currently resides in Minnesota, United States.

Roberto Huby has served as a member of the Board of Directors since June 2020. He is also a member of the Health, Safety, Environment and Communities Committee, Nominating and Corporate Governance Committee and Technical Steering Committee. Mr. Huby is the General Manager Corporate Affairs for Glencore's South American copper operations. He joined Glencore in 2007 and held various positions with responsibility in the marketing and assets divisions. Mr. Huby also serves as a member of the board of Compañía Minera Antamina SA, Minera Agua Rica Alumbraera Limited, and Compañía Minera Antapaccay SA. Mr. Huby holds a Bachelor of Science degree in industrial engineering from the Pontificia Universidad Catolica del Peru and a Master of Business Administration degree from The Wharton School of the University of Pennsylvania. Mr. Huby currently resides in Peru.

Stephen Rowland has served as a member of the Board of Directors since October 2008. He is also a member of the Compensation Committee and Nominating and Corporate Governance Committee. Mr. Rowland has been an executive with Glencore, a diversified natural resources company, since 1988 and has held various positions with responsibility for international trading in metals and minerals in London, Switzerland, and the United States. Mr. Rowland currently resides in Connecticut, United States.

Matthew Rowlinson has served as a member of the Board of Directors since December 2021. He is also a member of the Technical Steering Committee. He leads business development for Glencore's copper assets group. Mr. Rowlinson has led and been involved with many of Glencore's copper divestments, mergers and acquisitions and has held various board positions for the group which included Compañía Minera Antamina S.A. in Peru and Compañía Minera Doña Inés de Collahuasi SCM in Chile. Mr. Rowlinson began his career with Ernst & Young as an auditor of multinational mining and financial services companies in London, United Kingdom and South Africa. He joined Glencore in 2013 as an asset manager responsible for Latin American assets and subsequently was named CFO of Copper Latin American Mining and Global Copper Smelting and Refining Assets, then CFO of Copper Latin American Mining and Joint Venture Assets Copper, followed by CFO, Copper Americas (mining and metallurgical assets). He was appointed to his current position in 2021. Mr. Rowlinson is a qualified Chartered Accountant (South Africa) and holds an MBA from the University of Bath (UK). Mr. Rowlinson currently resides in Zug, Switzerland.

To the knowledge of PolyMet's management, no directors: (i) are, at the date hereof, or have been, during the ten years prior to the date hereof, a director or executive officer of any company that, while that person was acting in that capacity or within one year of that person ceasing to act in that capacity became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or became subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver-manager or trustee appointed to hold assets of the director; or (ii) have, within the ten years before the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangements or compromises with creditors, or had a receiver, receiver manager or trustee appointed to hold assets of the director.

3. Appointment of Auditors

Deloitte & Touche LLP has served as PolyMet's auditor since August 2019. Upon the recommendation of the Audit Committee, it is proposed that Deloitte & Touche LLP be appointed as the auditor to hold office until the close of the next annual meeting of shareholders and that the Board of Directors be authorized to fix the remuneration to be paid to the auditor. If the resolution is not adopted, the *Business Corporations Act* (British Columbia) provides that the current auditor, Deloitte & Touche LLP, will continue to act for PolyMet until such time as the shareholders approve an alternative auditor.

A simple majority of the votes cast by proxy or in person at the Meeting is required to approve the proposed appointment of Deloitte & Touche LLP.

The persons named in the proxy intend to vote the Common Shares represented by proxies for which either of them is appointed proxyholder **"FOR"** the appointment of Deloitte & Touche LLP as the auditor to hold office until the close of the next annual meeting of shareholders and that the Board of Directors be authorized to fix the remuneration to be paid to the auditor.

The Board of Directors recommends a vote "FOR" appointing Deloitte & Touche LLP.

4. Other Business

Management knows of no other matters to come before the Meeting other than those referred to in the Notice of Meeting. However, if any other matters which are not now known to PolyMet shall properly come before the said Meeting, the Form of Proxy given pursuant to the solicitation by management will be voted on such matters in accordance with the best judgment of the persons voting the proxy.

STATEMENT ON CORPORATE GOVERNANCE

PolyMet's Corporate Governance Disclosure in the form required by the National Instrument 58-101 - *Disclosure of Corporate Governance Practices* is set out in Schedule A to this Information Circular.

The Company's common shares are listed on the NYSE American under the trading symbol "PLM". Section 110 of the NYSE American Company Guide permits the NYSE American to consider the laws, customs and practices of foreign issuers in relaxing certain NYSE American listing criteria, and to grant exemptions from NYSE American listing criteria based on these considerations. A description of the significant ways in which the Corporation's governance practices differ from those followed by domestic companies pursuant to NYSE American standards is as follows:

- **Shareholder Approval Requirement:** NYSE American requires a listed company to obtain the approval of its shareholders for certain types of securities issuances, including the issuance of common shares of the Company to directors of the Company in a private placement transaction at a price per unit that is less than the market value of the common shares of the Company on the date of the definitive agreement of the offering. The Company sought and received a waiver from NYSE American's shareholder approval requirements in circumstances where the securities issuance does not trigger such a requirement under the rules of the TSX.
- In addition, the Company may from time-to-time seek relief from NYSE American corporate governance requirements on specific transactions under Section 110 of the NYSE American Company Guide by providing written certification from independent local counsel that the non-complying practice is not prohibited by the Company's home-country law, in which case, the Company shall make the disclosure of such transactions available on its website.
- **Shareholder Meeting Quorum Requirement:** Section 123 of the NYSE American Company Guide requires a quorum of not less than 33-1/3 of a listed company's shares issued and outstanding entitled to vote at a meeting of shareholders. Under PolyMet's Articles, the quorum for the meeting is two of the shareholders present in person or by proxy holding or representing more than 5% of the Common Shares.

Under the rules of the NYSE American, the Company is considered a “controlled company” because Glencore AG holds more than 50% of the voting power of the Company. As a “controlled company,” the Company is exempt from certain rules and requirements of the NYSE American related to corporate governance matters, including the rules requiring that (i) the Board of Directors be comprised of at least a majority of independent directors, (ii) the compensation of the executive officers be determined, or recommended to the Board of Directors for determination, either by a compensation committee comprised of independent directors or by a majority of the independent directors, and (iii) nominations for election to the Board of Directors be either selected, or recommended for the Board of Directors’ selection, by either a nominating committee comprised solely of independent directors or by a majority of the independent directors.

AUDIT COMMITTEE

PolyMet is subject to National Instrument 52-110 - *Audit Committees*, which has been adopted in various Canadian provinces and territories and which prescribes certain requirements in relation to audit committees and defines the meaning of independence with respect to directors. These reflect current regulatory guidelines of the Canadian Securities Administrators (CSA) as well as certain U.S. initiatives under the *Sarbanes-Oxley Act of 2002* and adopted corporate governance rules of the NYSE and NASDAQ National Market.

During 2021, the Audit Committee was composed of Dr. David Dreisinger, David J. Fermo, and Alan R. Hodnik, each of whom, in the opinion of the Board of Directors, is independent as determined under the rules of the TSX and NYSE American and each of whom is financially literate. The Audit Committee meets the composition requirements set forth by TSX and NYSE American rules.

During 2021, the Board of Directors determined that David J. Fermo qualified as the Audit Committee’s “financial expert” as defined under the rules of the TSX and NYSE American and was “financially sophisticated” as defined under the rules of the NYSE American. Mr. Fermo qualified as a financial expert and is financially sophisticated, in that he has an understanding of generally accepted accounting principles and financial statements; is able to assess the general application of accounting principles in connection with the accounting for estimates, accruals and reserves; has experience analyzing or evaluating financial statements that entail accounting issues of equal complexity to the Company’s financial statements (or actively supervising another person who did so); and has a general understanding of internal controls and procedures for financial reporting and an understanding of audit committee functions.

The members of the Audit Committee do not have fixed terms and are appointed and replaced from time to time by resolution of the Board of Directors.

