California-based Ross Stores is the second largest off-price retailer in the United States with 953 Ross Dress for Less® (“Ross”) stores in 27 states and Guam, and 52 dd’s DISCOUNTS® locations in four states as of the end of fiscal year 2009.

Ross, which was founded in 1982, offers a wide selection of first-quality, in-season, name brand and designer apparel, accessories, footwear, and home fashions for the entire family at everyday savings of 20% to 60% off department and specialty store regular prices. dd’s DISCOUNTS is a younger concept that was launched in 2004. Its stores feature more moderately-priced assortments of exciting fashions for the family and the home, all at 20% to 70% off moderate department and discount store regular prices.

Our outstanding 2009 results demonstrate that *bargains are always in style* at both Ross Dress for Less and dd’s DISCOUNTS!

To our Stockholders

We are very pleased with our exceptional performance in fiscal 2009. Strong execution of our value-focused strategies enabled us to deliver much better-than-planned revenues while achieving double digit operating profits as a percent of sales. These results reflect the resilience of our off-price business model and demonstrate that bargains are always in style!

Record Sales and Earnings

For the 52 weeks ended January 30, 2010, sales increased 11% to a record \$7.2 billion, with same store sales up 6% on top of a 2% gain in the prior year. Dresses, Shoes and Home were our best performing merchandise categories in 2009, while the Mid-Atlantic and Southeast regions had the largest same store sales gains.

Net earnings for the year grew 45% to a record \$442.8 million, up from \$305.4 million in 2008. Earnings per share rose 52% to \$3.54, on top of a 23% increase in 2008. Operating margin increased about 250 basis points to 10.1%. Key drivers of this significant improvement in profitability were much higher gross margin and increased leverage on operating expenses from the healthy gains in same store sales.

Strong Inventory Management Increases Profitability

As we ended 2009, average in-store inventories were down about 11% on top of a 14% decline in the prior year. We plan to further reduce in-store inventories in 2010, with average store levels targeted to be down in the mid-to-high-single digit percentage range compared to 2009.

Operating the business on lower inventory levels increases the percentage of fresh and exciting merchandise customers see when they shop our stores. By exceeding our sales targets with leaner inventories, we also realized significantly faster turns in 2009, which resulted in much fewer markdowns.

Looking ahead, we believe this ongoing focus on strict inventory management will continue to help us speed inventory turns and maximize merchandise gross margin.

Expansion Continues as Planned

We added 56 new stores in 2009, consisting of 52 Ross and four dd's DISCOUNTS locations. We ended 2009 with 1,005 locations in 27 states and Guam. For 2010, we are planning total unit expansion of about 4% to 5%, with approximately 35 new Ross and 15 new dd's DISCOUNTS stores.

Accelerating Growth at dd's DISCOUNTS

Significant progress was made over the past year at dd's DISCOUNTS, where sales and operating profits were also well ahead of our original expectations. In fact, the earnings

Earnings per share rose 52% to \$3.54 on top of a 23% increase in 2008.

impact, or drag, from dd's was relatively neutral in 2009, compared to a 35 basis point drag in 2008.

This improvement was driven by a combination of higher average store volumes and much stronger gross margin performance. Like Ross, dd's is benefiting from our ability to deliver a faster flow of fresh and exciting product to our stores while operating on lower inventory levels.

dd's DISCOUNTS' strong gains in sales and profitability also reflect that its value-focused merchandise offerings are resonating well with its target customers. Recent trends make us even more enthusiastic about dd's DISCOUNTS' long-term prospects and our plans to accelerate its expansion in 2010 and beyond.

Healthy Cash Flows Fund Growth and Enhance Stockholder Returns

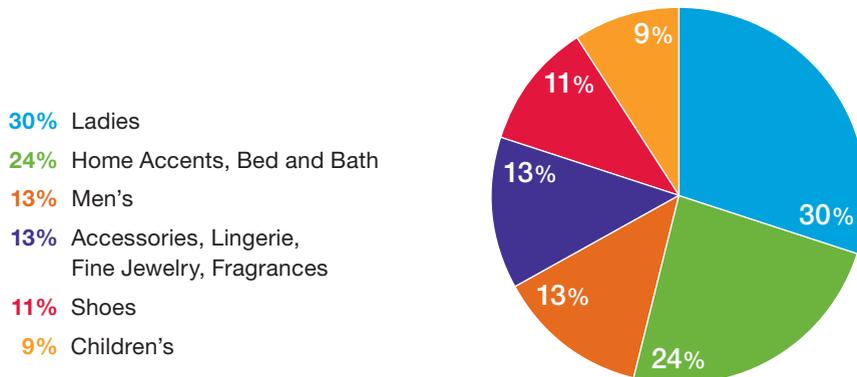

Operating cash flow in 2009 continued to provide the necessary resources to fund new store growth and infrastructure improvements. We invested \$158 million in capital including approximately \$100 million to open new locations and renovate existing stores and about \$58 million mainly for distribution infrastructure and information technology projects. We ended the year with \$770 million in cash and short-term investments and \$150 million in long-term debt.

We also continued to return cash to stockholders through our stock repurchase and dividend programs. In 2009, we repurchased 7.4 million shares of common stock for an aggregate purchase price of \$300 million, completing the two-year \$600 million repurchase authorization we announced in early 2008.

In January 2010, our Board of Directors approved a new two-year \$750 million stock repurchase program as well as a 45% increase in our quarterly cash dividend to \$.16 per common share. These actions reflect our long-term commitment to enhancing stockholder returns and confidence in our ongoing ability to generate healthy amounts of excess cash.

Chain-wide Rollout of Micro-Merchandising

During 2009, we completed ahead of schedule the implementation of micro-merchandising tools across all merchandise categories in all Ross locations. The rollout went smoothly, and these new systems and processes are working as planned.

Our micro-merchandising tools have been designed to help us more accurately plan, buy and allocate merchandise down to a local level. We believe this more detailed planning process will strengthen our ability to get the right merchandise to the right store at the right time. It is also expected to enhance sales and merchandise gross margin performance over the long term in both new and existing markets.

Resilient and Flexible Off-Price Business Model

Consumers responded to the challenging economic environment in 2009 by looking for more ways to save money. We were able to capitalize on our favorable position as a value retailer because of dedicated associates throughout all areas of our business who executed our off-price strategies with unwavering focus and discipline.

By consistently stocking our stores with great bargains, operating our business on lower inventories to drive faster turns with fewer markdowns, and by strictly controlling our expenses, we were able to deliver record sales and earnings in one of the most challenging economic and retail climates.

Looking ahead, we know that offering our customers the best values possible on a wide array of bargains is, and always will be, the key to our success. We continue to invest in our merchandise organization to help ensure that we have ongoing access to plenty of quality name brand goods to enable us to grow profitably in the future. This allows us to have hundreds of Ross and dd's DISCOUNTS merchants in the market daily, sourcing product from thousands of vendors.

Significant Opportunities for Growth

Today, we operate over 1,000 Ross and dd's DISCOUNTS locations combined in just 27 states, giving us significant room for future growth. Our planned unit growth of 4% to 5% in 2010 is projected to accelerate to about 7% in 2011, when we expect to enter new geographic markets for both chains. Plenty of expansion opportunity exists

Our planned unit growth of 4% to 5% in 2010 is projected to accelerate to about 7% in 2011, when we expect to enter new geographic markets.

over the long term, as we believe that Ross ultimately can have as many as 1,500 locations and that dd's DISCOUNTS can grow to approximately 500 stores. That would represent a doubling of our store base from current levels — an exciting prospect.

Our past results demonstrate that we can deliver solid sales and earnings gains in both healthy and challenging economic cycles, along with exceptional cash flow and very strong returns on equity and assets. While our 2009 operating margin is close to historical records, we believe that current levels of profitability are not only sustainable, but have the potential for incremental improvement.

As a result, for the longer term we continue to project annual earnings-per-share growth of 10% to 15%. This projection is based on our forecasts for store growth, comparable store sales gains, flat to slight improvement in operating margin and excess cash flow that can be used to fund our dividend and stock repurchase programs.

In closing, we extend our appreciation to all of our customers, business partners and stockholders for their continued support. We especially want to acknowledge and thank our more than 45,000 Ross and dd's DISCOUNTS associates who remain the primary drivers of our past, present and future success.

Sincerely,

Michael Balmuth

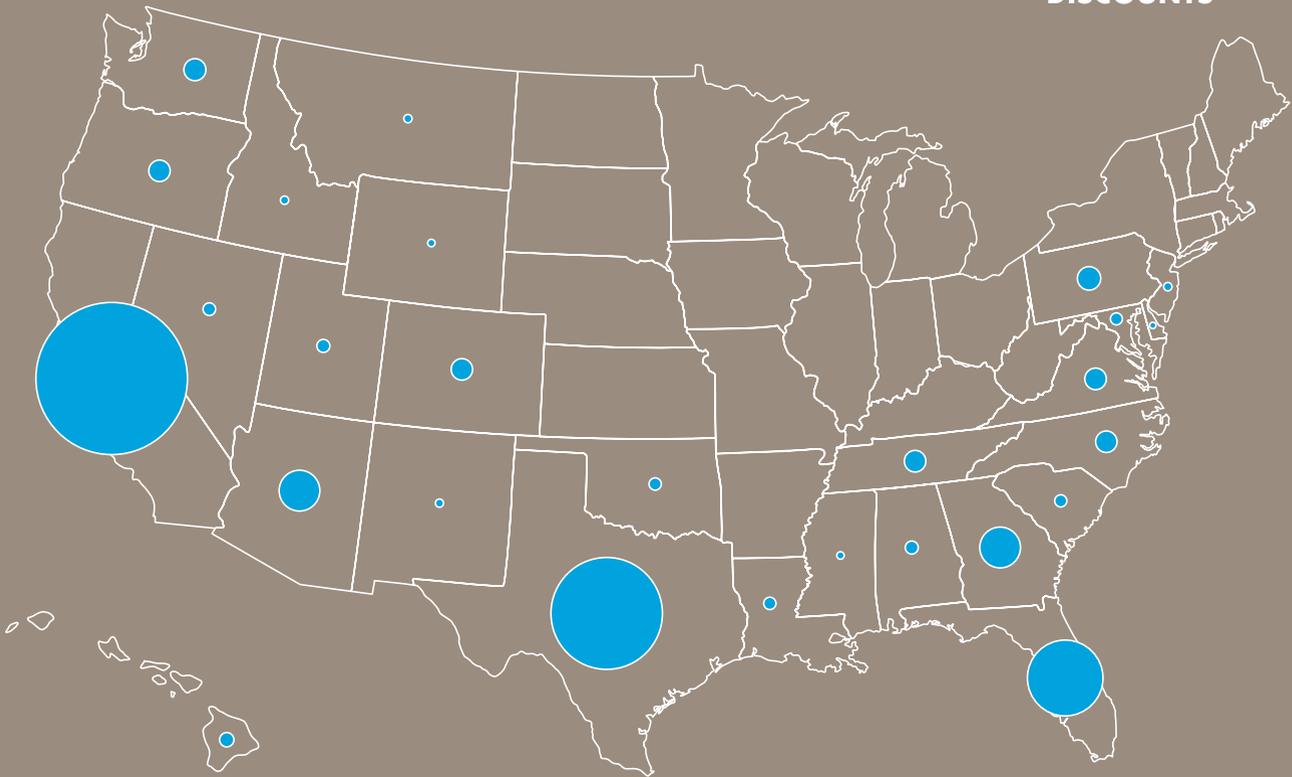

Vice Chairman and Chief Executive Officer

Norman A. Ferber

Chairman of the Board

Locations

We remained on track with our expansion plans in 2009, increasing our store base by 5% and ending the year with 953 Ross Dress for Less and 52 dd's DISCOUNTS locations. For 2010, we are targeting 4% to 5% unit growth, including approximately 35 Ross Dress for Less and 15 dd's DISCOUNTS locations.

PART I

ITEM 1. BUSINESS.

Ross Stores, Inc. and its subsidiaries (“we” or the “Company”) operate two chains of off-price retail apparel and home accessories stores. At January 30, 2010, we operated a total of 1,005 stores, of which 953 were Ross Dress for Less® (“Ross”) locations in 27 states and Guam and 52 were dd’s DISCOUNTS® stores in four states. Both chains target value-conscious women and men between the ages of 18 and 54. Ross target customers are primarily from middle income households, while the dd’s DISCOUNTS target customer is typically from more moderate income households. The decisions we make, from merchandising, purchasing and pricing, to the locations of our stores, are based on these customer profiles.

Ross offers first-quality, in-season, name brand and designer apparel, accessories, footwear, and home fashions for the entire family at everyday savings of 20 to 60 percent off department and specialty store regular prices. dd’s DISCOUNTS features a more moderately-priced assortment of first-quality, in-season, name brand apparel, accessories, footwear, and home fashions for the entire family at everyday savings of 20 to 70 percent off moderate department and discount store regular prices. We believe that both Ross and dd’s DISCOUNTS derive a competitive advantage by offering a wide assortment of product within each of our merchandise categories in organized and easy-to-shop store environments.

Our mission is to offer competitive values to our target customers by focusing on the following key strategic objectives:

- Maintain an appropriate level of recognizable brands, labels, and fashions at strong discounts throughout the store.
- Meet customer needs on a local basis.
- Deliver an in-store shopping experience that reflects the expectations of the off-price customer.
- Manage real estate growth to compete effectively across all our markets.

We refer to our fiscal years ended January 30, 2010, January 31, 2009, and February 2, 2008 as fiscal 2009, fiscal 2008, and fiscal 2007, respectively.

Merchandising, Purchasing and Pricing

We seek to provide our customers with a wide assortment of first-quality, in-season, brand-name and designer apparel, accessories, footwear, and home merchandise for the entire family at everyday savings of 20 to 60 percent below department and specialty store regular prices at Ross, and 20 to 70 percent below moderate department and discount store regular prices at dd’s DISCOUNTS. We sell recognizable brand-name merchandise that is current and fashionable in each category. New merchandise typically is received from three to six times per week at both Ross and dd’s DISCOUNTS stores. Our buyers review their merchandise assortments on a weekly basis, enabling them to respond to selling trends and purchasing opportunities in the market. Our merchandising strategy is reflected in our advertising, which emphasizes a strong value message. Our stores offer a treasure-hunt shopping experience where customers can find great savings every day on a broad assortment of brand-name bargains for the family and the home.

Merchandising. Our merchandising strategy incorporates a combination of off-price buying techniques to purchase advance-of-season, in-season, and past-season merchandise for both Ross and dd’s DISCOUNTS. We believe nationally recognized name brands sold at compelling discounts will continue to be an important determinant of our success. We generally leave the brand-name label on the merchandise we sell.

