

RULES OF ORDER FOR THE CONDUCT OF THE 2024 ANNUAL MEETING OF STOCKHOLDERS

Marqeta's Bylaws describe the requirements for meetings of our stockholders and we will conduct the meeting consistent with those requirements. The Chairperson of the meeting has established the following rules of order for the conduct of the 2024 Annual Meeting of Stockholders. These rules are subject to application by the Chairperson and to such further rulings by the Chairperson as are necessary and advisable in their opinion for the orderly transaction of business at the meeting. We require you honor these rules of order for conduct to facilitate an orderly meeting.

1. The Agenda indicates the order in which matters will be presented at the meeting. When an item on the Agenda is before the meeting for consideration, questions should be confined to that item.
2. The only business to be conducted at the meeting are the matters set forth in the Notice of Annual Meeting and Proxy Statement dated April 25, 2024.
3. Only stockholders of record or their proxy holders may submit questions and vote at the meeting, unless the Chairperson permits an exception.
4. A live Question and Answer Session will be held prior to voting, during which we intend to answer all questions submitted during the meeting in accordance with these rules, as time permits. If you wish to submit a question during the meeting, type your question into the "Submit a Question for Management" field and click "Submit" on the "Submit Questions" section of the website www.virtualshareholdermeeting.com/MQ2024.
5. Questions from all stockholders are welcome. However, the purpose of the meeting will be observed, and we will not answer questions that are:
 - a. not pertinent to meeting matters or affairs related to Marqeta's business;
 - b. related to material non-public information of Marqeta;
 - c. related to personal grievances;
 - d. derogatory references to individuals or that are otherwise in bad taste;
 - e. repetitious of statements made by another stockholder;
 - f. related to pending or threatened litigation; or
 - g. related to personnel matters, complaints about Marqeta's products or services, or suggestions for product and service innovations.
6. Questions and answers will be grouped by topic and substantially similar questions will be grouped and answered at once.
7. The Chairperson, in his discretion, will decide which matters are appropriate for consideration at the meeting.
8. The Chairperson may, in his discretion, limit the time and extent of any discussion in response to a stockholder's question.
9. If a technical malfunction occurs or other significant problem arises that disrupts the meeting, the Chairperson may, in his discretion, either terminate discussion on the matter giving rise to the disorder, call for a vote thereon or, if appropriate, adjourn the meeting.
10. All questions raised as to the meeting's procedures will be decided by the Chairperson. The Chairperson may consult with such persons as he deems appropriate in arriving at decisions regarding conduct of the meeting.
11. The Chairperson has the authority at any time, and from time to time, during the meeting to delegate the chairpersonship of the meeting temporarily, or for the balance of the meeting, to such alternates as he deems appropriate.
12. Recording of the meeting is prohibited. A replay of the meeting will be available on our investor relations website at investors.marqeta.com following adjournment of the meeting.

13. During the course of the question session, we may make forward-looking statements regarding future events or our future financial performance that involve risks and uncertainties. We disclaim any obligation to update these forward-looking statements except as may be required by law. Such statements are only predictions, and actual events or results could differ materially from those predictions due to a number of risks and uncertainties. Please review our filings with the SEC, including our most recent Annual Report on Form 10-K, which identifies important factors that could cause actual results to differ materially from those contained in our forward-looking statements.