The Audit Committee meets four times a year, at a minimum, and has access to all officers, management and employees of the Company and may engage advisors or counsel as deemed necessary to perform its duties and responsibilities as a committee. In 2021, the Audit Committee met seven times, and the attendance of each committee member is listed below:

Audit Committee Member	Attendance
David Dreisinger	7/7
David J. Fermo	7/7
Alan R. Hodnik	7/7

The Audit Committee also meets with the Company’s President and CEO, the Company’s CFO, and the Company’s independent auditors to review and inquire into matters affecting financial reporting, the system of internal accounting and financial controls, and the Company’s audit procedures and audit plans. The Audit Committee also recommends to the Board of Directors the independent auditors to be appointed for each year. In addition, the Audit Committee reviews and recommends to the Board of Directors for approval the annual and quarterly financial statements and management’s discussion and analysis. Finally, the Audit Committee undertakes other activities as required by the rules and regulations of the TSX and the NYSE American and other governing regulatory authorities.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

No director, executive officer, proposed nominee for election as a director, nor any of their respective associates or affiliates is or has been at any time since the commencement of the last completed financial year indebted to PolyMet.

INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

Other than as disclosed herein, PolyMet is not aware of any material interest, direct or indirect, involving any director or executive officer or proposed nominee for election as a director or any shareholder who holds more than 10% of the outstanding voting securities, or any associate or affiliate of any of the foregoing, which has been entered into since the commencement of the last completed financial year or in any proposed transaction which, in either case, has materially affected or will materially affect PolyMet or any of PolyMet's subsidiaries.

DIRECTOR AND OFFICER INDEMNIFICATION AND INSURANCE

Indemnification of Directors or Officers

There is no indemnification payable this financial year to directors or officers of PolyMet.

Directors' and Officers' Liability Insurance

In accordance with the Company's Articles, PolyMet maintains Director & Officer Liability insurance policies to provide insurance against possible liabilities incurred by directors and officers in their capacity as directors and officers of the Company.

STATEMENT OF EXECUTIVE COMPENSATION

In this Management Proxy Circular, a “Named Executive Officer” (“NEO”) means: (i) the Chief Executive Officer; (ii) the Chief Financial Officer; (iii) the three other most highly compensated executive officers at the end of the financial year; and (iv) each individual who would be an NEO but for the fact that the individual was neither an executive officer, nor serving in a similar capacity as the end of the financial year. For the financial year ended December 31, 2021, PolyMet had five NEO’s, namely Messrs. Jonathan Cherry, Patrick Keenan, Richard Lock, Ryan Vogt and Andrew Ware. Mr. Ware is not an executive officer (for the purposes of applicable securities legislation) but constitutes a NEO.

Compensation Committee

The Compensation Committee is responsible for making recommendations to the Board of Directors regarding the compensation to be paid to each of the executive officers of PolyMet. In addition, the Compensation Committee makes recommendations regarding compensation programs and policies and the granting of options and other stock-based awards under the Omnibus Plan and Share Bonus Plan.

During 2021, the Compensation Committee was composed of David J. Fermo, Alan R. Hodnik, and Stephen Rowland. David J. Fermo and Alan R. Hodnik were, in the opinion of the Board of Directors, independent under the rules of the TSX and pursuant to Sections 803A and 805(c)(1) of the NYSE American Company Guide. Stephen Rowland was, in the opinion of the Board of Directors, not considered to be independent and serves on the Compensation Committee as a result of the Company’s status as a “controlled company”, as described below.

The Company’s Common Shares are listed on the NYSE American. Under the rules of the NYSE American, the Company is considered a “controlled company” because Glencore AG holds more than 50% of the voting power of the Company. As a “controlled company,” the Company is exempt from certain rules and requirements of the NYSE American related to corporate governance matters, including the rules requiring that the compensation of the Company’s executive officers be determined, or recommended to the Board of Directors for determination, either by a compensation committee comprised of independent directors or by a majority of the independent directors.

Each of the members of the Compensation Committee has extensive experience in executive compensation and corporate management. The Compensation Committee Chair, Mr. Hodnik, served as the President of ALLETE Inc. from May 2009 until February 2019, CEO of ALLETE Inc. from May 2010 until February 2020, and ALLETE Board Chairman from May 2011 until January 2020. In February 2020, Mr. Hodnik was named ALLETE Executive Chairman until May 2021 as part of a planned and orderly succession process. Allete Inc., is a Minnesota-based utility, with approximately 1,400 employees, many of whom are skilled engineers, environmental specialists or experienced in project development and finance, and many of whom work in northeastern Minnesota. Mr. Fermo’s career spans auditing, financial analysis, bond fund management and private banking. Mr. Fermo retired from J.P. Morgan in 2017. Mr. Rowland has been an executive with Glencore, a diversified natural resources company, since 1988. Mr. Rowland has held various positions with responsibility for international trading in metals and minerals in London, Switzerland, and the United States. See the “Information about Nominees for Directors” above for additional information on qualifications and experience of current committee members.

PolyMet has utilized a compensation consultant, The Human Well, since August 2012 to assist the Compensation Committee and Board of Directors in determining salaries, director compensation, cash incentives and share based incentives and to assess the effectiveness of PolyMet’s incentive plans in contributing to corporate performance. The Compensation Committee used this data to ensure PolyMet has the ability to attract, retain and motivate directors and key executives. Compensation is intended to be competitive with similar positions in the comparator group. The comparator group includes publicly held companies of similar size and market capitalization in Canada and the United States and other companies operating in the mining industry in North America. PolyMet uses comparator group information as a general guide to assist in comparing and reviewing compensation levels and establishing compensation arrangements. PolyMet does not rely solely on specific benchmarks relative to the comparator group or any particular company in the comparator group but does consider this information when setting the overall compensation strategy.

PolyMet paid the following fees to The Human Well for these services for the years ended December 31, 2021 and 2020.

Year Ended	Executive Compensation Related Fees (US\$)	All Other Fees (US\$)
December 31, 2021	48,500	Nil
December 31, 2020	500	Nil

The Human Well will continue to provide PolyMet with compensation consulting services for the current financial year.

No members of the Compensation Committee are officers or employees or were former officers or employees of PolyMet or any subsidiaries within the last three years, had or has any relationship that requires disclosure hereunder in respect of indebtedness owed to PolyMet or any interest in material transactions involving PolyMet. In addition, executive officers have not served on the Compensation Committee (or in the absence of such committee the entire Board of Directors) of another issuer whose executive officer is a member of the Compensation Committee or Board of Directors. All meetings of the Compensation Committee are documented in the form of meeting minutes.

The Compensation Committee met five times during the year, and the attendance of each committee member is listed below:

Compensation Committee Member	Attendance
David J. Fermo	5/5
Alan R. Hodnik	5/5
Stephen Rowland	5/5

Objectives of Executive Compensation

Due to the competitive nature of the industry, executive talent has significant career mobility and, as a result, the competition for experienced executives is great. The existence of this competition along with the need for talented and experienced executive officers to realize business objectives underlies the design and implementation of all compensation programs.

The Compensation Committee endeavors to ensure that PolyMet's compensation policies:

- align the short-term and long-term interests of its management team with those of its shareholders;
- attract and retain highly qualified executives;
- motivate performance and recognize and reward contribution to the success of PolyMet as measured by the accomplishment of specific performance objectives; and
- ensure that a significant proportion of compensation is at risk and directly linked to the success of PolyMet.

The Compensation Committee has adopted share ownership guidelines for directors and other key personnel. As at April 27, 2022, the Compensation Committee was satisfied that these goals are being met in a timely fashion.

Risks Associated with PolyMet's Compensation Policies and Practices

The Company's compensation program is structured in a way that does not encourage excessive risk-taking by employees. Performance targets are designed to measure a mixture of financial and non-financial measures and to balance short-term and longer-term objectives. No single metric or objective can significantly impact executive compensation in a given year.

The compensation mix between base salary and at-risk pay (long-term incentives), and the balance between short-term (paid in cash and stock) and long-term incentives (paid in stock options, restricted stock, and restricted stock units), are designed to ensure that executive officers do not take inappropriate or excessive risks in the performance of their duties. Before recommending the compensation mix to the Board, the Compensation Committee undertakes an annual review of the compensation policies and programs and considers the implications and risks associated with such policies and programs. Based on its most recent review, the Compensation Committee did not identify any risks from the compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Policy against Hedging

No executive officer or director is permitted to purchase financial instruments that are designed to offset a decrease in market value of equity securities that are granted as compensation held directly or indirectly.