We have established merchandise assortments that we believe are attractive to our target customers. Although we offer fewer classifications of merchandise than most department stores, we generally offer a large selection of brand names within each classification with a wide assortment of vendors, labels, prices, colors, styles, and fabrics within each size or item. The mix of comparable store sales by department in fiscal 2009 was approximately as follows: Ladies 30%, Home Accents and Bed and Bath 24%, Men's 13%, Accessories, Lingerie, Fine Jewelry, and Fragrances 13%, Shoes 11%, and Children's 9%. Our merchandise offerings also include product categories such as small furniture and furniture accents, educational toys and games, luggage, gourmet food and cookware, watches, sporting goods and, in select Ross stores, fine jewelry.

Purchasing. We have a combined network of approximately 7,700 merchandise vendors and manufacturers for both Ross and dd's DISCOUNTS and believe we have adequate sources of first-quality merchandise to meet our requirements. We purchase the vast majority of our merchandise directly from manufacturers, and we have not experienced any difficulty in obtaining sufficient merchandise inventory.

We believe that our ability to effectively execute certain off-price buying strategies is a key factor in our success. Our buyers use a number of methods that enable us to offer our customers brand-name and designer merchandise at strong everyday discounts relative to department and specialty stores for Ross and moderate department and discount stores for dd's DISCOUNTS. By purchasing later in the merchandise buying cycle than department, specialty, and discount stores we are able to take advantage of imbalances between retailers' demand for products and manufacturers' supply of those products.

Unlike most department and specialty stores, we typically do not require that manufacturers provide promotional allowances, co-op advertising allowances, return privileges, split shipments, drop shipments to stores, or delayed deliveries of merchandise. For most orders, only one delivery is made to one of our four distribution centers. These flexible requirements further enable our buyers to obtain significant discounts on in-season purchases.

The majority of the apparel and apparel-related merchandise that we offer in all of our stores is acquired through opportunistic purchases created by manufacturer overruns and canceled orders both during and at the end of a season. These buys are referred to as "close-out" and "packaway" purchases. Close-outs can be shipped to stores in-season, allowing us to get in-season goods into our stores at lower prices. Packaway merchandise is purchased with the intent that it will be stored in our warehouses until a later date, which may even be the beginning of the same selling season in the following year. Packaway purchases are an effective method of increasing the percentage of prestige and national brands at competitive savings within our merchandise assortments. Packaway merchandise is mainly fashion basics and, therefore, not usually affected by shifts in fashion trends.

In fiscal 2009, we continued our emphasis on this important sourcing strategy in response to compelling opportunities available in the marketplace. Packaway accounted for approximately 38% of total inventories as of January 30, 2010 and January 31, 2009. We believe the strong discounts we are able to offer on packaway merchandise are one of the key drivers of our business results.

We continued to roll out additional information system enhancements and process changes to improve our merchandising capabilities. These new tools are designed to strengthen our ability to plan, buy, and allocate at a more local versus regional level. We completed the chain-wide rollout to all merchandise categories for Ross in fiscal 2009, which was earlier than planned. The long-term objective of these investments is to fine tune our merchandise offerings to address more localized customer preferences and thereby gradually increase sales productivity and gross profit margins in both newer and existing regions and markets.

Our buying offices are located in New York City and Los Angeles, the nation's two largest apparel markets. These strategic locations allow our buyers to be in the market on a daily basis, sourcing opportunities and negotiating purchases with vendors and manufacturers. These locations also enable our buyers to strengthen vendor relationships — a key element to the success of our off-price buying strategies.

Over the past year, we continued to make strategic investments in our merchandise organization to further enhance our ability to deliver name brand bargains to our customers. At the end of fiscal 2009, we had a total of approximately 410 merchants for Ross and dd's DISCOUNTS combined, up from 360 in the prior year. The Ross and dd's buying organizations are separate and distinct. These buying resources include merchandise management, buyers, and assistant buyers. Ross and dd's DISCOUNTS buyers have an average of about 12 years of experience, including merchandising positions with other retailers such as Ann Taylor, Bloomingdale's, Burlington Coat Factory, Foot Locker, HomeGoods, Kohl's, Loehmann's, Lord & Taylor, Macy's, Marshalls, Nordstrom, Saks, and T.J. Maxx. We expect to continue to make additional targeted investments in new merchants to further develop our relationships with an expanding number of manufacturers and vendors. Our ongoing objective is to strengthen our ability to procure the most desirable brands and fashions at competitive discounts.

The off-price buying strategies utilized by our experienced team of merchants enable us to purchase Ross merchandise at net prices that are lower than prices paid by department and specialty stores and to purchase dd's DISCOUNTS merchandise at net prices that are lower than prices paid by moderate department and discount stores.

Pricing. Our policy is to sell brand-name merchandise at Ross that is priced 20 to 60 percent below most department and specialty store regular prices. At dd's DISCOUNTS, we sell more moderate brand-name product and fashions that are priced 20 to 70 percent below most moderate department and discount store regular prices. Our pricing policy is reflected on the price tag displaying our selling price as well as the comparable selling price for that item in department and specialty stores for Ross merchandise, or in more moderate department and discount stores for dd's DISCOUNTS merchandise.

Our pricing strategy at Ross differs from that of a department or specialty store. We purchase our merchandise at lower prices and mark it up less than a department or specialty store. This strategy enables us to offer customers consistently low prices. On a weekly basis our buyers review specified departments in our stores for possible markdowns based on the rate of sale as well as at the end of fashion seasons to promote faster turnover of merchandise inventory and to accelerate the flow of fresh product. A similar pricing strategy is in place at dd's DISCOUNTS where prices are compared to those in moderate department and discount stores.

Stores

At January 30, 2010, we operated a total of 1,005 stores comprised of 953 Ross stores and 52 dd's DISCOUNTS stores. Our stores are conveniently located in predominantly community and neighborhood shopping centers in heavily populated urban and suburban areas. Where the size of the market permits, we cluster stores to benefit from economies of scale in advertising, distribution, and field management.

We believe a key element of our success is our organized, attractive, easy-to-shop, in-store environments at both Ross and dd's DISCOUNTS, which allow customers to shop at their own pace. While our stores promote a self-service, treasure hunt shopping experience, the layouts are designed to promote customer convenience in their merchandise presentation, dressing rooms, checkout, and merchandise return areas. Each store's sales area is based on a prototype single floor design with a racetrack aisle layout. A customer can locate desired departments by signs displayed just below the ceiling of each department. We enable our customers to select among sizes and prices through prominent category and sizing markers, promoting a self-service atmosphere. At most stores, shopping carts are available at the entrance for customer convenience. All cash registers are centrally located at store exits for customer ease and efficient staffing.

We use point-of-sale (“POS”) hardware and software systems in all stores, which minimizes transaction time for the customer at the checkout counter by electronically scanning each ticket at the point of sale and authorizing personal checks and credit cards in a matter of seconds. In addition, the POS systems allow us to accept debit cards and electronic gift cards from customers. For Ross and dd’s DISCOUNTS combined, approximately 58% of payments in fiscal 2009 and fiscal 2008 were made with credit cards and debit cards. We provide cash, credit card, and debit card refunds on all merchandise (not used, worn, or altered) returned with a receipt within 30 days. Merchandise returns having a receipt older than 30 days are exchanged or credited with store credit.

Operating Costs

Consistent with the other aspects of our business strategy, we strive to keep operating costs as low as possible. Among the factors which have enabled us to keep operating costs low are:

- Labor costs that generally are lower than full-price department and specialty stores due to a store design that creates a self-service retail format and due to the utilization of labor saving technologies.
- Economies of scale with respect to general and administrative costs as a result of centralized merchandising, marketing, and purchasing decisions.
- Flexible store layout criteria which facilitates conversion of existing buildings to our formats.

Information Systems

We continue to invest in new information systems and technology to provide a platform for growth over the next several years. Recent initiatives include the following:

- We completed the rollout of demand forecasting software and related process changes designed to strengthen our merchandise planning effectiveness for Ross. We expect this initiative to drive gradual increases over time in store sales productivity and profitability by improving our ability to plan, buy, and allocate product at a more local level.
- We implemented additional supply chain enhancements to support expansion and improvement of our supply chain network. We also implemented a new labor time and attendance system at all of our distribution centers.
- We completed the rollout of new tools to better support the continued growth of our import business. These new tools provide our merchants with greater visibility into item cost components and inbound movement of import products.
- We made enhancements to our POS systems to reduce customer transaction and wait times.
- We implemented enhanced labor scheduling capabilities to give our stores the ability to better align the workforce with in-store activities.
- We upgraded our loss prevention software to allow for greater in-depth analysis and reporting. We also invested in additional store video surveillance systems to provide centralized remote monitoring.
- We implemented new on-line tools to assist our stores in their recruiting and hiring efforts. These new tools are designed to help our store managers expedite the hiring process and increase the quality of hiring decisions.

Distribution

We have four distribution processing facilities — two in California and one each in Pennsylvania and South Carolina. We ship all of our merchandise to our stores through these distribution centers, which are large, highly automated, and built to suit our specific off-price business model.

In addition, we own one and lease three other warehouse facilities for packaway storage. We use other third-party facilities as needed for storage of packaway inventory.

We also utilize third-party cross docks to distribute merchandise to stores on a regional basis. Shipments are made by contract carriers to the stores from three to six times per week depending on location.

We believe that our existing distribution centers with their current expansion capabilities will provide adequate processing capacity to support store growth over the next few years. Additional information on the size and locations of our distribution centers and warehouse facilities is found under “Properties” in Item 2.

Advertising

We rely primarily on television advertising to communicate the Ross value proposition — brand-name merchandise at low everyday prices. This strategy reflects our belief that television is the most efficient and cost-effective medium for communicating everyday savings on a wide selection of brand-name bargains for both the family and home. Advertising for dd’s DISCOUNTS is primarily focused on new store grand openings and local grass roots initiatives.

Trademarks

The trademarks for Ross Dress For Less® and dd’s DISCOUNTS® have been registered with the United States Patent and Trademark Office.

Employees

As of January 30, 2010, we had approximately 45,600 total employees, including an estimated 32,300 part-time employees. Additionally, we hire temporary employees — especially during the peak seasons. Our employees are non-union. Management considers the relationship between the Company and our employees to be good.

Competition

We believe the principal competitive factors in the off-price retail apparel and home accessories industry are offering significant discounts on brand-name merchandise, offering a well-balanced assortment that appeals to our target customer, and consistently providing store environments that are convenient and easy to shop. To execute this concept, we continue to make strategic investments in our buying organization. As discussed under Information Systems, we also recently completed the rollout in fiscal 2009 of additional enhancements to our merchandise planning system to strengthen our ability to plan, buy, and allocate product based on more local versus regional trends. We believe that we are well positioned to compete on the basis of each of these factors.

Nevertheless, the retail apparel market is highly fragmented and competitive. We face a challenging macro-economic and retail environment that creates intense competition for business from department stores, specialty stores, discount stores, warehouse stores, other off-price retailers, and manufacturer-owned outlet stores, many of which are units of large national or regional chains that have substantially greater resources. We also compete to some degree with retailers that sell apparel and home accessories through catalogs or over the internet. The retail apparel and home-related businesses may become even more competitive in the future.

dd’s DISCOUNTS

At January 30, 2010, we operated 52 dd’s DISCOUNTS in four states: 39 in California, 7 in Texas, 5 in Florida, and 1 in Arizona. At January 31, 2009, we had 39 dd’s DISCOUNTS stores in California, 6 in Florida, 5 in Texas, and 2 in Arizona, for a total of 52 stores. This smaller off-price concept targets the needs of households with more moderate incomes than Ross customers. We believe this is one of the fastest growing demographic markets in the country. dd’s DISCOUNTS features a moderately-priced assortment of first-quality, in-season, name brand apparel, accessories, footwear, and home fashions at everyday savings of 20 to 70 percent off moderate department and discount store regular prices.

The dd's DISCOUNTS business generally has similar merchandise departments and categories to those of Ross, but features a different mix of brands at lower average price points. The typical dd's DISCOUNTS store is located in an established shopping center in a densely populated urban or suburban neighborhood. The merchant, store, and distribution organizations for dd's DISCOUNTS and Ross are separate and distinct; however, dd's DISCOUNTS shares certain other corporate and support services with Ross.

Available Information

The internet address for our corporate website is www.rossstores.com. Our Annual Reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, Proxy Statements, and amendments to those reports are made available free of charge on or through the Investors section of our corporate website promptly after being electronically filed with the Securities and Exchange Commission. ITEM 1A. RISK FACTORS.

Our Annual Report on Form 10-K for fiscal 2009, and information we provide in our Annual Report to Stockholders, press releases, telephonic reports, and other investor communications, including those on our corporate website, may contain forward-looking statements with respect to anticipated future events and our projected financial performance, operations and competitive position that are subject to risk factors that could cause our actual results to differ materially from those forward-looking statements and our prior expectations and projections. Refer to Management's Discussion and Analysis for a more complete identification and discussion of "Forward-Looking Statements."

Our financial condition, results of operations, cash flows, and the performance of our common stock may be adversely affected by a number of risk factors. Risks and uncertainties that apply to both Ross and dd's DISCOUNTS include, without limitation, the following:

We are subject to the economic and industry risks that affect large retailers operating in the United States.

Our business is exposed to the risks of a large, multi-store retailer, which must continually and efficiently obtain and distribute a supply of fresh merchandise throughout a large and growing network of stores. These risk factors include:

- An increase in the level of competitive pressures in the apparel or home-related merchandise industry.
- Changes in the level of consumer spending on or preferences for apparel or home-related merchandise, including the potential impact from the macro-economic environment, uncertainty in financial and credit markets, and changes in geopolitical conditions.
- Unseasonable weather trends that could affect consumer demand for seasonal apparel and apparel-related products.
- A change in the availability, quantity, or quality of attractive brand-name merchandise at desirable discounts that could impact our ability to purchase product and continue to offer customers a wide assortment of merchandise at competitive prices.
- Potential disruptions in the supply chain that could impact our ability to deliver product to our stores in a timely and cost-effective manner.
- A change in the availability, quality, or cost of new store real estate locations.
- A downturn in the economy or a natural disaster in California or in another region where we have a concentration of stores or a distribution center. Our corporate headquarters, Los Angeles buying office, two distribution centers, and 26% of our stores are located in California.

We are subject to operating risks as we attempt to execute on our merchandising and growth strategies.

The continued success of our business depends, in part, upon our ability to increase sales at our existing store locations, to open new stores, and to operate stores on a profitable basis. Our existing strategies and store expansion programs may not result in a continuation of our anticipated revenue or profit growth. In executing our off-price retail strategies and working to improve efficiencies, expand our store network, and reduce our costs, we face a number of operational risks, including:

- Our ability to attract and retain personnel with the retail talent necessary to execute our strategies.
- Our ability to effectively operate our various supply chain, core merchandising, and other information systems.
- Our ability to improve our merchandising capabilities through the recent implementation of new processes and systems enhancements.
- Our ability to improve new store sales and profitability, especially in newer regions and markets.
- Our ability to achieve and maintain targeted levels of productivity and efficiency in our distribution centers.
- Our ability to lease or acquire acceptable new store sites with favorable demographics and long term financial returns.
- Our ability to identify and to successfully enter new geographic markets.
- Our ability to achieve planned gross margins by effectively managing inventories, markdowns, and shrink.
- Our ability to effectively manage all operating costs of the business, the largest of which are payroll and benefit costs for store and distribution center employees.

