Certain Forward-Looking Statements

This Annual Report contains forward-looking statements, including statements relating to the following: WD's continued profitable growth; WD's vertical integration and ability to scale into fast growing markets; growth of the hard drive industry; proliferation of storage demand and applications for hard drives; WD's investments in technologies and infrastructure; diversification of WD's business; WD's competitiveness as a full-line industry leader; efficiency and profitability of WD's business; the upgrade and expansion of WD's wafer facility in Fremont, California; and attractiveness of and opportunities in the storage industry. These forward-looking statements are based on WD's current expectations and are subject to risks and uncertainties that could cause actual results to differ materially from those expressed in the forward-looking statements, including: supply and demand conditions in the hard drive industry; actions by competitors; unexpected advances in competing technologies; uncertainties related to the development and introduction of products based on new technologies and expansion into new hard drive markets; business conditions and growth in the various hard drive markets; pricing trends and fluctuations in average selling prices; changes in the availability and cost of commodity materials and specialized product components that WD does not make internally; negative impacts of the conditions in the global credit markets on WD's investment portfolio; and other risks and uncertainties listed in WD's Form 10-K for the fiscal year ended June 27, 2008, to which your attention is directed. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof, and WD undertakes no obligation to update these forward-looking statements to reflect subsequent events or circumstances.

Western Digital, WD, the WD logo, WD Caviar, WD Raptor, WD VelociRaptor, WD Scorpio, My Passport, My Book, My DVR Expander and GreenPower are trademarks of Western Digital Technologies, Inc. and/or its affiliates. All other trademarks mentioned are the property of their respective owners.

As used for storage capacity, one megabyte (MB) = one million bytes, one gigabyte (GB) = one billion bytes, and one terabyte (TB) = one trillion bytes. Total accessible capacity varies depending on operating environment. As used for buffer or cache, one megabyte (MB) = 1,048,576 bytes. As used for transfer rate or interface, megabyte per second (MB/s) = one million bytes per second, and gigabit per second (Gb/s) = one billion bits per second.