Structure of Executive Compensation

PolyMet's compensation program for executive officers is designed to reward commitment and achievement with respect to overall financial and operating performance of PolyMet, the overall assessment of each executive officer's individual performance, and each executive officer's contribution towards meeting corporate objectives, levels of responsibility and length of service. PolyMet has structured long-term incentives to ensure that compensation is closely aligned with shareholder interests and that a significant proportion of compensation is at risk and linked to PolyMet's success.

Elements of Executive Compensation

PolyMet's compensation package for its executive officers consists of base salary, short-term incentives, long-term incentives, and customary employment benefits. See the "Summary Compensation Table" for disclosure of total direct compensation (as such term is defined in Form 51-102F6 – *Statement of Executive Compensation*) paid to the NEO's during the three most recently completed financial years.

The Compensation Committee believes that the elements of executive compensation, when combined, form an appropriate mix of compensation. The elements provide competitive salary, link executive compensation to corporate and individual performance (which rewards behavior that creates long-term value for shareholders and other shareholders), and encourage retention with time-based vesting attached to long-term incentives.

For the Company's executive officers, the compensation mix is established with an emphasis on variable (or "at risk") pay, which is not guaranteed, including a strong equity-linked component. The total value is weighted towards "at-risk" variable compensation, which is based on performance and ties total direct compensation to the achievement of current and longer-term corporate objectives and strategies.

Base Salary

Base salary levels reflect the fixed component of pay that compensates the NEO's for fulfilling their roles and responsibilities and assists in the attraction and retention of highly qualified executives. Base salaries are reviewed on an annual basis for each individual and adjusted where it is deemed necessary. In order to ensure that base salaries are competitive relative to similar positions within the mining industry, industry salary surveys are reviewed. Other considerations taken into account when examining base salaries include: years of experience, the contribution which the individual can make and has made to the success of the Company, the level of responsibility and authority inherent in the individual's job, and leadership qualities of the individual.

Annual and Long-Term Incentives

The Company has an Annual or Short-Term Incentive Plan (“STIP”) and Long-Term Incentive Plan (“LTIP”) developed by the Compensation Committee and approved by the Board, pursuant to which key employees are eligible for a bonus calculated as a percentage of their annual base salary if certain performance criteria prescribed by the STIP and LTIP are satisfied. Incentives are based on two factors, namely (i) the achievement of specific corporate objectives, and (ii) the individual’s performance. The weighting is based on the individual’s level in the Company. The evaluation of PolyMet’s corporate performance is based on achievement of specific targets such as achievement of environmental review and permitting milestones, operating expenditures, and safety. The individual performance component is more subjective and is based on individual goals established at the beginning of the year for each individual, which are linked to the achievement of the Company’s goals.

PolyMet’s incentive compensation policy provides for targets for short-term and long-term incentive compensation as a percentage of base salary. These targets are then multiplied by a performance factor to arrive at a final bonus as a percentage of salary. The performance factor is designed to provide the flexibility to recognize exceptional performance of an individual and is determined by the Compensation Committee with respect to the Chief Executive Officer, and jointly by the Compensation Committee and the Chief Executive Officer for other individuals. The performance factor, together with the targets, create a limit (the “maximum permissible bonus”) on the incentive compensation as a percentage of base salary.

Ultimately, the Compensation Committee uses its discretion at the end of the year when comparing actual achievements against the performance criteria prescribed by the STIP and LTIP. The Compensation Committee believes that rigid formulas can occasionally lead to an unwarranted result that does not accurately reflect performance and believes that the discretion of the Board should be the ultimate determinant of final, overall compensation within the context of pre-determined guidelines.

Incentive Plan Awards

Short-term incentives consist of cash and vested stock. Long-term incentives consist of stock options, restricted stock, restricted stock units, deferred stock units, performance stock units and other stock-based awards. All stock-based awards are governed by the Omnibus Plan, described in detail below.

Omnibus Plan

PolyMet’s Omnibus Plan was approved by shareholders at the Annual and Special Meeting held on June 27, 2007, modified and further ratified and reconfirmed by shareholders most recently at the Annual General and Special Meeting held on July 16, 2021. The Omnibus Plan is administered by the Compensation Committee.

The Omnibus Plan provides the flexibility to issue many types of incentive awards, including stock options, restricted stock, restricted stock units, deferred stock units, performance stock units, and other stock-based awards.

General Provisions of the Omnibus Plan

The following is a summary of important provisions of the Omnibus Plan. A shareholder or any other interested party may obtain a copy of the current Omnibus Plan by contacting the Company or by accessing it online at www.sedar.com and www.sec.gov.

Purpose. The purpose of the Omnibus Plan is to promote the interests and long-term success by (i) furnishing certain directors, officers, employees or consultants of the Company with greater incentive to further develop and promote the business and financial success of the Company, (ii) furthering the identity of persons to whom awards may be granted with those of the shareholder of the Company, and (iii) assisting the Company in attracting, retaining and motivating its directors, officers, employees and consultants.

Eligible Participants. The Compensation Committee can, from time to time, recommend Awards to any director, officer, employee or any individual, company or other person engaged to provide ongoing valuable services

to PolyMet (a “Consultant”), or to a person otherwise approved by the Compensation Committee (any such person or company is called an “Eligible Person”).

Number of Securities Issued or Issuable. The maximum number of Common Shares issuable under the Omnibus Plan will be 10% of all issued and outstanding Common Shares; of which 364,000 Common Shares are reserved for issuance as Bonus Shares. A further 250,000 common shares are reserved for issuance pursuant to an exemption under Section 613(c) of the TSX Company Manual as an inducement to Mr. Cherry entering into full time employment with PolyMet.

Maximum Grant to Insiders. The aggregate number of Common Shares issuable to all Participants that are insiders in any one year period cannot exceed 10% of the total number of outstanding Common Shares (on a non-diluted basis) excluding those Common Shares issuable under PolyMet’s existing Share Bonus Plan.

Maximum Grant to Independent Directors. The aggregate number of Common Shares issuable to any one Participant that is an independent director of PolyMet cannot exceed 1% of the total number of outstanding Common Shares (on a non-diluted basis), excluding Common Shares reserved for issuance to such Participant at a time when such Participant was not an independent director of PolyMet and excluding those Common Shares issuable under PolyMet’s existing Share Bonus Plan.

Maximum Grant to Any One Participant. Subject to the restrictions set forth above, the aggregate number of Common Shares issuable to any one Participant in any one year period, cannot exceed, in aggregate, 5% of the total number of outstanding Common Shares.

Notwithstanding any other granting provision, the aggregate number of Common Shares issuable under the Omnibus Plan for U.S. Qualified Incentive Stock Options and other U.S. Awards cannot exceed 10 million (post-consolidated basis) Common Shares, subject to adjustment provisions in the Omnibus Plan and subject to the provisions of section 422 and 424 of the U.S. Internal Revenue Code.

Exercise Price of Options. The exercise price per Common Share for options is fixed by the Compensation Committee. Under no circumstances can the exercise price at the time of grant be less than the closing United States dollar trading price of the Common Shares on the NYSE on the previous day of the date of grant.

Vesting of Options. Vesting is at the discretion of the Compensation Committee. However, if a Participant’s employment is terminated by PolyMet without cause, or a Participant’s contract as a consultant is terminated by PolyMet before its normal termination date without cause, or a change of control of PolyMet occurs then all unvested Options will vest on the date of termination or change of control, as the case may be.

Term of Options. The term of options granted will be determined by the Compensation Committee and specified in the option agreement pursuant to which such option is granted, provided that the date cannot be later than the earlier of (i) the date which is the 10th anniversary of the date on which such option is granted, and (ii) the latest date permitted under the applicable rules and regulations of all regulatory authorities to which PolyMet is subject.

Exercise of Options. Options may be exercised by a Participant: (i) upon payment of the exercise price; (ii) by arrangements made between PolyMet and a broker chosen by the Participant by which the broker pays PolyMet the exercise price of the Options that are exercised upon the sale of the Common Shares issued upon the exercise of the Options; or (iii) with the approval of the Compensation Committee, at the election of the Participant, by payment by PolyMet to the Participant of an amount equal to the difference between the exercise price and the Market Price of the Common Shares to be issued on the exercise of the Option or by the issue of Common Shares to the Participant having a Market Price equal to the difference between the exercise price and the Market Price of the Common Shares to be issued on the exercise of the Option.