ITEM 1B. UNRESOLVED STAFF COMMENTS.

Not applicable.

ITEM 2. PROPERTIES.

At January 30, 2010, we operated a total of 1,005 stores, of which 953 were Ross Dress for Less locations in 27 states and Guam and 52 were dd's DISCOUNTS® stores in four states. All stores are leased, with the exception of two locations which we own.

During fiscal 2009, we opened 52 new Ross stores and closed three existing stores. The average approximate Ross store size is 29,800 square feet.

During fiscal 2009, we opened four new dd's DISCOUNTS stores and closed four existing stores. The average approximate dd's DISCOUNTS store size is 24,900 square feet. Our dd's DISCOUNTS stores are currently located in California, Texas, Florida, and Arizona.

During fiscal 2009, no one store accounted for more than 1% of our sales.

We carry earthquake insurance for business interruption, inventory, and personal property to mitigate our risk on our corporate headquarters, distribution centers, buying offices, and all of our stores.

Our real estate strategy in 2010 is to open stores in states where we currently operate to increase our market penetration and to reduce overhead and advertising expenses as a percentage of sales in each market. We expect to enter new states for both Ross and dd's DISCOUNTS in 2011. Important considerations in evaluating a new store location are the availability and quality of potential sites, demographic characteristics, competition, and population density of the local trade area. In addition, we continue to consider opportunistic real estate acquisitions.

The following table summarizes the locations of our stores by state as of January 30, 2010 and January 31, 2009.

State/Territory	January 30, 2010	January 31, 2009
Alabama	17	17
Arizona	52	52
California	259	247
Colorado	28	27
Delaware	1	1
Florida	125	114
Georgia	44	44
Guam	1	1
Hawaii	12	11
Idaho	9	9
Louisiana	11	10
Maryland	18	17
Mississippi	5	5
Montana	6	6
Nevada	20	19
New Jersey	10	9
New Mexico	6	5
North Carolina	32	32
Oklahoma	18	16
Oregon	25	25
Pennsylvania	32	29
South Carolina	20	20
Tennessee	25	24
Texas	153	143
Utah	12	12
Virginia	32	30
Washington	30	29
Wyoming	2	2
Total	1,005	956

Where possible, we obtain sites in buildings requiring minimal alterations, allowing us to establish stores in new locations in a relatively short period of time at reasonable costs in a given market. At January 30, 2010, the majority of our stores had unexpired original lease terms ranging from three to ten years with three to four renewal options of five years each. The average unexpired original lease term of our leased stores is five years, or 22 years if renewal options are included. See Note E of Notes to Consolidated Financial Statements.

See additional discussion under “Stores” in Item 1.

The following table summarizes the location and approximate sizes of our distribution centers, warehouses, and office locations as of January 30, 2010. Square footage information for the distribution centers and warehouses represents total ground floor area of the facility. Square footage information for office space represents total space occupied. See additional discussion in Management's Discussion and Analysis.

Location	Approximate Square Footage	Own / Lease
Distribution centers		
Carlisle, Pennsylvania	425,000	OWN
Fort Mill, South Carolina	1,300,000	OWN
Moreno Valley, California	1,300,000	OWN
Perris, California	1,300,000	LEASE
Warehouses		
Carlisle, Pennsylvania	239,000	LEASE
Carlisle, Pennsylvania	246,000	LEASE
Fort Mill, South Carolina	423,000	OWN
Fort Mill, South Carolina	255,000	LEASE
Office space		
Los Angeles, California	26,000	LEASE
New York City, New York	197,000	LEASE
Pleasanton, California	181,000	LEASE

In October 2008, we purchased 167 acres of land in the Southeast.

See additional discussion under "Distribution" in Item 1.

ITEM 3. LEGAL PROCEEDINGS.

Like many California retailers, we have been named in class action lawsuits regarding wage and hour claims. Class action litigation involving allegations that hourly associates have missed meal and/or rest break periods, as well as allegations of unpaid overtime wages to store managers and assistant store managers at Company stores under state law remains pending as of January 30, 2010.

We are also party to various other legal proceedings arising in the normal course of business. Actions filed against us include commercial, product, customer, intellectual property, and labor and employment-related claims, including lawsuits in which plaintiffs allege that we violated state or federal laws. Actions against us are in various procedural stages. Many of these proceedings raise factual and legal issues and are subject to uncertainties.

We believe that the resolution of these legal proceedings will not have a material adverse effect on our financial condition, results of operations, or cash flows.

ITEM 4. (REMOVED AND RESERVED).

Executive Officers of the Registrant

The following sets forth the names and ages of our executive officers, indicating each person's principal occupation or employment during at least the past five years. The term of office is at the discretion of our Board of Directors.

Name	Age	Position
Michael Balmuth	59	Vice Chairman and Chief Executive Officer
James S. Fassio	55	President and Chief Development Officer
Michael O'Sullivan	46	President and Chief Operating Officer
Barbara Rentler	52	President and Chief Merchandising Officer
Lisa Panattoni	47	Group Executive Vice President, Merchandising
John G. Call	51	Senior Vice President and Chief Financial Officer

Mr. Balmuth joined the Board of Directors as Vice Chairman and became Chief Executive Officer in September 1996. From February 2005 to December 2009, he also served as President. He was Executive Vice President, Merchandising from July 1993 to September 1996 and Senior Vice President and General Merchandise Manager from November 1989 to July 1993. Before joining Ross, he was Senior Vice President and General Merchandising Manager at Bon Marché in Seattle from September 1988 to November 1989. From April 1986 to September 1988, he served as Executive Vice President and General Merchandising Manager for Karen Austin Petites.

Mr. Fassio became President and Chief Development Officer in December 2009. Prior to this, he was Executive Vice President, Property Development, Construction and Store Design from February 2005 to December 2009. From March 1991 to February 2005, he served as Senior Vice President, Property Development, Construction and Store Design. He joined the Company in June 1988 as Vice President of Real Estate. Prior to joining Ross, Mr. Fassio held various retail and real estate positions with Safeway Stores, Inc.

Mr. O'Sullivan became President and Chief Operating Officer in December 2009. From February 2005 to December 2009, he served as Executive Vice President and Chief Administrative Officer, after joining Ross in September 2003 as Senior Vice President, Strategic Planning and Marketing. From 1991 to 2003, Mr. O'Sullivan was a partner with Bain & Company providing consulting advice to retail, consumer goods, financial services and private equity clients.

Ms. Rentler has served as President and Chief Merchandising Officer of Ross Dress for Less® since December 2009, with responsibility for all merchandising categories at Ross. From December 2006 to December 2009, she was Executive Vice President, Merchandising, with responsibility for all Ross Apparel and Apparel-related products. She also served as Executive Vice President and Chief Merchandising Officer of dd's DISCOUNTS® from February 2005 to December 2006, Senior Vice President and Chief Merchandising Officer of dd's DISCOUNTS from January 2004 to February 2005 and Senior Vice President and General Merchandise Manager at Ross Dress for Less from February 2001 to January 2004. Prior to that, she held various merchandising positions since joining the Company in February 1986.

Ms. Panattoni was named Group Executive Vice President, Merchandising for Ross Home, Men's and Children's in December 2009. She joined the Company in January 2005 as Senior Vice President and General Merchandise Manager of Ross Home and was promoted to Executive Vice President in October 2005. Prior to joining Ross, Ms. Panattoni was with The TJX Companies, where she served as Senior Vice President of Merchandising and Marketing for HomeGoods from 1998 to 2004 and as Divisional Merchandise Manager of the Marmaxx Home Store from 1994 to 1998.

Mr. Call has served as Senior Vice President and Chief Financial Officer since joining the Company in June 1997. From June 1997 to February 2009 he also served as Corporate Secretary. Mr. Call was Senior Vice President, Chief Financial Officer, Secretary and Treasurer of Friedman's from June 1993 until joining Ross in 1997. Prior to joining Friedman's, Mr. Call held various positions with Ernst & Young LLP.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES.

General information. See the information set forth under the caption "Quarterly Financial Data (Unaudited)" under Note K of Notes to Consolidated Financial Statements in Item 8 of this Annual Report, which is incorporated herein by reference. Our stock is traded on The NASDAQ Global Select Market® under the symbol ROST. There were 768 stockholders of record as of March 12, 2010 and the closing stock price on that date was \$52.92 per share.

Cash dividends. In January 2010, our Board of Directors declared a quarterly cash dividend payment of \$.16 per common share, payable on March 31, 2010. Our Board of Directors declared quarterly cash dividends of \$.11 per common share in January, May, August, and November 2009, and cash dividends of \$.095 per common share in January, May, August, and November 2008.

Issuer purchases of equity securities. Information regarding shares of common stock we repurchased during the fourth quarter of fiscal 2009 is as follows:

Period	Total number of shares (or units) purchased ¹	Average price paid per share (or unit)	Total number of shares (or units) purchased as part of publicly announced plans or programs	Maximum number (or approximate dollar value) of shares (or units) that may yet be purchased under the plans or programs (\$000)
November (11/01/2009-11/28/2009)	310,363	\$ 45.31	309,776	\$ 56,000
December (11/29/2009-01/02/2010)	724,912	\$ 43.68	722,670	\$ 25,000
January (01/03/2010-01/30/2010)	553,919	\$ 45.27	542,397	\$ —
Total	<u>1,589,194</u>	\$ 44.55	<u>1,574,843</u>	\$ — ²

¹ We acquired 14,351 shares of treasury stock during the quarter ended January 30, 2010. Treasury stock includes shares purchased from employees for tax withholding purposes related to vesting of restricted stock grants. All remaining shares were repurchased under our publicly announced stock repurchase program.

² In January 2010 our Board of Directors approved a two-year \$750 million stock repurchase program for fiscal 2010 and 2011.

See Note H of Notes to Consolidated Financial Statements for equity compensation plan information. The information under Item 12 of this Annual Report on Form 10-K under the caption "Equity compensation plan information" is incorporated herein by reference.

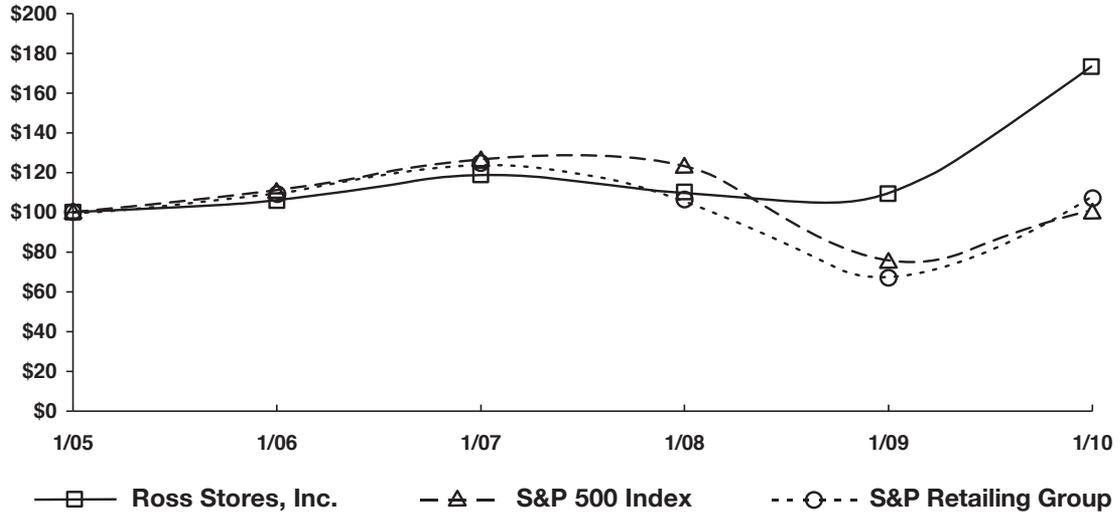

Stockholder Return Performance Graph

The following information in this Item 5 shall not be deemed filed for purposes of Section 18 of the Securities Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933.

Set forth below is a line graph comparing the cumulative total stockholder returns for our common stock with the Standard & Poors ("S&P") 500 Index and the S&P Retailing Group over the last five years. The five year period comparison graph assumes that the value of the investment in our common stock at each fiscal year end and the comparative indexes was \$100 on January 31, 2005 and measures the performance of this investment as of the last trading day in the month of January for each of the following five years. These measurement dates are based on the historical month-end data available and may vary slightly from our actual fiscal year-end date for each period. Data with respect to returns for the S&P indexes is not readily available for periods shorter than one month. The total return assumes the reinvestment of dividends at the frequency with which dividends are paid. The graph is a historical representation of past performance only and is not necessarily indicative of future returns to stockholders.

COMPARISON OF FIVE YEAR CUMULATIVE TOTAL RETURN*

Among Ross Stores, Inc., The S&P 500 Index
and S&P Retailing Group

*\$100 invested on 1/28/05 in stock or 1/31/05 in index, including reinvestment of dividends.

Fiscal year ended January 31. Indexes calculated on month-end basis.

Company / Index	Base Period 2005	Indexed Returns for Years Ended				
		2006	2007	2008	2009	2010
Ross Stores, Inc.	100	106	119	110	110	173
S&P 500 Index	100	110	126	123	76	101
S&P Retailing Group	100	109	124	106	67	107

ITEM 6. SELECTED FINANCIAL DATA.

The following selected financial data is derived from our consolidated financial statements. The data set forth below should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations," the section "Forward-Looking Statements" in this Annual Report on Form 10-K and our consolidated financial statements and notes thereto.

(\$000, except per share data)	2009	2008	2007	2006 ¹	2005
Operations

¹ Fiscal 2006 was a 53-week year; all other fiscal years presented were 52 weeks.

² Comparable stores are stores open for more than 14 complete months.

³ Based on average annual selling square footage.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Overview

We are the second largest off-price apparel and home goods retailer in the United States. At the end of fiscal 2009, we operated 953 Ross Dress for Less ("Ross") locations in 27 states and Guam, and 52 dd's DISCOUNTS stores in four states. Ross offers first-quality, in-season, name brand and designer apparel, accessories, footwear and home fashions at everyday savings of 20 to 60 percent off department and specialty store regular prices. dd's DISCOUNTS features a more moderately-priced assortment of first-quality, in-season, name brand apparel, accessories, footwear and home fashions at everyday savings of 20 to 70 percent off moderate department and discount store regular prices.