Restricted Stock. The Compensation Committee is authorized to grant Restricted Stock to Eligible Persons under the Omnibus Plan. The Common Shares of restricted stock will be subject to such restrictions as the Compensation Committee may impose (including, without limitation, a restriction on or prohibition against the right to receive any dividend or other right or property with respect thereto), which restrictions may lapse separately or in combination at such time or times, in such instalments or otherwise as the Compensation Committee determines.

Restricted Stock Unit. The Compensation Committee is authorized to grant Restricted Stock Units to Eligible Persons under the Omnibus Plan. A Restricted Stock Unit Award will be subject to a Restricted Stock Unit Award agreement containing such terms and conditions, not inconsistent with the provisions of the Omnibus Plan, as the Compensation Committee determines.

Deferred Stock Unit. The Compensation Committee is authorized to grant Deferred Stock Units to Eligible Persons under the Omnibus Plan. A Deferred Stock Unit Award will be subject to a Deferred Stock Unit Award agreement containing such terms and conditions, not inconsistent with the provisions of the Omnibus Plan, as the Compensation Committee determines.

Performance Stock Unit. The Compensation Committee is authorized to grant Performance Stock Units to Eligible Persons under the Omnibus Plan. A Performance Stock Unit granted under the Omnibus Plan (i) may be denominated or payable in cash, Common Shares, other securities, other Awards, and (ii) will confer on the shareholder thereof the right to receive payments, in whole or in part, upon the achievement of such performance goals during such performance periods as the Compensation Committee establishes.

Other Stock-Based Awards. The Compensation Committee is authorized to grant to an Eligible Person, subject to the terms of the Omnibus Plan, such other Stock-Based Awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, Common Shares (including, without limitation, securities convertible into Common Shares), as are deemed by the Compensation Committee to be consistent with the purpose of the Omnibus Plan.

Blackout Extension. The Omnibus Plan specifically allows that where the expiry date for an option occurs during or within nine business days following the end of a blackout period, the expiry date for such option shall be extended to the date which is ten business days following the end of such blackout period.

Termination of Options. Except as may be determined by the Compensation Committee or the Board of Directors; (i) if a Participant resigns or a Participant's contract as a consultant terminates at its normal termination date, then all Options granted to such Participant expire 30 days after the date of resignation or termination; (ii) if a Participant's employment is terminated by PolyMet without cause, or a Participant's contract as a Consultant is terminated by PolyMet before its normal termination date without cause, then the Option will expire 180 days after the date of termination; (iii) if a Participant's employment is terminated by PolyMet for cause, or a Participant's contract as a consultant is terminated by PolyMet before its normal termination date for cause, then the Option will expire on the eighth day following the date of termination; (iv) if a Participant's contract as a consultant is frustrated before its normal termination date due to permanent disability, then the Option will expire 180 days after the date of frustration; (v) if a Participant's employment ceases due to permanent disability, then the Option will continue to become exercisable until the Expiry Date; (vi) if a Participant retires upon attaining the mandatory or early retirement age established by PolyMet from time to time, then the Option will expire on the Expiry Date; and (vii) if a Participant dies, then the Option will continue to become exercisable during the period ending on the earlier of (i) 12 months after the death of the Participant and (ii) the Expiry Date.

Termination of Restricted Stock, Restricted Stock Units, Deferred Stock Units and Performance Stock Units. Except as otherwise determined by the Compensation Committee and as set forth in the applicable Award Agreement, upon a Participant's termination of employment (as determined under criteria established by the Compensation Committee) during the applicable restriction period, all applicable Common Shares of Restricted Stock, Restricted Stock Units, Deferred Stock Units and Performance Stock Units at such time subject to restriction shall be forfeited and reacquired by the Company; provided, however, that the Compensation Committee may, when it finds that a waiver would be in the best interest of the Company, waive in whole or in part any or all remaining restrictions with respect to Common Shares of Restricted Stock or Restricted Stock Units.

Change in Status. A change in the status, office, position or duties of a Participant from the status, office, position or duties held by such Participant on the date on which the Award was granted to such Participant will not result in the termination of the Award granted to such Participant provided that such Participant remains an Eligible Person.

Assignability. Awards granted under the Omnibus Plan are non-transferable and non-assignable to anyone other than to a “permitted assign” as defined in the Omnibus Plan.

Amendment Provisions. The Compensation Committee has the right to amend any amendment provision of the Omnibus Plan only if shareholder approval is obtained for such amendment. Shareholder approval is not required for any amendments to implement or modify a cashless exercise feature for Awards, whether such feature provides for payments in cash or securities, so long as any such feature provides for the full deduction of the number of underlying common shares from the total number of common shares available under the Omnibus Plan.

Procedure for Amending. The Compensation Committee has the right at any time to amend the Omnibus Plan or any Award agreement under the Omnibus Plan provided that shareholder approval has been obtained by ordinary resolution, including any amendment that would: (i) increase the number of Common Shares, or rolling maximum percentage, reserved for issuance under the Omnibus Plan; (ii) reduce the exercise price per Common Share under any option or cancel any option and replace such option with an option with a lower exercise price per Common Share; (iii) extend the term of an Award beyond its original expiry time; (iv) increase the limit on the participation by independent directors in the Omnibus Plan; or (v) permit an Award to be transferable or assignable to any person other than in accordance with the Omnibus Plan.

Notwithstanding the foregoing, shareholder approval is not required for amendments of a clerical nature, amendments to reflect any regulatory authority requirements (including the Stock Exchanges), amendments to vesting provisions of Award agreements, and amendments to the expiry date of options so long as such amendments do not extend options past the original date of expiration.

Financial Assistance. PolyMet does not provide financial assistance to Participants with respect to any Award.

Adjustments to Awards. Appropriate adjustments to the Omnibus Plan and to Awards granted thereunder are to be made to give effect to adjustments in the number and type of Common Shares (or other securities or other property) resulting from subdivisions, consolidations, substitutions, or reclassifications of Common Shares, payment of stock dividends or other changes in PolyMet’s capital. In the event of any merger, acquisition, amalgamation, arrangement or other scheme of reorganization that results in a change of control, the Compensation Committee will, in an appropriate and equitable manner: (i) determine the purchase price or exercise price with respect to any Award, *provided, however*, that the number of Common Shares covered by any Award or to which such Award relates is always a whole number; or (ii) determine the manner in which all unexercised option rights granted under the Omnibus Plan will be treated; (iii) offer any Participant the opportunity to obtain a new or replacement option over any securities into which the Common Shares are changed or are convertible or exchangeable, on a basis proportionate to the number of Common Shares under option and the exercise price (and otherwise substantially upon the terms of the option being replaced, or upon terms no less favorable to the Participant); or (iv) commute for or into any other security or cash, any option that is still capable of being exercised, upon giving to the Participant to whom the Award has been granted at least 30 days written notice of its intention to commute the option, and during such period of notice, the option, to the extent it has not been exercised, can be exercised by the Participant without regard to any vesting conditions attached thereto, and on the expiry of such period of notice, the unexercised portion of the option will lapse and be cancelled.

Control Change and Going Private Transaction. In addition to the foregoing, in the event of a transaction that, if completed could result in a change of control (including a take-over bid), a Participant may exercise all Options granted to the Participant, but only for the purposes of participating in such transaction. In the event all of the equity interests in PolyMet are acquired without the substitution of an equivalent equity interest (a “going private transaction”), PolyMet may terminate the Options at the time of and subject to the completion of such going private transaction by giving at least ten days prior written notice of such termination to the Participant and paying to the Participant at the time of completion of such going private transaction an amount equal to the fair value of such Option as determined by a recognized investment dealer in Canada as selected by the Compensation Committee for this purpose.