Our primary objective is to pursue and refine our existing off-price strategies to maintain or improve profitability and improve financial returns over the long term. In establishing appropriate growth targets for our business, we closely monitor market share trends for the off-price industry. Total aggregate sales for five of the largest off-price retailers in the United States increased 7% during 2009 on top of a 3% increase in 2008. This compares to total national apparel sales which declined 5% during 2009 compared to a 3% decline in 2008, according to data published by the NPD Group, Inc., which provides global sales and marketing information on the retail industry.

We believe that the stronger relative sales gains of the off-price retailers during 2009 were driven mainly by the increased focus on value by consumers, whose spending continued to be pressured by the challenging macro-economic environment. Our sales and earnings gains in 2009 benefited from efficient execution of our resilient and flexible off-price business model. Our merchandise and operational strategies are designed to take advantage of the expanding market share of our off-price industry as well as the ongoing customer demand for name brand fashions for the family and home at compelling everyday discounts.

Looking ahead to 2010, we are planning to maintain tight controls of both inventory levels and operating expenses as part of our strategy to help us maximize our profitability.

We refer to our fiscal years ended January 30, 2010, January 31, 2009, and February 2, 2008 as fiscal 2009, fiscal 2008, and fiscal 2007, respectively. Fiscal 2009, 2008, and 2007 were 52 weeks.

Results of Operations

The following table summarizes the financial results for fiscal years ended 2009, 2008, and 2007.

	2009	2008	2007
Sales			
Sales (millions)	\$ 7,184	\$ 6,486	\$ 5,975
Sales growth	10.8%	8.6%	7.3%
Comparable store sales growth	6%	2%	1%
Costs and expenses (as a percent of sales)			
Cost of goods sold	74.2%	76.4%	77.3%
Selling, general and administrative	15.7%	16.0%	15.7%
Interest expense (income), net	0.1%	0.0%	(0.1%)
Earnings before taxes (as a percent of sales)	10.0%	7.6%	7.1%
Net earnings (as a percent of sales)	6.2%	4.7%	4.4%

Stores. Total stores open at the end of 2009, 2008, and 2007 were 1,005, 956, and 890, respectively. The number of stores at the end of fiscal 2009, 2008, and 2007 increased by 5%, 7%, and 12% from the respective prior years. Our expansion strategy is to open additional stores based on market penetration, local demographic characteristics, competition, expected store profitability, and the ability to leverage overhead expenses. We continually evaluate opportunistic real estate acquisitions and opportunities for potential new store locations. We also evaluate our current store locations and determine store closures based on similar criteria.

	2009	2008	2007
Stores at the beginning of the period	956	890	797
Stores opened in the period	56	77	98
Stores closed in the period	(7)	(11)	(5)
Stores at the end of the period	1,005	956	890
Selling square footage at the end of the period (000)	23,700	22,500	21,100

Sales. Sales for fiscal 2009 increased \$698.1 million, or 10.8%, compared to the prior year due to the opening of 49 net new stores during 2009, and a 6% increase in sales from “comparable” stores (defined as stores that have been open for more than 14 complete months). Sales for fiscal 2008 increased \$510.9 million, or 8.6%, compared to the prior year due to the opening of 66 net new stores during 2008, and a 2% increase in sales from comparable stores.

Our sales mix is shown below for fiscal 2009, 2008, and 2007:

	2009	2008	2007
Ladies	30%	32%	32%
Home accents and bed and bath	24%	23%	23%
Men’s	13%	14%	15%
Accessories, lingerie, fine jewelry, and fragrances	13%	12%	11%
Shoes	11%	10%	10%
Children’s	9%	9%	9%
Total	100%	100%	100%

We expect to address the competitive climate for off-price apparel and home goods by pursuing and refining our existing strategies and by continuing to strengthen our organization, to diversify our merchandise mix, and to more fully develop our organization and systems to improve regional and local merchandise offerings. Although our strategies and store expansion program contributed to sales gains in fiscal 2009, 2008, and 2007, we cannot be sure that they will result in a continuation of sales growth or an increase in net earnings.

Cost of goods sold. Cost of goods sold in fiscal 2009 increased \$370.7 million compared to the prior year mainly due to increased sales from the opening of 49 net new stores during the year, and a 6% increase in sales from comparable stores.

Cost of goods sold as a percentage of sales for fiscal 2009 decreased approximately 230 basis points from the prior year. This improvement was mainly the result of a 170 basis point increase in merchandise gross margin, which includes a 40 basis point benefit from lower shortage. In addition, freight costs declined by about 50 basis points, occupancy leveraged 35 basis points, and distribution costs declined by about 10 basis points. These improvements were partially offset by a 35 basis point increase in buying expenses due in part to higher incentive costs versus the prior year.

Cost of goods sold in fiscal 2008 increased \$338.4 million compared to the prior year mainly due to increased sales from the opening of 66 net new stores during the year, and a 2% increase in sales from comparable stores.

Cost of goods sold as a percentage of sales for fiscal 2008 decreased approximately 90 basis points from the prior year. This improvement was mainly the result of a 100 basis point increase in merchandise gross margin. In addition, distribution costs for the year improved by about 20 basis points. As a percent of sales, these favorable trends were partially offset by a 10 basis point increase in occupancy expense and a 20 basis point increase in incentive costs.

We cannot be sure that the gross profit margins realized in fiscal 2009, 2008, and 2007 will continue in future years.

Selling, general and administrative expenses. For fiscal 2009, selling, general and administrative expenses ("SG&A") increased \$96.5 million compared to the prior year, mainly due to increased store operating costs reflecting the opening of 49 net new stores during the year.

SG&A as a percentage of sales for fiscal 2009 decreased by approximately 20 basis points compared to the prior year. This decrease was mainly driven by 40 basis points of leverage on store operating expenses partially offset by a 20 basis point increase in general and administrative expenses due in part to higher incentive costs versus the prior year.

For fiscal 2008, SG&A increased \$98.5 million compared to the prior year, mainly due to increased store operating costs reflecting the opening of 66 net new stores during the year.

SG&A as a percentage of sales for fiscal 2008 grew by approximately 30 basis points over the prior year. This increase was mainly driven by a 20 basis point increase in store operating expenses and a 10 basis point increase in general and administrative costs as a percent of sales.

The largest component of SG&A is payroll. The total number of employees, including both full and part-time, as of fiscal year end 2009, 2008, and 2007 was approximately 45,600, 40,000, and 39,100, respectively.

Interest expense (income), net. In fiscal 2009, interest expense increased by \$1.1 million primarily due to lower capitalization of construction interest. In fiscal 2009, interest income decreased by \$6.7 million primarily due to lower investment yields as compared to the prior year. As a percentage of sales, net interest expense in fiscal 2009 decreased pre-tax earnings by approximately 10 basis points compared to the same period in the prior year. The table below shows interest expense and income for fiscal 2009, 2008, and 2007:

(\$ millions)	2009	2008	2007
Interest expense	\$ 9.4	\$ 8.3	\$ 9.8
Interest income	(1.8)	(8.5)	(13.8)
Total interest expense (income), net	\$ 7.6	\$ (0.2)	\$ (4.0)

Taxes on earnings. Our effective tax rate for fiscal 2009, 2008, and 2007 was approximately 38%, 38%, and 39%, respectively, which represents the applicable combined federal and state statutory rates reduced by the federal benefit of state taxes deductible on federal returns. The effective rate is affected by changes in law, location of new stores, level of earnings, and the resolution of tax positions with various taxing authorities. We anticipate that our effective tax rate for fiscal 2010 will be in the range of 38% to 39%.

Net earnings. Net earnings as a percentage of sales for fiscal 2009 were higher compared to fiscal 2008 primarily due to both lower cost of goods sold and lower SG&A expenses as a percentage of sales. Net earnings as a percentage of sales for fiscal 2008 were higher compared to fiscal 2007 primarily due to lower cost of goods sold as a percentage of sales, partially offset by higher SG&A expenses as a percentage of sales.

Earnings per share. Diluted earnings per share in fiscal 2009 was \$3.54, compared to \$2.33 in fiscal 2008. This 52% increase in diluted earnings per share is attributable to an approximate 45% increase in net earnings and a 5% reduction in weighted average diluted shares outstanding, largely due to the repurchase of common stock under our stock repurchase program. Diluted earnings per share in fiscal 2008 was \$2.33, compared to \$1.90 in fiscal 2007. This 23% increase in diluted earnings per share is attributable to an approximate 17% increase in net earnings and a 4% reduction in weighted average diluted shares outstanding, largely due to the repurchase of common stock under our stock repurchase program.

Financial Condition

Liquidity and Capital Resources

Our primary sources of funds for our business activities are cash flows from operations and short-term trade credit. Our primary ongoing cash requirements are for merchandise inventory purchases, payroll, capital expenditures in connection with opening new stores, and investments in distribution centers and information systems. We also use cash to repurchase stock under our stock repurchase program and to pay dividends.

(\$ millions)	2009	2008	2007
Cash flows provided by operating activities	\$ 888.4	\$ 583.4	\$ 353.5
Cash flows used in investing activities	(136.8)	(218.7)	(244.7)
Cash flows used in financing activities	(304.6)	(300.9)	(218.6)
Net increase (decrease) in cash and cash equivalents	\$ 447.0	\$ 63.8	\$ (109.8)

Operating Activities

Net cash provided by operating activities was \$888.4 million, \$583.4 million, and \$353.5 million in fiscal 2009, 2008, and 2007, respectively. The primary sources of cash provided by operating activities in fiscal 2009, 2008, and 2007 were net earnings plus non-cash expenses for depreciation and amortization. Accounts payable leverage (defined as accounts payable divided by merchandise inventory) was 75% as of January 30, 2010 and 61% as of January 31, 2009. The increase in leverage was due to faster turns on lower inventory levels.

Our primary source of liquidity is the sale of our merchandise inventory. We regularly review the age and condition of our merchandise and are able to maintain current merchandise inventory in our stores through replenishment processes and liquidation of slower-moving merchandise through clearance markdowns.

Investing Activities

In fiscal 2009, 2008, and 2007, our capital expenditures were \$158.5 million, \$224.4 million, and \$236.1 million, respectively. Our capital expenditures included fixtures and leasehold improvements to open new stores, implement information technology systems, build or expand distribution centers, and various other expenditures related to our stores, buying and corporate offices. In fiscal 2008 we also purchased land in South Carolina with the intention of building a new distribution center in the future. We opened 56, 77, and 98 new stores in fiscal 2009, 2008, and 2007, respectively, which included relocating one store in 2009 and one store in 2007.

We had purchases of investments of \$2.9 million, \$37.0 million, and \$146.1 million in fiscal 2009, 2008, and 2007, respectively. We had sales of investments of \$24.5 million, \$42.5 million, and \$137.1 million in fiscal 2009, 2008, and 2007, respectively.

We are forecasting approximately \$215 million in capital requirements in 2010 to fund expenditures for fixtures and leasehold improvements to open both new Ross and dd's DISCOUNTS stores, for the relocation, or upgrade of existing stores, for investments in store and merchandising systems, buildings, equipment and systems, and for various buying and corporate office expenditures. We expect to fund these expenditures with available cash, cash flows from operations, and trade credit.

Our capital expenditures over the last three years are set forth in the table below:

(\$ millions)	2009	2008	2007
New stores	\$ 55.4	\$ 52.0	\$ 110.1
Store renovations and improvements	44.3	47.3	32.3
Information systems	10.4	13.2	21.4
Distribution centers, corporate office, and other	48.4	111.9	72.3
Total capital expenditures	\$ 158.5	\$ 224.4	\$ 236.1

Financing Activities

During fiscal 2009, 2008, and 2007, our liquidity and capital requirements were provided by available cash, cash flows from operations, and trade credit. Our buying offices, our corporate headquarters, one distribution center, one trailer parking lot, three warehouse facilities, and all but two of our store locations are leased and, except for certain leasehold improvements and equipment, do not represent capital investments. We own one distribution center in each of the following cities: Carlisle, Pennsylvania; Moreno Valley, California; and Fort Mill, South Carolina; and one warehouse facility in Fort Mill, South Carolina.

In January 2008, our Board of Directors approved a two-year \$600 million stock repurchase program for fiscal 2008 and 2009. We repurchased 7.4 million and 9.3 million shares of common stock for aggregate purchase prices of approximately \$300 million in both 2009 and 2008. In January 2010, our Board of Directors approved a two-year \$750 million stock repurchase program for fiscal 2010 and 2011.

In January 2010, our Board of Directors declared a quarterly cash dividend payment of \$.16 per common share, payable on March 31, 2010. Our Board of Directors declared quarterly cash dividends of \$.11 per common share in January, May, August, and November 2009, and cash dividends of \$.095 per common share in January, May, August, and November 2008.

Short-term trade credit represents a significant source of financing for merchandise inventory. Trade credit arises from customary payment terms and trade practices with our vendors. We regularly review the adequacy of credit available to us from all sources and expect to be able to maintain adequate trade, bank, and other credit lines to meet our capital and liquidity requirements, including lease payment obligations in 2010.

We estimate that cash flows from operations, bank credit lines, and trade credit are adequate to meet operating cash needs, fund our planned capital investments, repurchase common stock, and make quarterly dividend payments for at least the next twelve months.

Contractual Obligations

The table below presents our significant contractual obligations as of January 30, 2010:

(\$000)	Less than 1 year	1 – 3 years	3 – 5 years	After 5 years	Total ¹
Senior Notes	\$ —	\$ —	\$ —	\$ 150,000	\$ 150,000
Interest payment obligations	9,667	19,335	19,335	50,195	98,532
Capital leases	291	45	—	—	336
Operating leases:					
Rent obligations	333,077	660,350	502,136	500,278	1,995,841
Synthetic leases	5,681	8,886	1,705	—	16,272
Other synthetic lease obligations	1,564	1,030	56,000	—	58,594
Purchase obligations	1,078,071	7,886	831	—	1,086,788
Total contractual obligations	\$ 1,428,351	\$ 697,532	\$ 580,007	\$ 700,473	\$ 3,406,363

¹ We have a \$33.6 million liability for unrecognized tax benefits that is included in other long-term liabilities on our consolidated balance sheet. This liability is excluded from the schedule above as the timing of payments cannot be reasonably estimated.

Senior Notes. We have two series of unsecured senior notes outstanding with various institutional investors for \$150 million. The Series A notes totaling \$85 million are due in December 2018 and bear interest at a rate of 6.38%. The Series B notes totaling \$65 million, are due in December 2021, and bear interest at a rate of 6.53%. Interest on these notes is included in Interest payment obligations in the table above. These notes are subject to prepayment penalties for early payment of principal.

Borrowings under these notes are subject to certain operating and financial covenants, including maintaining certain interest coverage and other financial ratios. As of January 30, 2010, we were in compliance with these covenants.

Capital leases. The obligations under capital leases relate to distribution center equipment and have terms of two to three years.

Off-Balance Sheet Arrangements

Operating leases. We lease our two buying offices, our corporate headquarters, one distribution center, one trailer parking lot, three warehouse facilities, and all but two of our store locations. Except for certain leasehold improvements and equipment, these leased locations do not represent long-term capital investments.

We have lease arrangements for certain equipment in our stores for our point-of-sale (“POS”) hardware and software systems. These leases are accounted for as operating leases for financial reporting purposes. The initial terms of these leases are either two or three years, and we typically have options to renew the leases for two to three one-year periods. Alternatively, we may purchase or return the equipment at the end of the initial or each renewal term. We have guaranteed the value of the equipment of \$2.6 million, at the end of the respective initial lease terms, which is included in Other synthetic lease obligations in the table above.

We lease approximately 181,000 square feet of office space for our corporate headquarters in Pleasanton, California, under several facility leases. The terms for these leases expire between 2011 and 2015 and contain renewal provisions.

We lease approximately 197,000 and 26,000 square feet of office space for our New York City and Los Angeles buying offices, respectively. The lease terms for these facilities expire in 2021 and 2014, respectively and contain renewal provisions.

We lease a 1.3 million square foot distribution center in Perris, California. The land and building for this distribution center are financed under a \$70 million ten-year synthetic lease that expires in July 2013. Rent expense on this center is payable monthly at a fixed annual rate of 5.8% on the lease balance of \$70 million. At the end of the lease term, we have the option to either refinance the \$70 million synthetic lease facility, purchase the distribution center at the amount of the then-outstanding lease obligation, or arrange a sale of the distribution center to a third party. If the distribution center is sold to a third party for less than \$70 million, we have agreed under a residual value guarantee to pay the lessor any shortfall amount up to \$56 million. The agreement includes a prepayment penalty for early payoff of the lease. Our contractual obligation of \$56 million is included in Other synthetic lease obligations in the above table.

We have recognized a liability and corresponding asset for the inception date estimated fair value of the residual value guarantee in the amount of \$8.3 million for the Perris, California distribution center and \$0.9 million for the POS leases. These residual value guarantees are being amortized on a straight-line basis over the original terms of the leases. The current portion of the related asset and liability is recorded in prepaid expenses and accrued expenses, respectively, and the long-term portion of the related assets and liabilities is recorded in other long-term assets and other long-term liabilities, respectively, in the accompanying consolidated balance sheets.

We lease two warehouses in Carlisle, Pennsylvania with one lease expiring in 2013 and the other expiring in 2014. In January 2009, we exercised a three-year option for a 255,000 square foot warehouse in Fort Mill, South Carolina, extending the term to February 2013. In June 2008, we purchased a 423,000 square foot warehouse also in Fort Mill, South Carolina. All four of these properties are used to store our packaway inventory. We also lease a 10-acre parcel of land that has been developed for trailer parking adjacent to our Perris distribution center.

The synthetic lease facilities described above, as well as our revolving credit facility and senior notes, have covenant restrictions requiring us to maintain certain interest coverage and other financial ratios. In addition, the interest rates under the revolving credit facility may vary depending on actual interest coverage ratios achieved. As of January 30, 2010, we were in compliance with these covenants.

Purchase obligations. As of January 30, 2010 we had purchase obligations of \$1,087 million. These purchase obligations primarily consist of merchandise inventory purchase orders, commitments related to store fixtures and supplies, and information technology service and maintenance contracts. Merchandise inventory purchase orders of \$1,044 million represent purchase obligations of less than one year as of January 30, 2010.

Commercial Credit Facilities

The table below presents our significant available commercial credit facilities at January 30, 2010:

(\$000)	Amount of Commitment Expiration Per Period				Total amount committed
	Less than 1 year	1 – 3 years	3 – 5 years	After 5 years	
Revolving credit facility	\$ —	\$ 600,000	\$ —	\$ —	\$ 600,000
Total commercial commitments	\$ —	\$ 600,000	\$ —	\$ —	\$ 600,000

For additional information relating to this credit facility, refer to Note D of Notes to the Consolidated Financial Statements.

Revolving credit facility. We have available a \$600 million revolving credit facility with our banks, which contains a \$300 million sublimit for issuance of standby letters of credit, of which \$234.8 million was available at January 30, 2010. This credit facility which expires in July 2011 has a LIBOR-based interest rate plus an applicable margin (currently 45 basis points) and is payable upon maturity but not less than quarterly. Our borrowing ability under this credit facility is subject to our maintaining certain financial ratios. As of January 30, 2010 we had no borrowings outstanding under this facility and were in compliance with the covenants.

Standby letters of credit. We use standby letters of credit to collateralize certain obligations related to our self-insured workers' compensation and general liability claims. We had \$65.2 million and \$60.4 million in standby letters of credit outstanding at January 30, 2010 and January 31, 2009, respectively.

Trade letters of credit. We had \$32.9 million and \$16.7 million in trade letters of credit outstanding at January 30, 2010 and January 31, 2009, respectively.

Other

2008 Equity Incentive Plan. In May 2008, our stockholders approved the adoption of the Ross Stores, Inc. 2008 Equity Incentive Plan (the "2008 Plan") with an initial share reserve of 8.3 million shares of our common stock, of which 6.0 million shares can be issued as full value awards. The 2008 Plan provides for various types of incentive awards, which may potentially include the grant of stock options, stock appreciation rights, restricted stock purchase rights, restricted stock bonuses, restricted stock units, performance shares, performance units, and deferred compensation awards.

Critical Accounting Policies

The preparation of our consolidated financial statements requires our management to make estimates and assumptions that affect the reported amounts. These estimates and assumptions are evaluated on an ongoing basis and are based on historical experience and on various other factors that management believes to be reasonable. We believe the following critical accounting policies describe the more significant judgments and estimates used in the preparation of our consolidated financial statements.

Merchandise inventory. Our merchandise inventory is stated at the lower of cost or market, with cost determined on a weighted average cost basis. We purchase manufacturer overruns and canceled orders both during and at the end of a season which are referred to as "packaway" inventory. Packaway inventory is purchased with the intent that it will be stored in our warehouses until a later date, which may even be the beginning of the same selling season in the following year. Packaway inventory accounted for approximately 38% of total inventories as of January 30, 2010 and January 31, 2009. Merchandise inventory includes acquisition, processing, and storage costs related to packaway inventory.

Included in the carrying value of our merchandise inventory is a provision for shortage. The shortage reserve is based on historical shortage rates as evaluated through our periodic physical merchandise inventory counts and cycle counts. If actual market conditions, markdowns, or shortage are less favorable than those projected by us, or if sales of the merchandise inventory are more difficult than anticipated, additional merchandise inventory write-downs may be required.

Long-lived assets. We record a long-lived asset impairment charge when events or changes in circumstances indicate that the carrying amount of a long-lived asset may not be recoverable based on estimated future cash flows. An impairment loss would be recognized if analysis of the undiscounted cash flow of an asset group was less than the carrying value of the asset group. If our actual results differ materially from projected results, an impairment charge may be required in the future. In the course of performing our annual analysis, we determined that no long-lived asset impairment charge was required for fiscal 2009, 2008, or 2007.

Depreciation and amortization expense. Property and equipment are stated at cost, less accumulated depreciation and amortization. Depreciation is calculated using the straight-line method over the estimated useful life of the asset, typically ranging from five to twelve years for equipment and 20 to 40 years for real property. The cost of leasehold improvements is amortized over the lesser of the useful life of the asset or the applicable lease term.

Lease accounting. When a lease contains “rent holidays” or requires fixed escalations of the minimum lease payments, we record rental expense on a straight-line basis over the term of the lease and the difference between the average rental amount charged to expense and the amount payable under the lease is recorded as deferred rent. We amortize deferred rent on a straight-line basis over the lease term commencing on the possession date. Tenant improvement allowances are included in other long-term liabilities and are amortized over the lease term. Tenant improvement allowances are included as a component of operating cash flows in the consolidated Statements of Cash Flows.

Self-insurance. We self insure certain of our workers’ compensation and general liability risks as well as certain coverages under our health plans. Our self-insurance liability is determined actuarially, based on claims filed and an estimate of claims incurred but not reported. Should a greater amount of claims occur compared to what is estimated or the costs of medical care increase beyond what was anticipated, our recorded reserves may not be sufficient and additional charges could be required.

Stock-based compensation. We recognize compensation expense based upon the grant date fair value of all stock-based awards, typically over the vesting period. We use historical data to estimate pre-vesting forfeitures and to recognize stock-based compensation expense. All stock-based compensation awards are expensed over the service or performance periods of the awards.

Income taxes. We account for our uncertain tax positions in accordance with Accounting Standards Codification (“ASC”) 740. We are required to make assumptions and judgments regarding our income tax exposures. Our policy is to recognize interest and/or penalties related to all tax positions in income tax expense. To the extent that accrued interest and penalties do not ultimately become payable, amounts accrued will be reduced and reflected as a reduction of the overall income tax provision in the period that such determination is made.

The critical accounting policies noted above are not intended to be a comprehensive list of all of our accounting policies. In many cases, the accounting treatment of a particular transaction is specifically dictated by Generally Accepted Accounting Principles (“GAAP”), with no need for management’s judgment in their application. There are also areas in which management’s judgment in selecting one alternative accounting principle over another would not produce a materially different result. See our audited consolidated financial statements and notes thereto under Item 8 in this Annual Report on Form 10-K, which contain accounting policies and other disclosures required by GAAP.

Effects of inflation or deflation. We do not consider the effects of inflation or deflation to be material to our financial position and results of operations.

New Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (“FASB”) issued ASC 810 (originally issued as SFAS No. 167, “Amendments to FASB Interpretation No. 46(R)”). Among other things, ASC 810 responds to concerns about the application of certain key provisions of FIN 46(R), including those regarding the transparency of the involvement with variable interest entities. ASC 810 is effective for fiscal years beginning after November 15, 2009. We do not believe the adoption of ASC 810 will have a material impact on our consolidated financial statements.

Forward-Looking Statements

Our Annual Report on Form 10-K for fiscal 2009, and information we provide in our Annual Report to Stockholders, press releases, telephonic reports, and other investor communications including on our corporate website, may contain a number of forward-looking statements regarding, without limitation, planned store growth, new markets, expected sales, projected earnings levels, capital expenditures, and other matters. These forward-looking statements reflect our then current beliefs, projections, and estimates with respect to future events and our projected financial performance, operations, and competitive position. The words “plan,” “expect,” “target,” “anticipate,” “estimate,” “believe,” “forecast,” “projected,” “guidance,” “looking ahead,” and similar expressions identify forward-looking statements.

Future economic and industry trends that could potentially impact revenue, profitability, and growth remain difficult to predict. As a result, our forward-looking statements are subject to risks and uncertainties which could cause our actual results to differ materially from those forward-looking statements and our previous expectations and projections. Refer to Item 1A in this Annual Report on Form 10-K for a more complete discussion of risk factors for Ross and dd’s DISCOUNTS. The factors underlying our forecasts are dynamic and subject to change. As a result, any forecasts or forward-looking statements speak only as of the date they are given and do not necessarily reflect our outlook at any other point in time. We do not undertake to update or revise these forward-looking statements.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

We are exposed to market risks, which primarily include changes in interest rates. We do not engage in financial transactions for trading or speculative purposes.

We occasionally use forward contracts to hedge against fluctuations in foreign currency prices. We had no outstanding forward contracts as of January 30, 2010.

Interest that is payable on our revolving credit facility is based on variable interest rates and is, therefore, affected by changes in market interest rates. As of January 30, 2010, we had no borrowings outstanding under our revolving credit facility. In addition, lease payments under certain of our synthetic lease agreements are determined based on variable interest rates and are, therefore, affected by changes in market interest rates.

In addition, we issued notes to institutional investors in two series: Series A for \$85 million accrues interest at 6.38% and Series B for \$65 million accrues interest at 6.53%. The amount outstanding under these notes as of January 30, 2010 is \$150 million.

Interest is receivable on our short- and long-term investments. Changes in interest rates may impact interest income recognized in the future, or the fair value of our investment portfolio.

A hypothetical 100 basis point increase or decrease in prevailing market interest rates would not have materially impacted our consolidated financial position, results of operations, cash flows, or the fair values of our short- and long-term investments as of and for the year ended January 30, 2010. We do not consider the potential losses in future earnings and cash flows from reasonably possible, near term changes in interest rates to be material.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA.

Consolidated Statements of Earnings

(\$000, except per share data)	Year ended January 30, 2010	Year ended January 31, 2009	Year ended February 2, 2008

The accompanying notes are an integral part of these consolidated financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note A: Summary of Significant Accounting Policies

Business. Ross Stores, Inc. and its subsidiaries (the “Company”) is an off-price retailer of first-quality, name brand apparel, shoes, and accessories for the entire family, as well as gift items, linens and other home-related merchandise. At the end of fiscal 2009, the Company operated 953 Ross Dress for Less® (“Ross”) locations in 27 states and Guam and 52 dd’s DISCOUNTS® stores in four states, all of which are supported by four distribution centers. The Company’s headquarters, one buying office, two distribution centers and 26% of its stores are located in California.

Segment reporting. The Company has one reportable segment. The Company’s operations include only activities related to off-price retailing in stores throughout the United States.

Basis of presentation and fiscal year. The consolidated financial statements include the accounts of the Company and its subsidiaries, all of which are wholly-owned. Intercompany transactions and accounts have been eliminated. The Company follows the National Retail Federation fiscal calendar and utilizes a 52-53 week fiscal year whereby the fiscal year ends on the Saturday nearest to January 31. The fiscal years ended January 30, 2010, January 31, 2009 and February 2, 2008 are referred to as fiscal 2009, fiscal 2008, and fiscal 2007, respectively, and were 52 weeks.

Use of accounting estimates. The preparation of consolidated financial statements in conformity with Generally Accepted Accounting Principles in the United States of America (“GAAP”) requires the Company to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The Company’s significant accounting estimates include valuation of merchandise inventory and long-lived assets and accruals for self-insurance.

Purchase obligations. As of January 30, 2010, the Company had purchase obligations of approximately \$1,087 million. These purchase obligations primarily consist of merchandise inventory purchase orders, commitments related to store fixtures and supplies, and information technology service and maintenance contracts. Merchandise inventory purchase orders of \$1,044 million represent purchase obligations of less than one year as of January 30, 2010.

Cash and cash equivalents. Cash equivalents consist of highly liquid, fixed income instruments purchased with an original maturity of three months or less.

Investments. The Company’s investments are comprised of various debt securities. At January 30, 2010 and January 31, 2009, these investments were classified as available-for-sale and are stated at fair value. Investments are classified as either short- or long-term based on their original maturities and the Company’s intent. Investments with an original maturity of less than one year are classified as short-term. See Note B for additional information.