Share Bonus Plan (reserved for issuance under the Omnibus Plan)

In 2003, PolyMet established the Share Bonus Plan for its directors and key employees and consultants (the “Key Employees”). The directors and Key Employees are collectively referred to as the “Share Bonus Plan Participants”. The Share Bonus Plan provides for the Common Shares to be issued to the Share Bonus Plan Participants upon PolyMet reaching certain identifiable milestones in its business plan, and is intended to reward the Share Bonus Plan Participants for their unique expertise and experience in achieving these milestones. The Board of Directors is of the view that, from a corporate governance perspective, it is more appropriate to provide a reward mechanism of this nature than to provide incentives to its Key Employees exclusively in the form of incentive stock options or other awards granted under the Omnibus Plan, since the share price can vary in accordance with a range of external factors not related to the performance of management and its Key Employees.

The Share Bonus Plan was initially adopted by the Board of Directors on November 5, 2003 and was approved by 98.42% of disinterested shareholders at the Annual General and Special Meeting held on May 28, 2004.

On November 4, 2004, PolyMet adopted, and shareholders approved, revisions to the existing Share Bonus Plan which limited the aggregate number of shares that may be issued under the Share Bonus Plan and PolyMet’s Incentive Stock Option plan to not more than 20% of the issued shares from time to time. As a result, at that time, the number of shares issuable under the Share Bonus Plan was limited to Milestones 1 and 2, for an aggregate number of 289,000 Common Shares. Milestone 1 and Milestone 2 have been reached and the 289,000 shares issuable upon the achievement of Milestone 1 and Milestone 2 have been issued.

At the Annual General and Special Meeting held on June 21, 2006, 98.82% of disinterested shareholders approved the issue of a total of 235,000 shares to the Share Bonus Plan Participants upon the attainment of Milestone 3 - completion of a bankable feasibility study which indicates that production from the NorthMet Property is commercially feasible. Milestone 3 was met on October 24, 2006 and the 235,000 shares issuable upon the achievement of Milestone 3 have been issued.

At the Annual General and Special Meeting held on June 27, 2007, 97.83% of disinterested shareholders approved PolyMet’s Omnibus Plan. The Omnibus Plan provided for the issuance of a total of 594,000 common shares under the Share Bonus Plan, of which 364,000 common shares remain to be issued upon achievement of Milestone 4.

At the Annual General and Special Meeting held on June 17, 2008, 84.13% of disinterested shareholders approved the issuance of 364,000 shares of PolyMet under the Share Bonus Plan upon PolyMet reaching Milestone 4 – commencement of commercial production for the NorthMet Property.

Annual Burn Rate

The table below sets out the burn rates of the awards granted under the Company’s Omnibus Plan for the three most recently completed financial years. The burn rate is calculated as the number of securities granted under the arrangements during the applicable financial year, divided by the weighted average number of securities outstanding for such period.

	December 2021 Burn Rate	December 2020 Burn Rate	December 2019 Burn Rate
Omnibus Plan	0.6%	1.0%	0.8%

Common Share Performance Graph

PolyMet's Common Shares trade on the Toronto Stock Exchange (the "TSX") under the symbol "POM". The Common Shares also trade on the NYSE under the symbol "PLM". Assuming an initial investment of \$100, the following graph illustrates the comparison between the cumulative total shareholder return on the Common Shares (based upon the trading prices on the TSX) relative to the cumulative total return on the S&P/TSX Composite Index and S&P TSX Composite Index – Metals and Mining for the period of February 1, 2017 to December 31, 2021.

CUMULATIVE VALUE OF A \$100 INVESTMENT ASSUMING REINVESTMENT OF DIVIDENDS

	Feb 1, 2017	Dec 31, 2017	Dec 31, 2018	Dec 31, 2019	Dec 31, 2020	Dec 31, 2021
PolyMet Mining Corp	100.00	94.69	98.23	30.09	37.70	28.05
S&P/TSX Composite Index	100.00	108.18	98.56	121.11	127.90	159.99
S&P/TSX Metals & Mining Industry Index	100.00	92.81	82.65	110.75	137.99	131.65

The S&P/TSX Composite Index is an index of the share prices of the largest companies on the TSX as measured by market capitalization. Stocks included in this index cover all sectors of the economy, and the S&P/TSX Composite Index has traditionally been heavily weighted towards financial stocks. The S&P/TSX Metals & Mining Industry Index is comprised of the world's leading mining companies with holdings and projects all over the globe. Stocks included in this index provide diverse geographic exposure to mining companies and broad exposure to metals and minerals. As such, it is difficult to directly compare the NEO compensation with the trends reflected in the graph above.

The trend shown in the above graph does not correspond to the Company's compensation to its executive officers for the year ended December 31, 2021 or for any prior fiscal periods. The Company's executive compensation is based on a number of factors including, but not limited to, the demand for and supply of skilled professionals in the resource industry generally, individual performance, the Company's performance (which is not necessarily tied exclusively to the trading price of the common shares on the TSX) and other factors discussed above. The trading price of the common shares on the TSX is subject to fluctuation based on several factors, many of which are beyond the control of the Company and its executive officers. These include, among other things, market perception of the Company's ability to timely navigate the environmental regulatory and legal framework required for developing the NorthMet project, trading volume in the Company's common shares, and changes in general conditions in the economy and financial markets. The Company's philosophy is to reward the achievement of tangible objectives, not capital market speculation which may or may not be related to the performance of the executive officer.

The Company's executive compensation package is designed to attract and retain top quality managers for the longer-term to manage and grow the business through both adverse and favorable economic cycles. During the year ended December 31, 2021, a significant portion of executive officer compensation was based on long-term incentives with the ultimate value received tied directly to the Company's share price performance.

The Company's focus over the past three years has been on legal defense of permits for the NorthMet Project, monitoring and maintenance of the Project site and existing infrastructure, and advancing engineering and activities to facilitate the transition to construction.

Major highlights and recent events include:

- In March 2019, the Federal Wetlands Permit was issued by the United States Army Corp of Engineers. This represented the final key permit required to construct and operate the NorthMet Project;
- In June 2019, a \$265.0 million rights offering was completed with the net proceeds used to fully repay outstanding debt and strengthen the Company's financial position;
- In November 2019, mineral resources and reserves for the NorthMet deposit were updated resulting in a Proven and Probable Reserve increase of 14% to 290 million tons and a Measured and Indicated Resource increase of 22% to 795 million tons;
- In April 2021, the Minnesota Supreme Court ruled in favor of the Company by reinstating the Dam Safety (tailings) Permits for the Project and reducing the scope for a contested case hearing on the Permit to Mine to a narrow issue regarding the effectiveness of bentonite clay at the tailings basin;
- In December 2021, the Minnesota Pollution Control Agency ("MPCA") issued supplemental findings supporting its decision to issue the Air Permit in accordance with an order from the Minnesota Court of Appeals ("MCOA"). The Air Permit is now active;
- In January 2022, the MCOA affirmed key aspects of the NPDES/SDS (water discharge) Permit. The court also ordered the MPCA to consider whether discharges to groundwater will be the "functional equivalent" of discharges to navigable waters – a new test introduced subsequent to issuance of the original permit; and
- The Company continues to fulfill its safety and environmental obligations, remaining injury-free and complying with the permit requirements for the NorthMet site. The Project design continues to be assessed for optimization opportunities within the permit criteria.

Legal challenges contesting various aspects of state and federal permits and decisions are ongoing and have delayed the Project timeline. All legal challenges that have reached a final determination have been in favor of the Company and of the more than 20 permits issued, only three (Permit to Mine, NPDES/SDS Permit, Section 404 Permit) remain on hold.

In determining executive compensation, the Compensation Committee took into consideration corporate performance and individual performance. Although individual performance of the executives met performance objectives on a number of fronts, corporate performance had its mixture of successes and challenges.

On July 4, 2019, the Company closed a Rights Offering which had an effect on outstanding equity securities. The Omnibus Plan authorizes the Board to make appropriate adjustments to the terms of outstanding stock options and restricted share units to reflect changes to the Common Shares resulting from corporate transactions such as the Rights Offering. As such, the Company obtained approval from the Toronto Stock Exchange on August 16, 2019, to apply an anti-dilution adjustment to shareholders of equity-based securities on the record date of the Rights Offering. Holders of restricted share units on the record date of the Rights Offering received an increase to their respective holdings of 15.41%.

On August 26, 2020, the Company completed a share consolidation at a ratio of ten pre-consolidation common shares for one post-consolidation common share. Holders of restricted share units on the effective date of the share consolidation received a decrease to their respective holdings.