Merchandise inventory. Merchandise inventory is stated at the lower of cost (determined using a weighted average basis) or net realizable value. The Company purchases manufacturer overruns and canceled orders both during and at the end of a season which are referred to as “packaway” inventory. Packaway inventory is purchased with the intent that it will be stored in the Company’s warehouses until a later date, which may even be the beginning of the same selling season in the following year. Packaway inventory accounted for approximately 38% of total inventories as of January 30, 2010 and January 31, 2009. The cost of the Company’s merchandise inventory is reduced by valuation reserves for shortage based on historical shortage experience from the Company’s physical merchandise inventory counts and cycle counts. Merchandise inventory includes acquisition, processing, and storage costs related to packaway inventory.

Cost of goods sold. In addition to product costs, the Company includes in cost of goods sold its buying, distribution and freight expenses as well as occupancy costs, and depreciation and amortization related to the Company's retail stores, buying and distribution facilities. Buying expenses include costs to procure merchandise inventories. Distribution expenses include the cost of operating the Company's distribution centers.

Property and equipment. Property and equipment, which include amounts recorded under capital leases, are stated at cost, less accumulated depreciation and amortization. Depreciation is calculated using the straight-line method over the estimated useful life of the asset, typically ranging from five to twelve years for equipment and 20 to 40 years for real property. Depreciation and amortization expense on property and equipment was \$153.1 million, \$134.0 million and \$120.7 million for fiscal 2009, 2008, and 2007, respectively. The cost of leasehold improvements is amortized over the useful life of the asset or the applicable lease term, whichever is less. Computer hardware and software costs, net of amortization, of \$106.7 million and \$125.8 million at January 30, 2010 and January 31, 2009, respectively, are included in fixtures and equipment and are amortized over their estimated useful life generally ranging from five to seven years. Capital leases, net of depreciation, of \$0.6 million at January 30, 2010 consist of distribution center equipment and have terms of two to three years. The Company capitalizes interest during the construction period. Interest capitalized was \$1.8 million and \$3.2 million in fiscal 2009 and fiscal 2008, respectively.

Other long-term assets. Other long-term assets as of January 30, 2010 and January 31, 2009 consisted of the following:

(\$000)	2009	2008
Deferred compensation (Note B)	\$ 50,706	\$ 37,304
Goodwill	2,889	2,889
Deposits	3,000	3,851
Other	6,744	8,082
Total	\$ 63,339	\$ 52,126

Other assets are principally comprised of prepaid rent and other long term prepayments.

Property, other long-term assets, and certain identifiable intangibles that are subject to amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Intangible assets that are not subject to amortization, including goodwill, are tested for impairment annually or more frequently if events or changes in circumstances indicate that the asset may be impaired. Based on the Company's evaluation during fiscal 2009, fiscal 2008, and fiscal 2007, no impairment charges were recorded.

Store closures. The Company continually reviews the operating performance of individual stores. For stores that are closed, the Company records a liability for future minimum lease payments net of estimated sublease recoveries and related ancillary costs at the time the liability is incurred. In 2009, the Company closed three Ross Dress for Less and four dd's DISCOUNTS locations. In 2008, the Company closed six Ross Dress for Less and five dd's DISCOUNTS locations. The lease loss liability related to certain of these closed stores was \$6.2 million and \$1.0 million, as of January 30, 2010 and January 31, 2009, respectively. Operating costs, including depreciation, of stores to be closed are expensed during the period they remain in use.

Accounts payable. Accounts payable represents amounts owed to third parties at the end of the period. Accounts payable includes book cash overdrafts (checks issued under zero balance accounts not yet presented for payment) in excess of cash balances in such accounts of approximately \$125.7 million and \$97.2 million at January 30, 2010 and January 31, 2009, respectively. The Company includes the change in book cash overdrafts in operating cash flows.

Self-insurance. The Company is self-insured for workers' compensation, general liability insurance costs and costs of certain medical plans. The self-insurance liability is determined actuarially, based on claims filed and an estimate of claims incurred but not yet reported. Self-insurance reserves as of January 30, 2010 and January 31, 2009 consisted of the following:

(\$000)	2009	2008
Workers' Compensation	\$ 61,525	\$ 57,466
General Liability	19,196	18,294
Medical Plans	3,107	3,166
Total	\$ 83,828	\$ 78,926

Workers' compensation and self-insured medical plan liabilities are included in accrued payroll and benefits and accruals for general liability are included in accrued expenses and other in the accompanying consolidated balance sheets.

Other long-term liabilities. Other long-term liabilities as of January 30, 2010 and January 31, 2009 consisted of the following:

(\$000)	2009	2008
Deferred rent	\$ 58,954	\$ 57,428
Deferred compensation	50,706	37,304
Tenant improvement allowances	26,559	29,818
Income taxes (See Note F)	33,570	26,019
Other	4,754	6,157
Total	\$ 174,543	\$ 156,726

Lease accounting. When a lease contains "rent holidays" or requires fixed escalations of the minimum lease payments, the Company records rental expense on a straight-line basis over the term of the lease and the difference between the average rental amount charged to expense and the amount payable under the lease is recorded as deferred rent. The Company amortizes deferred rent on a straight-line basis over the lease term commencing on the possession date. Tenant improvement allowances are included in other long-term liabilities and are amortized over the lease term. Changes in tenant improvement allowances are included as a component of operating activities in the consolidated statements of cash flows.

Estimated fair value of financial instruments. The carrying value of cash and cash equivalents, short- and long-term investments, accounts receivable, and accounts payable approximates their estimated fair value. See Note B and Note D for additional fair value information.

Revenue recognition. The Company recognizes revenue at the point of sale and maintains an allowance for estimated future returns. Sales of gift cards are deferred until they are redeemed for the purchase of Company merchandise. Sales tax collected is not recognized as revenue and is included in accrued expenses and other.

Allowance for sales returns. An allowance for the gross margin loss on estimated sales returns is included in accrued expenses and other in the consolidated balance sheets. The allowance for sales returns consists of the following:

(\$000)	Beginning balance	Additions	Returns	Ending balance
Year ended:				
January 30, 2010	\$ 4,702	\$ 506,249	\$ (505,607)	\$ 5,344
January 31, 2009	\$ 4,559	\$ 452,035	\$ (451,892)	\$ 4,702
February 2, 2008	\$ 4,320	\$ 408,434	\$ (408,195)	\$ 4,559

Store pre-opening. Store pre-opening costs are expensed in the period incurred.

Advertising. Advertising costs are expensed in the period incurred. Advertising costs for fiscal 2009, 2008, and 2007 were \$53.5 million, \$53.9 million, and \$50.2 million, respectively.

Stock-based compensation. The Company recognizes compensation expense based upon the grant date fair value of all stock-based awards, typically over the vesting period. See Note C for more information on the Company's stock-based compensation plans.

Taxes on earnings. The Company accounts for income taxes in accordance with Accounting Standards Codification ("ASC") 740-10, "Accounting for Income Taxes," which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been recognized in the Company's consolidated financial statements or tax returns. In estimating future tax consequences, the Company generally considers all expected future events other than changes in the tax law or tax rates. ASC 740-10 also clarifies the criteria that an individual tax position must satisfy for some or all of the benefits of that position to be recognized in a company's consolidated financial statements and prescribes a recognition threshold of more-likely-than-not, and a measurement standard for all tax positions taken or expected to be taken on a tax return, in order for those tax positions to be recognized in the consolidated financial statements. See Note F.

Treasury stock. The Company records treasury stock at cost. Treasury stock includes shares purchased from employees for tax withholding purposes related to vesting of restricted stock grants.

Earnings per share ("EPS"). The Company computes and reports both basic EPS and diluted EPS. Basic EPS is computed by dividing net earnings by the weighted average number of common shares outstanding for the period. Diluted EPS is computed by dividing net earnings by the sum of the weighted average number of common shares and dilutive common stock equivalents outstanding during the period. Diluted EPS reflects the total potential dilution that could occur from outstanding equity plan awards, including unexercised stock options and unvested shares of both performance and non-performance based awards of restricted stock.

In fiscal 2009, 2008, and 2007 there were 19,800, 583,000, and 1,277,000 weighted average shares, respectively, that could potentially dilute basic EPS in the future that were excluded from the calculation of diluted EPS because their effect would have been anti-dilutive for those years.

The following is a reconciliation of the number of shares (denominator) used in the basic and diluted EPS computations:

Shares in (000s)	Basic EPS	Effect of dilutive common stock equivalents	Diluted EPS
2009			
Shares	122,887	2,127	125,014
Amount	\$ 3.60	\$ (.06)	\$ 3.54
2008			
Shares	129,235	2,080	131,315
Amount	\$ 2.36	\$ (.03)	\$ 2.33
2007			
Shares	135,093	2,049	137,142
Amount	\$ 1.93	\$ (.03)	\$ 1.90

Sales mix. The Company's sales mix is shown below for fiscal 2009, 2008, and 2007:

	2009	2008	2007
Ladies	30%	32%	32%
Home accents and bed and bath	24%	23%	23%
Men's	13%	14%	15%
Accessories, lingerie, fine jewelry, and fragrances	13%	12%	11%
Shoes	11%	10%	10%
Children's	9%	9%	9%
Total	100%	100%	100%

Comprehensive income. Comprehensive income consists of net earnings and other comprehensive income, principally unrealized investment gains or losses. Components of comprehensive income are presented in the consolidated statements of stockholders' equity.

New accounting standards. In June 2009, the Financial Accounting Standards Board ("FASB") issued ASC 810 (originally issued as SFAS No. 167, "Amendments to FASB Interpretation No. 46(R)"). Among other things, ASC 810 responds to concerns about the application of certain key provisions of FIN 46(R), including those regarding the transparency of the involvement with variable interest entities. ASC 810 is effective for fiscal years beginning after November 15, 2009. The Company does not believe the adoption of ASC 810 will have a material impact on its consolidated financial statements.

Note B: Investments

The amortized cost and fair value of the Company's available-for-sale securities as of January 30, 2010 were:

(\$000)	Amortized cost	Unrealized gains	Unrealized losses	Fair value	Short-term	Long-term
Auction-rate securities	\$ 1,050	\$ —	\$ (158)	\$ 892	\$ —	\$ 892
Corporate securities	9,704	567	(67)	10,204	1,073	9,131
U.S. Government and agency securities	5,247	30	(187)	5,090	—	5,090
Mortgage-backed securities	2,340	79	(3)	2,416	681	1,735
Total	\$ 18,341	\$ 676	\$ (415)	\$ 18,602	\$ 1,754	\$ 16,848

The amortized cost and fair value of the Company's available-for-sale securities as of January 31, 2009 were:

(\$000)	Amortized cost	Unrealized gains	Unrealized losses	Fair value	Short-term	Long-term
Auction-rate securities	\$ 1,100	\$ —	\$ —	\$ 1,100	\$ —	\$ 1,100
Asset-backed securities	984	5	(200)	789	389	400
Corporate securities	13,773	152	(685)	13,240	—	13,240
U.S. Government and agency securities	15,940	446	—	16,386	—	16,386
Mortgage-backed securities	8,189	119	(1,011)	7,297	409	6,888
Total	\$ 39,986	\$ 722	\$ (1,896)	\$ 38,812	\$ 798	\$ 38,014

At January 30, 2010, the Company had investments of approximately \$18.3 million of which \$5.0 million had gross unrealized losses of \$0.2 million that had been in a continuous unrealized loss position for more than twelve months. Of the remaining \$13.3 million, \$3.0 million of investments had gross unrealized losses of \$0.2 million which had been in a continuous unrealized loss position for less than twelve months. These unrealized losses on investments were caused primarily by the decline in market values of floating rate corporate and auction rate securities and the impact of interest yield fluctuations on long-term treasury securities. The Company does not consider these investments to be other than temporarily impaired at January 30, 2010.

In applying the valuation principles to financial assets and liabilities, a three-tier fair value hierarchy was used to prioritize the inputs used in the valuation methodologies as follows:

Level 1 — Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 — Include other inputs that are directly or indirectly observable in the marketplace.

Level 3 — Unobservable inputs which are supported by little or no market activity.

This fair value hierarchy also requires the Company to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Asset-backed, corporate, U.S. Government and agency, and mortgage-backed securities are classified within Level 1 or Level 2 because these securities are valued using quoted market prices or alternative pricing sources and models utilizing market observable inputs. The Company's investment in auction rate securities is classified within Level 3 because these are valued using valuation techniques for which some of the inputs to these models are unobservable in the market.

Assets measured at fair value on a recurring basis at January 30, 2010 are summarized below:

(\$000)	Fair Value Measurements at Reporting Date			
	January 30, 2010	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Auction-rate securities	\$ 892	\$ —	\$ —	\$ 892
Corporate securities	10,204	—	10,204	—
U.S. Government and agency securities	5,090	5,090	—	—
Mortgage-backed securities	2,416	—	2,416	—
Total assets measured at fair value	\$ 18,602	\$ 5,090	\$ 12,620	\$ 892

Assets measured at fair value on a recurring basis at January 31, 2009 are summarized below:

(\$000)	Fair Value Measurements at Reporting Date			
	January 31, 2009	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Auction-rate securities	\$ 1,100	\$ —	\$ —	\$ 1,100
Asset-backed securities	789	—	789	—
Corporate securities	13,240	—	13,240	—
U.S. Government and agency securities	16,386	16,386	—	—
Mortgage-backed securities	7,297	—	7,297	—
Total assets measured at fair value	\$ 38,812	\$ 16,386	\$ 21,326	\$ 1,100

The maturities of investment securities at January 30, 2010 were:

(\$000)	Cost basis	Estimated fair value
Maturing in one year or less	\$ 1,722	\$ 1,754
Maturing after one year through five years	6,446	6,812
Maturing after five years through ten years	9,123	9,144
Maturing after ten years	1,050	892
Total	\$ 18,341	\$ 18,602

The maturities of investment securities at January 31, 2009 were:

(\$000)	Cost basis	Estimated fair value
Maturing in one year or less	\$ 886	\$ 798
Maturing after one year through five years	25,646	25,600
Maturing after five years through ten years	11,525	10,532
Maturing after ten years	1,929	1,882
Total	\$ 39,986	\$ 38,812

The underlying assets in the Company's non-qualified deferred compensation program totaling \$50.7 million as of January 30, 2010 (included in Other long-term assets and in Other long-term liabilities) primarily consist of participant directed money market mutual funds, as well as stable value, stock, and bond funds. The fair value measurement for funds that are quoted market prices in active markets (Level 1) totaled \$43.9 million as of January 30, 2010. The fair value measurement for the stable value funds without quoted market prices in active markets (Level 2) totaled \$6.8 million as of January 30, 2010. Fair market value for these funds is considered to be the sum of participant funds invested under the contract plus accrued interest.

Note C: Stock-based compensation

For fiscal 2009, 2008, and 2007, the Company recognized stock-based compensation expense as follows:

(\$000)	2009	2008	2007
ESPP and stock options	\$ 2,952	\$ 5,359	\$ 9,083
Restricted stock and performance awards	22,794	17,216	16,082
Total	\$ 25,746	\$ 22,575	\$ 25,165

Capitalized stock-based compensation cost was not significant in any year.

No stock options were granted during 2009 or 2008. Beginning in 2008, the Company eliminated a lookback option in determining the purchase price for shares purchased under the ESPP. The Company recognizes expense for ESPP purchase rights equal to the value of the 15% discount given on the purchase date. At January 30, 2010, the Company had one stock-based compensation plan, which is further described in Note H.

The fair value of stock options granted during fiscal 2007 was estimated using a 3.9 year expected life from grant date, volatility of 28.4%, risk-free interest rate of 4.7%, and dividend yield of 0.9%. The fair value of ESPP rights granted during fiscal 2007 was estimated using a one year expected life from grant date, 26.4% expected volatility, 5.0% risk-free interest rate, and 0.9% dividend yield. The weighted average fair values per share of stock options granted and employee stock purchase plan shares issued during 2007 were \$9.12 and \$8.02, respectively.

Total stock-based compensation recognized in the Company's consolidated Statements of Earnings for fiscal 2009, 2008, and 2007 is as follows:

Statements of Earnings Classification (\$000)	2009	2008	2007
Cost of goods sold	\$ 11,912	\$ 10,021	\$ 10,736
Selling, general and administrative	13,834	12,554	14,429
Total	\$ 25,746	\$ 22,575	\$ 25,165

Note D: Debt

Revolving credit facilities. The Company has a \$600 million revolving credit facility with an expiration date of July 2011 and interest pricing at LIBOR plus 45 basis points. This facility contains a \$300 million sublimit for issuance of standby letters of credit, of which \$234.8 million was available at January 30, 2010. Interest is payable upon borrowing maturity but no less than quarterly. Borrowing under this credit facility is subject to maintaining certain financial ratios. As of January 30, 2010 and January 31, 2009, the Company had no borrowings outstanding under this facility and was in compliance with the covenants.

Senior Notes. The Company has two series of unsecured senior notes with various institutional investors for \$150 million. The Series A notes, totaling \$85 million are due in December 2018 and bear interest at a rate of 6.38%. The Series B notes totaling \$65 million are due in December 2021 and bear interest at a rate of 6.53%. The fair value of these notes as of January 30, 2010 of approximately \$164 million is estimated by obtaining comparable market quotes. Borrowings under these notes are subject to certain covenants including interest coverage and other financial ratios. As of January 30, 2010, the Company was in compliance with these covenants. The senior notes are subject to prepayment penalties for early payment of principal.

Letters of credit. The Company uses standby letters of credit to collateralize certain obligations related to its self-insured workers' compensation and general liability programs. The Company had \$65.2 million and \$60.4 million in standby letters of credit at January 30, 2010 and January 31, 2009, respectively.

The Company also had \$32.9 million and \$16.7 million in trade letters of credit outstanding at January 30, 2010 and January 31, 2009, respectively.

Note E: Leases

The Company leases all but two of its store sites with original, non-cancelable terms that in general range from three to ten years. Store leases typically contain provisions for three to four renewal options of five years each. Most store leases also provide for minimum annual rentals and for payment of certain expenses. In addition, some store leases also have provisions for additional rent based on a percentage of sales.

The Company has lease arrangements for certain equipment in its stores for its point-of-sale ("POS") hardware and software systems. These leases are accounted for as operating leases for financial reporting purposes. The initial terms of these leases are either two or three years and the Company typically has options to renew the leases for two to three one-year periods. Alternatively, the Company may purchase or return the equipment at the end of the initial or each renewal term. The Company's obligation under the residual value guarantee at the end of the respective lease terms is \$2.6 million.

The Company also leases a 1.3 million square foot distribution center in Perris, California. The land and building for this distribution center are financed under a \$70 million ten-year synthetic lease facility that expires in July 2013. Rent expense on this distribution center is payable monthly at a fixed annual rate of 5.8% on the lease balance of \$70 million. At the end of the lease term, the Company must either refinance the distribution facility, purchase it at the amount of the then-outstanding lease balance, or sell it to a third party. If the distribution center is sold to a third party for less than \$70 million, the Company has agreed under a residual value guarantee to pay the lessor any shortfall amount up to \$56 million. The agreement includes a prepayment penalty for early payoff of the lease.

The Company has recognized a liability and corresponding asset for the inception date estimated fair value of the residual value guarantee in the amount of \$8.3 million for the Perris, California distribution center and \$0.9 million for the POS leases. These residual value guarantees are amortized on a straight-line basis over the original terms of the leases. The current portion of the related asset and liability is recorded in "Prepaid expenses and other" and "Accrued expenses and other," respectively, and the long-term portion of the related assets and liabilities is recorded in "Other long-term assets" and "Other long-term liabilities," respectively, in the accompanying consolidated balance sheets.

The Company leases two warehouses in Carlisle, Pennsylvania with one lease expiring in 2013 and the other expiring in 2014. In January 2009, the Company exercised a three-year option for a 255,000 square foot warehouse in Fort Mill, South Carolina, extending the term to February 2013. In June 2008, the Company purchased a 423,000 square foot warehouse also in Fort Mill, South Carolina. All four of these properties are used to store the Company's packaway inventory. The Company also leases a 10-acre parcel that has been developed for trailer parking adjacent to its Perris distribution center.

The synthetic lease facilities described above, as well as the Company's revolving credit facility and senior notes, have covenant restrictions requiring the Company to maintain certain interest coverage and other financial ratios. In addition, the interest rates under the revolving credit facility may vary depending on the Company's actual interest coverage ratios. As of January 30, 2010, the Company was in compliance with these covenants.

The Company leases approximately 181,000 square feet of office space for its corporate headquarters in Pleasanton, California, under several facility leases. The lease terms for these facilities expire between 2011 and 2015 and contain renewal provisions.

The Company leases approximately 197,000 and 26,000 square feet of office space for its New York City and Los Angeles buying offices, respectively. The lease terms for these facilities expire in 2021 and 2014, respectively and contain renewal provisions.

The aggregate future minimum annual lease payments under leases in effect at January 30, 2010 are as follows:

(\$000)	Capital leases	Operating leases	Synthetic leases	Residual value guarantees	Total leases
2010	\$ 291	\$ 333,077	\$ 5,681	\$ 1,564	\$ 340,613
2011	34	347,150	4,674	714	352,572
2012	11	313,200	4,212	316	317,739
2013	—	276,459	1,705	56,000	334,164
2014	—	225,677	—	—	225,677
Thereafter	—	500,278	—	—	500,278
Total minimum lease payments	\$ 336	\$ 1,995,841	\$ 16,272	\$ 58,594	\$ 2,071,043

Total rent expense for all leases was \$336.5 million in 2009, \$325.9 million in 2008, and \$301.6 million in 2007.

Note F: Taxes on Earnings

The provision for taxes consisted of the following:

(\$000)	2009	2008	2007
Current			
Federal	\$ 242,111	\$ 152,833	\$ 160,155
State	17,548	13,285	14,613
	259,659	166,118	174,768
Deferred			
Federal	13,417	23,621	(9,263)
State	2,696	183	(1,436)
	16,113	23,804	(10,699)
Total	\$ 275,772	\$ 189,922	\$ 164,069

In fiscal 2009, 2008, and 2007, the Company realized tax benefits of \$8.6 million, \$8.5 million and \$6.5 million, respectively, related to employee equity programs that were credited to additional paid-in capital.

The provision for taxes for financial reporting purposes is different from the tax provision computed by applying the statutory federal income tax rate. Differences are as follows:

	2009	2008	2007
Federal income taxes at the statutory rate	35%	35%	35%
State income taxes (net of federal benefit) and other, net	3%	3%	4%
	38%	38%	39%

The components of deferred income taxes at January 30, 2010 and January 31, 2009 are as follows:

(\$000)	2009	2008
Deferred Tax Assets		
Deferred compensation	\$ 29,014	\$ 25,015
Deferred rent	11,094	10,490
Employee benefits	—	7,861
Accrued liabilities	20,275	18,776
California franchise taxes	5,399	3,701
Stock-based compensation	7,224	7,771
Other	9,995	8,573
	83,001	82,187
Deferred Tax Liabilities		
Depreciation	(138,134)	(121,952)
Merchandise inventory	(24,652)	(30,627)
Employee benefits	(5,529)	—
Supplies	(7,811)	(7,015)
Prepaid expenses	(6,052)	(5,657)
	(182,178)	(165,251)
Net Deferred Tax Liabilities	\$ (99,177)	\$ (83,064)
Classified as:		
Current net deferred tax (liability) asset	\$ (2,894)	\$ 14,093
Long-term net deferred tax liability	(96,283)	(97,157)
Net Deferred Tax Liabilities	\$ (99,177)	\$ (83,064)

Effective February 4, 2007, the Company adopted new accounting guidance on the accounting for uncertainty in income taxes. As a result, the Company established a \$26.3 million reserve for unrecognized tax benefits, inclusive of \$6.0 million of related interest. The reserve is classified as a long-term liability and included in other long-term liabilities in the Company's consolidated balance sheets. Upon adoption of ASC 740, the Company also recognized a reduction in retained earnings of \$7.4 million and certain other deferred income tax assets and liabilities were reclassified.

The changes in amounts of unrecognized tax benefits (gross of federal tax benefits and excluding interest) at fiscal 2009, 2008, and 2007 are as follows:

(\$000)	2009	2008	2007
Unrecognized tax benefits — beginning of year	\$ 26,338	\$ 23,218	\$ 25,680
Gross increases:			
Tax positions in current period	7,314	4,695	5,451
Tax positions in prior period	2,308	3,658	1,486
Gross decreases:			
Tax positions in prior periods	—	(1,115)	(6,352)
Lapse of statute limitations	(1,731)	(1,783)	(3,004)
Settlements	(880)	(2,335)	(43)
Unrecognized tax benefits — end of year	\$ 33,349	\$ 26,338	\$ 23,218

In fiscal 2009, 2008, and 2007, the reserves for unrecognized tax benefits (net of federal tax benefits) were \$33.6 million, \$26.0 million, and \$23.2 million inclusive of \$10.0 million, \$6.5 million, and \$5.6 million of related interest, respectively. The Company accounts for interest and penalties related to unrecognized tax benefits as a part of its provision for taxes on earnings. If recognized, \$26.9 million would impact the Company's effective tax rate. The difference between the total amount of unrecognized tax benefits and the amounts that would impact the effective tax rate relates to amounts attributable to deferred income tax assets and liabilities. These amounts are net of federal and state income taxes.

During the next twelve months, it is reasonably possible that the statute of limitations may lapse pertaining to positions taken by the Company in prior year tax returns. If this occurs, the total amount of unrecognized tax benefits may decrease, reducing the provision for taxes on earnings by up to \$2.3 million.

The Company is generally open to audit by the Internal Revenue Service under the statute of limitations for fiscal years 2006 through 2009. The Company's state income tax returns are generally open to audit under the various statutes of limitations for fiscal years 2005 through 2009. Certain state tax returns are currently under audit by state tax authorities. The Company does not expect the results of these audits to have a material impact on the consolidated financial statements.

Note G: Employee Benefit Plans

The Company has a defined contribution plan that is available to certain employees. Under the plan, employee and Company contributions and accumulated plan earnings qualify for favorable tax treatment under Section 401(k) of the Internal Revenue Code. This plan permits employees to make contributions up to the maximum limits allowable under the Internal Revenue Code. The Company matches up to 4% of the employee's salary up to the plan limits. Company matching contributions to the 401(k) plan were \$7.6 million, \$7.3 million, and \$6.8 million in fiscal 2009, 2008, and 2007, respectively.

The Company also has an Incentive Compensation Plan, which provides cash awards to key management and employees based on Company and individual performance.

The Company also makes available to management a Non-qualified Deferred Compensation Plan which allows management to make payroll contributions on a pre-tax basis in addition to the 401(k) plan. Other long-term assets include \$50.7 million and \$37.3 million at January 30, 2010 and January 31, 2009, respectively, of long-term plan investments, at market value, set aside or designated for the Non-qualified Deferred Compensation Plan (See Note B). Plan investments are designated by the participants, and investment returns are not guaranteed by the Company. The Company has a corresponding liability to participants of \$50.7 million and \$37.3 million at January 30, 2010 and January 31, 2009, respectively, included in other long-term liabilities in the consolidated balance sheets.

In addition, the Company has certain individuals who receive or will receive post-employment medical benefits. The estimated liability for these benefits of \$3.9 million and \$4.3 million is included in accrued liabilities and other in the accompanying consolidated balance sheets as of January 30, 2010 and January 31, 2009, respectively.

Note H: Stockholders' Equity

Common stock. In January 2008 the Company's Board of Directors approved a two-year stock repurchase program of up to \$600 million for fiscal 2008 and 2009. In November 2005, the Company's Board of Directors authorized a two-year stock repurchase program of up to \$400 million for fiscal 2006 and 2007. In January 2010, the Company's Board of Directors approved a two-year \$750 million stock repurchase program for fiscal 2010 and 2011. The following table summarizes the Company's stock repurchase activity in fiscal 2009, 2008, and 2007:

Fiscal Year	Shares repurchased (in millions)	Average repurchase price	Repurchased (in millions)
2009	7.4	\$ 40.68	\$ 300
2008	9.3	\$ 32.09	\$ 300
2007	6.9	\$ 29.10	\$ 200

Preferred stock. The Company has four million shares of preferred stock authorized, with a par value of \$.01 per share. No preferred stock is issued or outstanding.

Dividends. In January 2010, the Company's Board of Directors declared a quarterly cash dividend of \$.16 per common share, payable on March 31, 2010. The Company's Board of Directors declared quarterly cash dividends of \$.11 per common share in January, May, August, and November 2009, cash dividends of \$.095 per common share in January, May, August, and November 2008, and cash dividends of \$.075 per common share in January, May, August, and November 2007.

2008 Equity Incentive Plan. On May 22, 2008, the Company's stockholders approved the adoption of the Ross Stores, Inc. 2008 Equity Incentive Plan (the "2008 Plan") with an initial share reserve of 8.3 million shares of the Company's common stock, of which 6.0 million shares can be issued as full value awards. The 2008 Plan provides for various types of incentive awards, which may potentially include the grant of stock options, stock appreciation rights, restricted stock purchase rights, restricted stock bonuses, restricted stock units, performance shares, performance units, and deferred compensation awards.

As of January 30, 2010, there were 4.9 million shares that remained available for grant under the 2008 Plan. A summary of the stock option activity for fiscal 2009 is presented below.