- (2) Option-based awards: The fair value of each option is estimated on the date of grant using the Black-Scholes pricing model and is granted for long term incentive purposes.

Mr. Cherry: On January 7, 2019, Mr. Cherry was granted 1,449,000 stock options with immediate vesting. These options expire January 7, 2024 and had an original exercise price of \$0.8100. The fair value of \$416,500 was determined using the following key assumptions: risk free interest rate of 2.52%, expected dividend yield of zero, expected forfeiture rate of zero, expected volatility of 54.56%, and estimated life of 2.50 years.

Mr. Keenan: On January 7, 2019, Mr. Keenan was granted 938,000 stock options with immediate vesting. These options expire January 7, 2024 and had an original exercise price of \$0.8100. The fair value of \$269,600 was determined using the following key assumptions: risk free interest rate of 2.52%, expected dividend yield of zero, expected forfeiture rate of zero, expected volatility of 54.56%, and estimated life of 2.50 years.

Mr. Vogt: On January 7, 2019, Mr. Vogt was granted 297,000 stock options with immediate vesting. These options expire January 7, 2024 and had an original exercise price of \$0.8100. The fair value of \$85,300 was determined using the following key assumptions: risk free interest rate of 2.52%, expected dividend yield of zero, expected forfeiture rate of zero, expected volatility of 54.56%, and estimated life of 2.50 years.

Mr. Ware: On January 7, 2019, Mr. Ware was granted 180,000 stock options with immediate vesting. These options expire January 7, 2024 and had an original exercise price of \$0.8100. The fair value of \$51,800 was determined using the following key assumptions: risk free interest rate of 2.52%, expected dividend yield of zero, expected forfeiture rate of zero, expected volatility of 54.56%, and estimated life of 2.50 years.

On July 4, 2019, the Company closed a Rights Offering which had an effect on outstanding equity securities. The Omnibus Plan authorizes the Board to make appropriate adjustments to the terms of outstanding stock options and restricted share units to reflect changes to the Common Shares resulting from corporate transactions such as the Rights Offering. As such, the Company obtained approval from the Toronto Stock Exchange on August 16, 2019 to apply an anti-dilution adjustments to all shareholders of equity based securities on the record date of the Rights Offering. Holders of stock options on the record date of the Rights Offering, received a 13.35% price reduction in the current exercise price.

On August 26, 2020, the Company completed a share consolidation at a ratio of ten pre-consolidation common shares for one post-consolidation common share. Holders of restricted share units on the effective date of the share consolidation received a decrease to their respective holdings.

- (3) Pension value: Balances represent Company contributions under 401K pension plan.

- (4) Mr. Lock was appointed Project Director on January 1, 2020 and resigned from the Company on March 31, 2022.

Notes: ⁽¹⁾ For option-based awards, represents value that would have been realized if the option based award had been exercised on the vesting date by taking the difference between the market price of the common shares of the Company and the exercise price of the option based award on the vesting date. For share-based awards, represents value on the vesting date based on the market price of the common shares of the Company.

Termination and Change of Control Benefits

PolyMet believes that termination and change of control benefits are necessary in order to attract and retain high caliber executive talent and to provide the Company with certainty and the flexibility to make a change in executive management if such change is in shareholders' best interests. Termination and change of control benefits are negotiated and set with regard to the experience level of the individual, the complexity of the position and other relevant market factors.

Below is a summary of the agreement for termination and change of control benefits for each of the NEO's as at December 31, 2021.

Jonathan Cherry is Chairman, President and Chief Executive Officer. The agreement with Mr. Cherry contains provisions for payments on termination without cause by the Company or termination by Mr. Cherry for good reason (as defined in the agreement) or in connection with a change of control, and contains conventional non-competition and claw back provisions. The termination payment is equal to two times the highest annual salary based on the highest monthly salary during the previous 36 months and annual bonus target, the pro rata annual bonus, and health insurance benefits.

Patrick Keenan is Executive Vice President and Chief Financial Officer. The agreement with Mr. Keenan contains provisions for payments on termination without cause by the Company or termination by Mr. Keenan for good reason (as defined in the agreement) or in connection with a change of control, and contains conventional non-competition and claw back provisions. The termination payment is equal to two times the highest annual salary based on the highest monthly salary during the previous 36 months and annual bonus target, the pro rata annual bonus, and health insurance benefits.

Richard Lock is Senior Vice President and Project Director. Mr. Lock does not have an agreement containing provisions for payments on termination of his employment without cause or in connection with a change of control or contain non-competition provisions. Mr. Lock resigned from the Company effective March 31, 2022.

Ryan Vogt is the Corporate Controller. The agreement with Mr. Vogt contains provisions for payments on termination without cause by the Company or in connection with a change of control and contains conventional non-competition and claw back provisions. The termination payment is equal to one times the highest annual salary based on the highest monthly salary during the previous 36 months, the pro rata annual bonus, and health insurance benefits.

Andrew Ware is the Chief Geologist. Mr. Ware does not have an agreement containing provisions for payments on termination of his employment without cause or in connection with a change of control or that contains non-competition provisions.

With respect to change of control benefits, PolyMet provides compensation if an NEO is terminated in connection with a change of control transaction on a "double trigger" basis, meaning that before such executive can receive compensation: (i) a change of control must occur; and (ii) the NEO's employment must be terminated for good reason or without cause. Change of control benefits are granted to motivate the NEO's to act in the best interests of the shareholder by removing the distraction of post-change of control uncertainties faced by executive officers with regard to their continued employment and compensation. PolyMet believes that the "double trigger" change of control compensation is consistent with market practices and is attractive in maintaining continuity and retention of key management personnel.

The following table shows the amount payable for NEO's on December 31, 2021, had a triggering event occurred on December 31, 2021:

Named Executive Officer	Title	Termination and Change of Control Benefit (US\$)
Jonathan Cherry	Chairman, President and Chief Executive Officer	2,347,400
Patrick Keenan	Executive Vice President and Chief Financial Officer	1,294,100
Richard Lock ⁽¹⁾	Senior Vice President and Project Director	N/A
Ryan Vogt	Corporate Controller	331,400
Andrew Ware	Chief Geologist	N/A

Notes: ⁽¹⁾ Mr. Lock resigned from the Company effective March 31, 2022.

POLYMET MINING CORP. CORPORATE GOVERNANCE DISCLOSURE

The following table describes the Company's corporate governance practices in accordance with the requirements of National Instrument 58-101 – *Disclosure of Corporate Governance Practices*.

CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	CORPORATE GOVERNANCE PRACTICES	
1. Board of Directors		
(a) Disclose the identity of directors who are independent.	The Board of Directors have determined that Dr. David Dreisinger, David J. Fermo, and Alan R. Hodnik are “independent”. Under the Canadian Securities Administrators’ <i>National Instrument 58-101 – Disclosure of Corporate Governance Practices</i> , a director is “independent” if he or she has no direct or indirect material relationship with the Company that could, in the view of the Board of Directors, be reasonably expected to interfere with the exercise of that director’s independent judgment.	
(b) Disclose the identity of directors who are not independent and describe the basis for that determination.	The Board of Directors has determined that Jonathan Cherry, Roberto Huby, Stephen Rowland, and Matthew Rowlinson are not independent. Mr. Cherry serves as the Chairman, President and Chief Executive Officer. Mr. Huby, Mr. Rowland, and Mr. Rowlinson are representatives of Glencore and the Board of Directors has chosen to deem them not independent at this time.	
(c) Disclose whether or not a majority of directors are independent.	As a “controlled company,” the Company’s Board of Directors is not comprised of at least a majority of independent directors.	
(d) If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.	The Directors who are directors of other reporting issuers (or the equivalent) are:	
	Name	Reporting Issuer
	Jonathan Cherry	Highland Copper
	Dr. David Dreisinger	Euro Manganese Inc. Search Minerals, Inc. Cascadero Copper
(e) Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer’s most recently completed financial year. If the independent directors do not hold such meetings, describe what the board does to facilitate open and candid discussion among its independent directors.	The independent directors have an opportunity to meet without management and non-independent directors at each meeting of the Board and such other times as the independent directors deem necessary. Meetings may take place formally or informally and by way of phone, video conference or e-mail. The board encourages open and candid discussion among all members before, during, and after meetings.	

CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	CORPORATE GOVERNANCE PRACTICES	
(f) Disclose whether or not the Chair of the board is an independent director. If the board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the board has neither a chair that is independent nor a lead director that is independent, describe what the board does to provide leadership for its independent directors.	The Chairman of the Board, Jonathan Cherry is not an independent director. Alan R. Hodnik is the Independent Lead Director. The roles and responsibilities of the independent lead director are to provide effective Board leadership, oversee all aspects of the Company’s direction and administration and ensure that the Board carries out its responsibilities effectively and build a healthy corporate governance culture.	
(g) Disclose the attendance record of each director for all board meetings held since the beginning of the issuer’s most recently completed financial year.	The attendance record of each of the directors for all Board of Directors meetings for the period January 1, 2021, to December 31, 2021 is as follows:	
	Name of Director	Attendance
	Nathan Bullock <i>Resigned December 8, 2021</i>	6/6
	Jonathan Cherry	7/7
	Dr. David Dreisinger	7/7
	David J. Fermo	7/7
	Alan R. Hodnik	7/7
	Roberto Huby	7/7
	Stephen Rowland	7/7
	Matthew Rowlinson <i>appointed effective December 8, 2021</i>	1/1
2. Board Mandate – Disclose the text of the board’s written mandate. If the board does not have a written mandate, describe how the board delineates its role and responsibilities.	A copy of the Board Mandate can be found on the Company’s website at www.polymetmining.com .	
3. Position Descriptions		
(a) Disclose whether or not the board has developed written position descriptions for the chair and the chair of each board committee. If the board has not developed written position descriptions for the chair and/or the chair of each board committee, briefly describe how the board delineates the role and responsibilities of each such position.	The Board of Directors have developed a written position for the Chairman of the Board. A copy of the position description of the chairman can be found on the Company’s website at www.polymetmining.com . The Charter of each committee sets out the responsibilities, duties and authority of the committee chairs and all committee members.	

CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	CORPORATE GOVERNANCE PRACTICES
(b) Disclose whether or not the board and Chief Executive Officer have developed a written position description for the Chief Executive Officer. If the board and Chief Executive Officer have not developed such a position description, briefly describe how the board delineates the role and responsibilities of the Chief Executive Officer.	The Board of Directors and the Chief Executive Officer have developed a written position description of the Chief Executive Officer.
4. Orientation and Continuing Education (a) Briefly describe what measures the board takes to orient new directors regarding: <ul style="list-style-type: none"> (i) the role of the board, its committees and its directors, and (ii) the nature and operation of the issuer's business. 	New directors receive orientation, commensurate with their previous experience, on the business, technology and industry and on the responsibilities of directors. In addition, they also receive a manual, which includes the Company's charters, mandates, codes and policies (the "Manual"). Orientation as to the nature and operation of the issuer's business occurs through various means, including presentations by management and employees to give the directors additional insight into the business.
(b) Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary for them to meet their obligations as directors.	Continuing education is provided to the directors through the following means: 1) review and supply of revisions to the Manual; 2) regular updates on the Company's business; 3) notifications of changes in regulatory environment or director roles and responsibilities; 4) encouragement and funding to attend courses and conferences that will increase their own and the Board of Directors' effectiveness.
5. Ethical Business Conduct (a) Disclose whether or not the board has adopted a written code for the directors, officers and employees. If the board has adopted a written code:	The Board of Directors have adopted a written Code of Conduct and related policies (the "Code"), for its directors, officers and employees.
(i) disclose how an interested party may obtain a copy of the written code.	A copy of the Code can be found on the Company's website at www.polymetmining.com .

CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	CORPORATE GOVERNANCE PRACTICES
(ii) describe how the board monitors compliance with its code, or if the board does not monitor compliance, explain whether and how the board ensures compliance with its code; and	The Board monitors compliance with the Code through its Nominating and Corporate Governance Committee and the Compliance Officer. In addition to answering questions or concerns regarding the Code, the Compliance Officer is responsible for: investigating possible violations of the Code (in conjunction with the Nominating and Corporate Governance Committee) and ensuring that new directors, officers and employees are given a copy of the Code including any referenced policies. The Company also has a compliance program whereby staff annually must sign off that they have read, understand and will abide by the Code.
(iii) provide a cross-reference to any material change report(s) filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code.	No material change reports have been filed by the Company since January 1, 2021, the commencement of the most recently completed financial year, that pertain to any conduct of a director or executive officer that constitutes a departure from the Code.
(b) Describe any steps the board takes to ensure directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest.	<p>The Board of Directors takes measures to exercise independent judgment in considering transactions and agreements in respect of which any of the directors or executive officers may have a material interest. Where appropriate, directors absent themselves from portions of a meeting of the Board of Directors or of a board committee to allow independent discussion of points in issue.</p> <p>The Company complies with the relevant provisions under the <i>Business Corporations Act</i> (British Columbia) dealing with conflict of interest situations. Through directors' and officers' questionnaires and other systems, the Company gathers and monitors relevant information in relation to potential conflicts of interest a director or officer may have.</p>
(c) Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.	<p>The Board evaluates and ensures the integrity of the Chief Executive Officer and other executive officers, and ensures that the Chief Executive Officer and other executive officers create a culture of integrity and conduct themselves in an ethical manner and in compliance with applicable laws and rules, audit and accounting principles, and governing policies.</p> <p>The directors, officers and employees are reminded on an annual basis that they are responsible for reading, understanding and complying with the Code and related policies and, in the case of directors, also with the Board Mandate.</p>

CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	CORPORATE GOVERNANCE PRACTICES										
<p>6. Nomination of Directors</p> <p>(a) Describe the process by which the board identifies new candidates for board nomination.</p>	<p>The Nominating and Corporate Governance Committee has the primary responsibility for identifying, evaluating, reviewing and recommending qualified candidates to serve on the Board, including consideration of any potential conflicts of interest as well as applicable independence and experience requirements.</p> <p>In making its recommendations to the Board of Director nominees, the Nominating and Corporate Governance Committee considers what competencies and skills the Board as a whole should possess, it assesses what competencies and skills each existing director possesses, and then it assesses what competencies and skills each nominee will bring to the Board and whether such nominee is independent and can devote sufficient time and resources to his or her duties as a Board member.</p>										
<p>(b) Disclose whether or not the board has a nominating committee composed entirely of independent directors. If the board does not have a nominating committee composed entirely of independent directors, describe what steps the board takes to encourage an objective nomination process.</p>	<p>During 2021, the Nominating & Corporate Governance Committee was composed of Dr. David Dreisinger, Alan R. Hodnik and Stephen Rowland from January 1, 2021 to June 17, 2021 and was composed of Dr. David Dreisinger, Alan R. Hodnik, Roberto Huby and Stephen Rowland from June 17, 2021 to December 31, 2021. Dr. David Dreisinger and Alan R. Hodnik were, in the opinion of the Board of Directors, independent under the rules of the TSX and the NYSE American. Roberto Huby and Stephen Rowland were, in the opinion of the Board of Directors, not independent and serve on the Nominating & Corporate Governance Committee as a result of the Company's status as a "controlled company".</p> <p>The attendance record of each of the directors for all Nominating & Corporate Governance Committee meetings for the period January 1, 2021, to December 31, 2021 is as follows:</p> <table data-bbox="906 1268 1485 1423"> <thead> <tr> <th><u>Name</u></th><th><u>Attendance</u></th></tr> </thead> <tbody> <tr> <td>David Dreisinger</td><td>3/3</td></tr> <tr> <td>Alan R. Hodnik</td><td>3/3</td></tr> <tr> <td>Roberto Huby</td><td>2/2</td></tr> <tr> <td>Stephen Rowland</td><td>3/3</td></tr> </tbody> </table> <p>The Nominating and Corporate Governance Committee provides the Board with recommendations for nominees based on qualifications, including personal qualities, characteristics, skills, experience, accomplishments, reputation, current knowledge in the countries and communities in which PolyMet operates business, as well as consider the ability to commit adequate time and resources to the Company. With respect to Glencore nominations, Glencore notifies the Company of its nominees, pursuant to the Corporate Governance Agreement, and the Nominating and Corporate Governance Committee assesses and confirms their eligibility to serve on the Board of Directors.</p>	<u>Name</u>	<u>Attendance</u>	David Dreisinger	3/3	Alan R. CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	CORPORATE GOVERNANCE PRACTICES
(c) If the board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.	<p>A copy of the Nominating and Corporate Governance Committee Charter can be found on the Company's website at www.polymetmining.com.</p> <p>The Nominating and Corporate Governance Committee has full access to Company books, facilities, records and personnel to allow it to discharge its responsibilities and may retain the advice and assistance of those internal or external legal, accounting or other advisors it deems necessary or appropriate.</p>
<p>7. Compensation</p> <p>(a) Describe the process by which the board determines the compensation for your company's directors and officers.</p>	<p>Compensation for directors and officers is determined by the Compensation Committee. In determining compensation for the directors, the Compensation Committee internally reviews director compensation paid by companies with a comparable profile to PolyMet. In determining compensation for officers, the Compensation Committee utilizes the process described in the Information Circular under the heading "Statement of Executive Compensation - Objectives Executive Compensation".</p>
(b) Disclose whether or not the board has a compensation committee composed entirely of independent directors. If the board does not have a compensation committee composed entirely of independent directors, describe what steps the board takes to ensure an objective process for determining such compensation.	<p>During 2021, the Compensation Committee was composed of David J. Fermo, Alan R. Hodnik, and Stephen Rowland. David J. Fermo and Alan R. Hodnik were, in the opinion of the Board of Directors, independent under the rules of the TSX and pursuant to Sections 803A and 805(c)(1) of the NYSE American Company Guide. Stephen Rowland was, in the opinion of the Board of Directors, not considered to be independent and serves on the Compensation Committee as a result of the Company's status as a "controlled company".</p> <p>The Compensation Committee provides the Board with recommendations regarding the appointment, performance, succession and remuneration of officers, succession and leadership plans, remunerations and compensation policies.</p>
(c) If the board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.	<p>A copy of the Compensation Committee Charter can be found on the Company's website at www.polymetmining.com.</p> <p>The Compensation Committee has full access to Company books, facilities, records and personnel to allow it to discharge its responsibilities and may retain the advice and assistance of those internal or external legal, accounting or other advisors it deems necessary or appropriate.</p>

CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	CORPORATE GOVERNANCE PRACTICES
<p>(d) If a compensation consultant or advisor has, at any time since the beginning of the issuer's most recently completed financial year, been retained to assist in determining compensation for any of the issuer's directors and officers, disclose the identity of the consultant or advisor and briefly summarize the mandate for which they have been retained. If the consultant or advisor has been retained to perform any other work for the issuer, state that fact and briefly describe the nature of the work.</p>	<p>Compensation consultant, The Human Well, has been retained since August 2012 to assist the Compensation Committee and Board of Directors in determining salaries, director compensation, cash incentives and share based incentives and to assess the effectiveness of PolyMet's incentive plans in contributing to corporate performance. The Human Well will continue to provide PolyMet with these similar compensation consulting services for the current financial year.</p>
<p>8. Other Board Committees - If the board has standing committees other than the audit, compensation and nominating committees identify the committees and describe their function.</p>	<p>The Company has a Health, Safety, Environment and Communities Committee whose purpose is to ensure that PolyMet conducts its activities in a way that will promote sustainable development, protect human life and the preservation of the environment. While the Company is not yet in production, the Committee and Board recognize that climate change is a worldwide concern and will develop a climate change strategy to provide an understanding of climate change risks applicable to the Company, how to monitor and mitigate those risks and what impact they will have on the environment, infrastructure and site closure plans. The Company monitors applicable risks and maintains a risk register, which includes various social and environmental matters.</p> <p>A copy of the charter can be found on the Company's website at www.polymetmining.com.</p> <p>During 2021, the Health, Safety, Environment and Communities Committee was composed of Jonathan Cherry, Dr. David Dreisinger, Alan R. Hodnik and Roberto Huby.</p> <p>The Company also has a Technical Steering Committee whose purpose is to oversee the development of production of PolyMet mining projects. The Committee reviews and assess the mine plan, financial model, project construction and operations.</p> <p>During 2021, the Technical Steering Committee was composed of Nathan Bullock, Jonathan Cherry, Dr. David Dreisinger and Roberto Huby from January 1, 2021 to December 8, 2021 and was composed of Jonathan Cherry, Dr. David Dreisinger, Roberto Huby and Matthew Rowlinson from December 8, 2021 to December 31, 2021.</p>

CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	CORPORATE GOVERNANCE PRACTICES
<p>9. Assessments – Disclose whether or not the board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the board satisfies itself that it, its committees, and individual directors are performing effectively.</p>	<p>The Nominating and Corporate Governance Committee is mandated to ensure that the contributions of Board members, committees of the Board, and the Board as a whole, are reviewed on an annual basis. To facilitate this annual assessment, the Board reviews an Annual Assessment Report and Questionnaires for the Board and each of its committees.</p>
<p>10. Director Term Limits and Other Mechanisms of Board Renewal - Disclose whether or not the issuer has adopted term limits for the directors on its board or other mechanisms of board renewal and, if so, include a description of those director term limits or other mechanisms of board renewal. If the issuer has not adopted director term limits or other mechanisms of board renewal, disclose why it has not done so.</p>	<p>The Company has not adopted term limits for the Board of Directors. The Nominating and Corporate Governance Committee considers a number of factors when re-nominating incumbent directors or nominating new directors, including (i) personal qualities, characteristics, skills, experiences, accomplishments and reputation in the business community; (ii) current knowledge and contacts relevant to the Company's business; (iii) ability and willingness to commit adequate time and resources to Board and committee matters; and (iv) compliance with all legal and regulatory requirements of a Board member.</p>
<p>11. Policies Regarding the Representation on the Board</p> <p>(a) Disclose whether the issuer has adopted a written policy relating to the identification and nomination of women directors. If the issuer has not adopted such a policy, disclose why it has not done so.</p>	<p>The Company has not adopted a written policy relating to the identification and nomination of women directors. The Nominating and Corporate Governance Committee recommends Board nominations based on qualifications, regardless of gender. The Company values the diversity of the Board and is committed to providing equal opportunity in all aspects of the Company.</p>
<p>(b) If an issuer has adopted a policy referred to in (a), disclose the following in respect of the policy: (i) a short summary of its objectives and key provisions, (ii) the measures taken to ensure that the policy has been effectively implemented, (iii) annual and cumulative progress by the issuer in achieving the objectives of the policy, and (iv) whether and, if so, how the board or its nominating committee measures the effectiveness of the policy.</p>	<p>N/A</p>

<p>12. Consideration of the Representation of Women in the Director Identification and Selection Process - Disclose whether and, if so, how the board or nominating committee considers the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board. If the issuer does not consider the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board, disclose the issuer's reasons for not doing so.</p>	<p>The Nominating and Corporate Governance Committee recommends Board nominations based on qualifications, regardless of gender. The Company values the diversity of the Board and is committed to providing equal opportunity in all aspects of the Company.</p>
<p>13. Consideration Given to the Representation of Women in Executive Officer Appointments - Disclose whether and, if so, how the issuer considers the level of representation of women in executive officer positions when making executive officer appointments. If the issuer does not consider the level of representation of women in executive officer positions when making executive officer appointments, disclose the issuer's reasons for not doing so.</p>	<p>Officer appointments are based on qualifications, regardless of gender. The Company values diversity and is committed to providing equal opportunity in all aspects of the Company.</p>
<p>14. Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions – For purposes of this Item, a “target” means a number or percentage, or a range of numbers or percentages, adopted by the issuer of women on the issuer's board or in executive officer positions of the issuer by a specific date.</p>	
<p>(a) Disclose whether the issuer has adopted a target regarding women on the issuer's board. If the issuer has not adopted a target, disclose why it has not done so.</p>	<p>The Company does not have a “target” regarding women on its Board. Board appointments are based on qualifications, regardless of gender. The Company values diversity and is committed to providing equal opportunity in all aspects of the Company.</p>
<p>(b) Disclose whether the issuer has adopted a target regarding women in executive officer positions of the issuer.