(000, except per share data)	Number of shares	Weighted average exercise price	Weighted average remaining contractual term	Aggregate intrinsic value
Outstanding at January 31, 2009	4,534	\$ 25.39		
Granted	—	\$ —		
Exercised	(1,733)	\$ 25.16		
Forfeited	(28)	\$ 25.75		
Outstanding at January 30, 2010	2,773	\$ 25.53	4.54	\$ 56,568
Vested and Expected to Vest at January 30, 2010	2,751	\$ 25.46	4.52	\$ 56,319
Exercisable at January 30, 2010	2,451	\$ 24.38	4.20	\$ 52,827

The following table summarizes information about the weighted average remaining contractual life (in years) and the weighted average exercise prices for stock options both outstanding and exercisable as of January 30, 2010 (number of shares in thousands):

Exercise price range	Options outstanding			Options exercisable	
	Number of shares	Remaining life	Exercise price	Number of shares	Exercise price
\$ 7.19 to \$ 19.02	578	1.71	\$ 14.49	578	\$ 14.49
\$ 19.13 to \$ 26.86	561	4.06	\$ 23.73	560	\$ 23.73
\$ 26.99 to \$ 28.53	556	5.45	\$ 27.79	555	\$ 27.79
\$ 28.55 to \$ 29.42	563	4.85	\$ 28.94	562	\$ 28.94
\$ 29.57 to \$ 34.37	515	6.94	\$ 33.67	196	\$ 32.57
\$ 7.19 to \$ 34.37	<u>2,773</u>	4.54	\$ 25.53	<u>2,451</u>	\$ 24.38

A summary of the restricted stock activity for fiscal 2009 is presented below:

(000, except per share data)	Number of shares	Weighted average grant date fair value
Unvested at February 3, 2007	1,964	\$ 27.11
Awarded	572	\$ 32.61
Released	(521)	\$ 24.31
Forfeited	(43)	\$ 28.98
Unvested at February 2, 2008	1,972	\$ 29.40
Awarded	618	\$ 29.79
Released	(621)	\$ 28.15
Forfeited	(33)	\$ 29.35
Unvested at January 31, 2009	1,936	\$ 29.93
Awarded	1,271	\$ 37.93
Released	(589)	\$ 30.12
Forfeited	(50)	\$ 30.47
Unvested at January 30, 2010	2,568	\$ 33.83

The market value of restricted shares at the date of grant is amortized to expense ratably over the vesting period of generally three to five years. The unamortized compensation expense at January 30, 2010 and January 31, 2009 was \$56.1 million and \$31.0 million, respectively, which is expected to be recognized over a weighted-average period of 2.2 years. During fiscal 2009, 2008, and 2007, shares purchased by the Company for tax withholding totaled 163,000, 163,000, and 125,000 shares, respectively, and are considered treasury shares which are available for reissuance. As of January 30, 2010 and January 31, 2009, the Company held 1,291,000 and 1,128,000 shares of treasury stock, respectively. Intrinsic value for restricted stock, defined as the market value on the last business day of fiscal year 2009 (or \$45.93), was \$117.9 million. A total of 4,943,000, 5,840,000 and 2,709,000 shares were available for new restricted stock awards at the end of fiscal 2009, 2008, and 2007, respectively.

Performance share awards. The Company has a performance share award program for senior executives. A performance share award represents a right to receive shares of common stock on a specified settlement date based on the Company's attainment of a profitability-based performance goal during a performance period. If attained, the common stock then granted vests over a specified remaining service period, generally two years. The Company recognized \$4.0 million, \$1.5 million, and \$0.6 million of expense related to performance share awards in fiscal 2009, 2008, and 2007 respectively.

Employee Stock Purchase Plan. Under the Employee Stock Purchase Plan, eligible full-time employees participating in the annual offering period can choose to have up to the lesser of 10% or \$21,250 of their annual base earnings withheld to purchase the Company's common stock. The purchase price of the stock is 85% of the closing market price on the date of purchase. In addition, purchases occur on a quarterly basis (on the last trading day of each calendar quarter). Prior to 2008, the purchase price of the stock was the lower of 85% of the market price at the beginning of the offering period or the end of the offering period. During fiscal 2009, 2008, and 2007, employees purchased approximately 166,000, 188,000 and 214,000 shares, respectively, of the Company's common stock under the plan at weighted average per share prices of \$34.75, \$27.89, and \$21.73, respectively. Through January 30, 2010, approximately 9,094,000 shares had been issued under this plan and 906,000 shares remained available for future issuance.

Note I: Related Party Transactions

The Company has a consulting agreement with its Chairman of the Board of Directors, under which the Company pays him an annual consulting fee of \$1.1 million in monthly installments through January 2012. In addition, the agreement provides for administrative support and health and other benefits for the individual and his dependents, which totaled approximately \$0.2 million in fiscal 2009, 2008, and 2007, along with amounts to cover premiums through January 2012 on a life insurance policy with a death benefit of \$2 million. On termination of Mr. Ferber's consultancy with the Company, the Company will pay Mr. Ferber \$75,000 per year for a period of 10 years.

Note J: Litigation, Claims, and Assessments

Like many California retailers, the Company has been named in class action lawsuits regarding wage and hour claims. Class action litigation involving allegations that hourly associates have missed meal and/or rest break periods, as well as allegations of unpaid overtime wages to store managers and assistant store managers at Company stores under state law remains pending as of January 30, 2010.

The Company is also party to various other legal proceedings arising in the normal course of business. Actions filed against the Company include commercial, product, customer, intellectual property, and labor and employment-related claims, including lawsuits in which plaintiffs allege that the Company violated state or federal laws. Actions against the Company are in various procedural stages. Many of these proceedings raise factual and legal issues and are subject to uncertainties.

In the opinion of management, the resolution of pending class action litigation and other currently pending legal proceedings is not expected to have a material adverse effect on the Company's financial condition, results of operations, or cash flows.

Note K: Quarterly Financial Data (Unaudited)

Summarized quarterly financial information for fiscal 2009 and 2008 is presented in the tables below.

Year ended January 30, 2010:

(\$000, except per share data)	Quarter ended May 2, 2009	Quarter ended August 1, 2009	Quarter ended October 31, 2009	Quarter ended January 30, 2010

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders
Ross Stores, Inc.
Pleasanton, California

We have audited the accompanying consolidated balance sheets of Ross Stores, Inc. and subsidiaries (the “Company”) as of January 30, 2010 and January 31, 2009, and the related consolidated statements of earnings, stockholders’ equity, and cash flows for each of the three years in the period ended January 30, 2010. We also have audited the Company’s internal control over financial reporting as of January 30, 2010, based on criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Company’s management is responsible for these consolidated financial statements, for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management’s Annual Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on these financial statements and an opinion on the Company’s internal control over financial reporting based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company’s internal control over financial reporting is a process designed by, or under the supervision of, the company’s principal executive and principal financial officers, or persons performing similar functions, and effected by the company’s board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Ross Stores, Inc. and subsidiaries as of January 30, 2010 and January 31, 2009, and the results of their operations and their cash flows for each of the three years in the period ended January 30, 2010, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of January 30, 2010, based on the criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

None

ITEM 9A. CONTROLS AND PROCEDURES.

Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of our “disclosure controls and procedures” (as defined in Exchange Act Rule 13a-15(e)) as of the end of the period covered by this report. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

It should be noted that any system of controls, however well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of the system will be met. In addition, the design of any control system is based in part upon certain assumptions about the likelihood of future events.

Management’s Annual Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Exchange Act Rule 13a-15(f). Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles.

Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework established by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) as set forth in *Internal Control — Integrated Framework*. Based on our evaluation under the framework in *Internal Control — Integrated Framework*, our management concluded that our internal control over financial reporting was effective as of January 30, 2010.

Our internal control over financial reporting as of January 30, 2010 has also been audited by Deloitte & Touche LLP, an independent registered public accounting firm, and their opinion as to the effectiveness of our internal control over financial reporting is stated in their report, dated March 25, 2010, which is included in Item 8 in this Annual Report on Form 10-K.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. It should be noted that any system of controls, however well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of the system will be met. In addition, the design of any control system is based in part upon certain assumptions about the likelihood of future events. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Quarterly Evaluation of Changes in Internal Control Over Financial Reporting

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, also conducted an evaluation of our internal control over financial reporting to determine whether any change occurred during the fourth fiscal quarter of 2009 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. Based on that evaluation, our management concluded that there was no such change during the fourth fiscal quarter.

ITEM 9B. OTHER INFORMATION.

None

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE.

Information required by item 401 of Regulation S-K is incorporated herein by reference to the sections entitled “Executive Officers of the Registrant” at the end of Part I of this report; and to the sections of the Ross Stores, Inc. Proxy Statement for the Annual Meeting of Stockholders to be held on Wednesday, May 19, 2010 (the “Proxy Statement”) entitled “Information Regarding Nominees and Incumbent Directors.” Information required by Item 405 of Regulation S-K is incorporated by reference to the Proxy Statement under the section titled “Section 16(a) Beneficial Ownership Reporting Compliance.” We have not made any material changes to the procedures by which our stockholders may recommend nominees to the Board of Directors. Information required by Item 407(d)(4) and (d)(5) of Regulation S-K is incorporated by reference to the Proxy Statement under the section entitled “Information Regarding Nominees and Incumbent Directors” under the caption “Audit Committee.”

Our Board of Directors has adopted a Code of Ethics for Senior Financial Officers that applies to the Company’s Chief Executive Officer, Chief Merchandising Officer, Chief Development Officer, Chief Operating Officer, Chief Financial Officer, Corporate Controller, Assistant Controller, Treasurer, Assistant Treasurer, Investor and Media Relations personnel, and other positions that may be designated by the Company. This Code of Ethics is posted on our corporate website (www.rossstores.com). We intend to satisfy the disclosure requirements of Item 5.05 of Form 8-K regarding any future amendments to, or waivers from, our Code of Ethics for Senior Financial Officers by posting any changed version on the same corporate website.

ITEM 11. EXECUTIVE COMPENSATION.

The information required by Item 402 of Regulation S-K is incorporated herein by reference to the sections of the Proxy Statement entitled “Compensation of Directors” and “Executive Compensation” under the captions “Compensation Discussion and Analysis,” “Summary Compensation Table,” “All Other Compensation,” “Perquisites,” “Discussion of Summary Compensation,” “Grants of Plan Based Awards During Fiscal Year,” “Outstanding Equity Awards at Fiscal Year-End,” “Option Exercises and Stock Vested,” “Non-Qualified Deferred Compensation,” and “Potential Payments Upon Termination or Change In Control.”

The information required by Items 407(e)(4) and (e)(5) of Regulation S-K are incorporated herein by reference to the sections of the Proxy Statement entitled “Compensation Committee Interlocks and Insider Participation” and “Compensation Committee Report.”

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS.

Equity compensation plan information. The following table summarizes the equity compensation plans under which the Company's common stock may be issued as of January 30, 2010:

Shares in (000s)	(a) Number of securities to be issued upon exercise of outstanding options and rights	(b) Weighted average exercise price per share of outstanding options and rights	(c) Number of securities remaining available for future issuance (excluding securities reflected in column (a)) ¹
Equity compensation plans approved by security holders	2,037 ²	\$ 27.55	5,849 ³
Equity compensation plans not approved by security holders ⁴	736	\$ 19.93	—
Total	2,773	\$ 25.53	5,849

¹ After approval by stockholders of the 2008 Equity Incentive Plan in May 2008, any shares remaining available for grant in the share reserves of the 2004 Equity Incentive Plan, 1992 Stock Option Plan, the 2000 Equity Plan, the 1991 Outside Directors Stock Option Plan and the 1988 Restricted Stock Plan were automatically canceled.

² Represents shares reserved for options granted under the prior 1992 Stock Option Plan, the prior 1991 Outside Directors Stock Option Plan, and the 2004 Equity Incentive Plan.

³ Includes 906,000 shares reserved for issuance under the Employee Stock Purchase Plan and 4,943,000 shares reserved for issuance under the 2008 Equity Incentive Plan.

⁴ Represents shares reserved for options granted under the prior 2000 Equity Incentive Plan, which was approved by the Company's Board of Directors in March 2000.

The information required by Item 403 of Regulation S-K is incorporated herein by reference to the section of the Proxy Statement entitled "Stock Ownership of Certain Beneficial Owners and Management."

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE.

The information required by Items 404 and 407(a) of Regulation S-K are incorporated herein by reference to the section of the Proxy Statement entitled "Information Regarding Nominees and Incumbent Directors" including the captions "Audit Committee," "Compensation Committee," and "Nominating and Corporate Governance Committee" and the section of the Proxy Statement entitled "Certain Transactions."

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

Information concerning principal accountant fees and services will appear in the Proxy Statement in the Ross Stores, Inc. Board of Directors Audit Committee Report under the caption "Summary of Audit, Audit-Related, Tax and All Other Fees." Such information is incorporated herein by reference.

PART IV

ITEM 15. EXHIBITS, FINANCIAL STATEMENT SCHEDULES.

(a) The following consolidated financial statements, schedules and exhibits are filed as part of this report or are incorporated herein as indicated:

1. List of Consolidated Financial Statements.

The following consolidated financial statements are included herein under Item 8:

Consolidated Statements of Earnings for the years ended January 30, 2010, January 31, 2009, and February 2, 2008.

Consolidated Balance Sheets at January 30, 2010 and January 31, 2009.

Consolidated Statements of Stockholders' Equity for the years ended January 30, 2010, January 31, 2009, and February 2, 2008.

Consolidated Statements of Cash Flows for the years ended January 30, 2010, January 31, 2009, and February 2, 2008.

Notes to Consolidated Financial Statements.

Report of Independent Registered Public Accounting Firm.

2. List of Consolidated Financial Statement Schedules.

Schedules are omitted because they are not required, not applicable, or such information is included in the consolidated financial statements or notes thereto which are included in this Report.

3. List of Exhibits (in accordance with Item 601 of Regulation S-K).

Incorporated herein by reference to the list of Exhibits contained in the Exhibit Index within this Report.

SIGNATURES

Pursuant to the requirements of Section 13 or 15 (d) of the Securities Exchange Act of 1934, the Registrant has duly caused this Report to be signed on its behalf by the undersigned, thereunto duly authorized.

Ross Stores, Inc.
Certification of Chief Executive Officer
Pursuant to Sarbanes-Oxley Act Section 302(a)

I, Michael Balmuth, certify that:

1. I have reviewed this annual report on Form 10-K of Ross Stores, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

EXHIBIT 32.1

Certification of Chief Executive Officer Pursuant to 18 U.S.C. Section 1350,
As Adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002

In connection with the Annual Report of Ross Stores, Inc. (the "Company") on Form 10-K for the year ended January 30, 2010 as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, Michael Balmuth, as Chief Executive Officer of the Company, hereby certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 ("Section 906"), that, to the best of my knowledge:

- (1) The Report fully complies with the requirements of section 13(a) of the Securities Exchange Act of 1934 (15 U.S.C. 78m); and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.
